AFTER STANDARD OIL

Attorneys of the Bullion State Hot After Monopolists.

BEDFORD REFUSED TO ANSWER.

Question Was, "Were You Absorbed by the Standard Oil Company?"

M. H. Rogers Wanted Secret Hearing For Himself.

NEW YORK, Jan. 6.—Shouting defiantly at the Missouri attorney general, "I advise the witness not to answer that question, and the witness will not answer it," Lawyer Howe gave a sample of what may be expected of the inquiry into the affairs of the Standard Oil company conducted by the state of Missouri at the instigation of the reform governor, Joseph Folk. The hearing opened here with E. T. Bedford, a director, in the witness chair.

When the hot personal altercation between the Missouri state representatives and the Standard Oil lawyers had calmed down Mr. Bedford flatly refused to answer the question put to him by Attorney General Hadley. It was: "Were you absorbed by the Standard Oil company?"

Another indication of the determined fight to be put up by the defendants was given before Mr. Bedford began to testify. The Standard Oil counselors took advantage of an unused section of the code of civil procedure relating to depositions taken in this state on outside matters and compelled Commissioner Sanborn to write down every word of the testimony in long hand.

H. H. Rogers suggested another delay, asking that his deposition be taken in private. Attorney General Hadley said at the recess that he would pay no attention to Mr. Rogers' request.

The hearing was begun in the offices of lawyer Henry Wolfman, who is acting as New York counselor for Attorney General Herbert S. Hadley of Missouri. Frank Hagerman of Kansas City is the attorney for the Standard Oil company. Attorney General Hadley was late, and the hearing began shortly after he arrived.

Testimony was taken before Frederick K. Sanborn, commissioner for the state of Missouri. This fight against the Standard Oil monopoly is being waged by Governor Folk under the antitrust laws of Missouri. Nominally the hearing is the result of a suit brought in the supreme court to annul the licenses of the Waters-Pierce Oil company, the Republic Oil company, the International Oil company and H. A. Williamson & Co. The attorney general asks to show that these four companies despite their assertions are in fact mere blinds for the Standard, substituting competition and restraining trade.

Representing these four companies and Standard Oil there were present at the inquiry, besides Mr. Hagerman, Alfred D. Eddy of Chicago, John D. Johnson of St. Louis, M. F. Elliott and William V. Rowe of this city.

Subpoenas were served successfully on William G. Rockefeller, son of William Rockefeller and nephew of John D. Rockefeller; H. H. Rogers, John D. Archbold and Edward T. Bedford, all directors of the Standard Oil company. John D. Rockefeller and Charles M. Pratt have missed the professional subpoena servers up to date.

Chased Convicts With Bloodhounds. ROANOKE, Va., Jan. 5.—Two negro prisoners, one already convicted of murder and the other awaiting trial for murder, broke jail at Wytheville, Va., at midnight. They were pursued by Deputy Sheriff Brown with bloodhounds. The two men were overtaken several miles from town, and one of them, George Totten, was recaptured after being shot in the arm by the officer, who was alone. The other negro, Moses Holly, got away and has not been retaken. Totten killed a negro named Hall. He was found guilty of murder and sentenced to hang Jan. 25.

Horley For Home Rule. LONDON, Jan. 6.—John Morley, secretary for India, speaking at Arbroath, Scotland, last night, said that personally he believed the only effective method of reform for Ireland would be an elective representative body which would have control of Irish affairs under the direction of the imperial parliament. However, he stood ready to cooperate in any scheme involving a less radical departure if it could be shown that such a scheme would assure the reforms needed.

Reward For Missing South American. BOSTON, Jan. 6.—A reward of \$250 has been offered here for information concerning the whereabouts of Cesare Ferreira, a student at the Massachusetts Institute of Technology, who disappeared from Boston on Nov. 7 last. The young man is the son of wealthy South American parents, and his home is in Montevideo. Ferreira was twenty years old, five feet eight inches in height and weighed 140 pounds.

Murder Over Basket of Apples. MIDDLETOWN, Conn., Jan. 6.—The grand jury sitting here returned an indictment of murder in the first degree in the case of Michael Fichel, who is accused of killing his brother-in-law, John Treipel, in Westbrook. Fichel, it is alleged, killed his brother-in-law by blowing on the head with an ax after a dispute about the ownership of a basket of apples.

Fire at Charlotte Gas Works. CHARLOTTE, N. C., Jan. 6.—Fire destroyed the main gas building of the Charlotte Consolidated Construction company, causing a loss of \$50,000 or more. The main gas tank only a few feet distant, was unharmed.

VANDALISM ON BALTIC SHORES.

Russian Troops Operating Against Rebels, Meet Great Opposition.

ST. PETERSBURG, Jan. 6.—A dispatch from Warsaw says that the Russian troops operating from Dirusk are encountering almost insuperable difficulties in suppressing the rebellious Letts, who number 80,000 and are well armed.

The revolutionists are displaying a cruelty and vandalism which are appalling. In the neighborhood of Hapsal and Merla, on the Baltic, every castle has been razed, resulting in the total loss of priceless art treasures.

No vessel is allowed to leave any port of the Baltic provinces without the permission of the revolutionists. The northern Baltic provinces are a vast ruin, the result of the havoc wrought by the terrorists.

Although the troops are now gaining the upper hand, the famous guard regiments have suffered more than one severe defeat.

In the districts of Dorpat and Pernau, in northwestern Livonia, the troops are unable to move except in heavy force. A body of cavalry which made a forced light march from Walk surprised an insurgent band at Bues, but the peasants resisted until their ranks had been torn and shattered by artillery, when they surrendered their arms and their leaders.

There is a strong concentration of insurgents in the villages of Melzukul and Lemel, farther to the westward, which must be attacked and broken up. A band of insurgents attacked General Orloff and his escort of a squadron of cavalry near Marienburg, but the attack was repulsed and the leader captured. The latter was immediately tried by drumhead court martial and shot.

APPEAL TO ROOSEVELT.

Susan B. Anthony Club Would Save Life of Mrs. Tolla.

HACKENSACK, N. J., Jan. 6.—An appeal to save Mrs. Antonette Tolla of this city from being hanged on Jan. 12 is said to have been sent to President Roosevelt by the Susan B. Anthony club of Cincinnati, O. In this appeal the following question was asked: "Can a woman be hanged in New Jersey for defending her honor in her own home?" The message is said to have been signed by Mrs. Sarah M. Steiners, M. D., as president of the club.

Mrs. Tolla, who is a young woman, shot an Italian whom she said attempted to attack her in her own home. She was living with her husband at the time. A jury found her guilty of murder.

Sheriff Mercer sent out invitations to persons who have been chosen to witness the double hanging of Mrs. Tolla and of Jerry Rossa, whose execution will take place on the same day as that of Mrs. Tolla. The sheriff said that Mrs. Tolla appears to be in a cheerful mood, but that Rossa is not so composed as she. Mrs. Tolla still entertains the hope that the United States supreme court will intervene and grant a stay of execution in her case.

MORALES REVOLT CRUSHED.

Santo Domingo Quiet Down After Battle at Puerto Plata.

WASHINGTON, Jan. 6.—Reports received at the state department indicate that the Dominican revolution is subsiding, and it is now thought that the country will soon become quiet.

At Puerto Plata the revolutionists have been materially weakened by reverses at the hands of government troops, and it is not believed there will be more fighting in that vicinity.

The death of General Rodriguez appears to have had a most pacific effect upon the rebels, and the collapse of the Morales rebellion, it is thought, will follow.

The rebel gunboat Independencia has been seen off Puerto Plata, and there was desultory firing, with the Caceros troops apparently successful. Thirty rebels were killed and sixty wounded on Caceros' side. Medical assistance is being sent from the American warship to the wounded ashore under the Red Cross flag. The death of Rodriguez was a great blow to his party. Seven American citizens have been taken aboard the Scorpion.

Bank Building Burns at Kansas City.

KANSAS CITY, Mo., Jan. 6.—The Commerce building, at Tenth and Walnut streets, a large office building containing the Bank of Commerce, was burned. The Kenble building and the Columbus Buggy company's building, north of the Commerce building, have also been destroyed, and the business center was endangered. The fire started in the Kenble building and quickly spread. The Commerce building is in ruins.

Missing Car Ferry Turns Up.

CONNELT, O., Jan. 6.—Some connection was felt here over a message received from Rondeau, Ont., about the car ferry Marquette, which was reported to be long overdue. The boat left here coal laden Wednesday night at 5 o'clock for Port Stanley, where it was due early Thursday. A telegram was received saying that the Marquette had arrived at Rondeau safely yesterday. She had been storm stayed.

Mill Fire at Panther.

BLUEFIELD, W. Va., Jan. 6.—The large dry kiln of the William Ritter Lumber company at Panther, W. Va., containing 4,000,000 feet of dressed oak and poplar lumber, was totally destroyed by fire, with a loss of \$100,000. The company's principal offices are located at Columbus, O., and it has numerous mills located throughout this state, Virginia, the Carolinas, Tennessee and Georgia.

AN OLD DERRINGER

Coroner Mix Has Been Handed Pistol by the Hillers.

SAID TO HOLD ONE EXPLODED SHELL

Allan Maxey Hiller, Under Close Guard, Though Not Arrested, Claims He Will Soon Be Proved Innocent.

NEW HAVEN, Conn., Jan. 6.—An old fashioned two barreled Derringer revolver of 22 caliber is in the possession of Coroner Mix. It was handed to him by a member of the Hiller family. One barrel was empty, and in the other was an exploded shell.

Coroner Mix took it to the gun store of John E. Bassett and asked Mr. Bassett to extract the shell with great care, so as not to mark it or alter its condition in the least. He ordered the gunmaker to maintain a rigid silence concerning the examination of the pistol.

It was a few hours after obtaining possession of the revolver that Coroner Mix ordered that Allan Maxey Hiller be kept under police guard, though not under arrest. Where the pistol was found cannot yet be learned.

Coroner Mix has announced that Hiller will be detained for an indefinite period under close guard.

State Attorney William H. Williams was called into the case by Coroner Mix, and the next step will be to ask Judge Robinson of the superior court to issue a warrant of arrest. The coroner decided that he had sufficient evidence to press a murder charge after the close of the inquest. He called upon State Attorney Williams and turned over to him all the testimony taken.

Mr. Williams will go over this testimony and then draft up a formal complaint and ask for an order of arrest. His appearance in the case carries it direct to the grand jury.

Allan Maxey Hiller, brother-in-law of the murdered man, was again brought to Coroner Mix's office. He had undergone a wonderful change overnight, and those who knew him well said his hair and beard were a shade whiter than before he was sent home under guard and virtually a prisoner.

He had not laid down a moment throughout the night. Policeman Rawley, who acted as his custodian and stood on guard at his handsome home, said he could hear Hiller walking back and forth in his room all night long.

A. Maxey Hiller, who is held by the coroner, insists that he will be able to establish an alibi when the proper time comes, but refused to make any other statement regarding the mysterious case. His counsel, E. P. Marvine, says that there will be no writ of habeas corpus for the release of his client, and he is satisfied that Mr. Hiller could have had no motive for killing Mr. Edwards.

Mr. Edwards, it is pointed out, probably was not an heir to any of the Hiller property left by Mrs. Abigail Hiller, and his death would not in any way affect Mr. Hiller.

The body of Mr. Edwards has been taken to New York. Mrs. Edwards and her two daughters left for New York on an earlier train.

Cleveland Heads Patrick Petition.

ALBANY, N. Y., Jan. 6.—Governor Higgins has received the expected petition for the exercise of executive clemency in the case of Albert T. Patrick, the New York lawyer confined in Sing Sing prison under sentence to die in the week beginning Jan. 22 upon conviction of the murder of the aged millionaire, William Marsh Rice. The petition is signed by nearly 100 well known persons, headed by ex-President Grover Cleveland, and includes lawyers, physicians and chemists, clergymen and laymen and is based upon the ground that there is reasonable doubt of his guilt. Governor Higgins said last night that he did not know when he would act upon the matter and would give no intimation of his probable action in the case.

Bell's Gift Valued at \$75,000.

WASHINGTON, Jan. 6.—As a memorial to his father, Professor Alexander Melville Bell, Dr. Alexander Graham Bell has presented to the Association For Diffusion of Knowledge to the Deaf for the benefit of the Volta bureau real estate, bonds and gifts valued at \$75,000. The bureau was established by Dr. A. M. Bell. Three generations of the family have been interested in problems of orthopedy and phonetics. The endowment will enable the bureau to proceed along much broader lines than heretofore.

Medals For Bennington Heroes.

WASHINGTON, Jan. 6.—Recognition of the extraordinary heroism displayed by the officers and crew of the United States steamer Bennington when her boilers exploded on July 31st is contained in a general order issued at the navy department by Secretary Bonaparte. Each of the eleven members of the crew has been awarded a medal of honor and a hundred dollar gratuity.

This is the Sunshine State.

TOPEKA, Kan., Jan. 6.—The Golden State Limited and the California Fast Mail on the Chicago, Rock Island and Pacific road have been blocked for fifty-eight hours in the snowdrifts on the plains around Santa Rosa, N. M. Big rotary snowplows and gangs of men have been unable to cope with the conditions.

A Call From the East.

PORTLAND, Ore., Jan. 6.—Rabbi Stephen B. Wise of Temple Beth Israel has received a call from Temple Emanuel of New York. Dr. Wise will give his answer to the call on Jan. 11.

"CHAMP CLARK DEMOCRACY."

Miscellaneous Member Delighted the House With His Speech.

WASHINGTON, Dec. 6.—"Champ Clark Democracy" was expounded to the delight and entertainment of the house for three hours by Mr. Clark (Mo.) and constituted the feature of the debate on the Philippine tariff bill. Mr. Clark's speech took a wide range, and during its progress he labeled his political beliefs as above in answer to a question as to what kind of a Democrat he really was. He talked of the Philippines and favored the pending bill. He discussed the general tariff question and in particular the German tariff situation. He reviewed W. J. Bryan's record on silver and paid his respects in characteristic oratory to Republican leaders. He ascribed future greatness to what he termed the shade stand disciples and declared that one of these, Secretary Shaw, whose record as secretary of the treasury included, he said, classifying frogs' legs as poultry and ponies as "household articles" for the collection of revenue, was a logical Republican presidential possibility unless the mantle should fall on "the gray and grizzled speaker, Uncle Joe Cannon."

The fight against the bill was opened in the interest of the beet sugar industry by Mr. Forday (Mich.).

KINGSMERE AT NEW ORLEANS.

Feature of City Park Track Won by Second Choice.

NEW ORLEANS, Jan. 6.—With pleasant weather, a good track and a good crowd at City park the sport proved very enjoyable. There were two falls in the steeplechase, Chanley, the favorite, and Sweet Janette ones. Pierce, the rider of Chanley, suffered a wrench of the back, which was not serious, while McHugh, the rider of Sweet Jane, escaped without injury.

The fourth race, the feature, was won by Kingsmere, a second choice.

Perrett was thrown by the stumbling of Bill Knight in the fifth race, but escaped uninjured. Summaries: First Race—Ben Heywood, first; Evanskill, second; Flying Charcoal, third.

Second Race—Lionel, first; Lord Hadnor, second; Redlands, third.

Third Race—Grandad, first; French Nun, second; Don Fonso, third.

Fourth Race—Kingsmere, first; Polly Prim, second; Jack Dolan, third.

Fifth Race—Monohord, first; Adare, second; April Showers, third.

Sixth Race—Alma Dufour, first; Belle Strong, second; Bazil, third.

Three Favorites at Fair Grounds.

NEW ORLEANS, Jan. 6.—Club, Guiding Star and Ruth W. were the winning favorites at the fair grounds. An unwieldy field faced the starter in the fourth race, which was marked by jostling and crowding all the way. Passing the half mile Develville Lady fell, and Peter Becker, stumbling over her, unseated Moreland, his rider. In the third race St. Cloud, the favorite, was crowded out from the start.

Masado, at 20 to 1, a Winner.

SAN FRANCISCO, Jan. 6.—At odds of 20 to 1 Masado won the fourth race at Oakland. In a hard drive Royal Rogue, the favorite, barely secured the place from Gossiper, Morcorto outclassing her by a big margin.

Elmira Beat Utica.

ELMIRA, N. Y., Jan. 6.—The Elmira Free academy team defeated the Utica Free academy team here last night at basket ball by the score of 11 to 9.

Boy Murdered For Revenge.

HONOLULU, Jan. 6.—Simon Wharton, the three-year-old son of Henry Wharton, who has been missing, has been found murdered in a cane field at Waiula, on Oahu Island. The child's legs, arms and head had been severed from the body, and the body had been mutilated. The murderer had buried the remains six inches under ground. A laborer, Samuel Johnson, who had been boarding with the parents of the child, when arrested made a confession to Sheriff Brown. He said that the motive for the crime was revenge against the boy's mother because she had refused to give him liquor.

Bare Miss French an Attorney.

FREDERICKTOWN, N. B., Jan. 6.—The supreme court of New Brunswick gave judgment declaring Miss Mabel P. French of St. John not eligible to be admitted as an attorney to practice in this province. At the hearing on the case recently one of the justices stated that he knew of no precedent in British law which would justify him in admitting a woman to the bar.

Fighting the Paper Trust.

WASHINGTON, Jan. 6.—Argument was begun here in the supreme court of the United States in the paper trust witness cases. The cases involve the right to compel witnesses to answer questions in antitrust proceedings and are very similar to the tobacco trust cases. Attorney Flanders of Milwaukee opened the case for the paper companies.

The Dewey Expedition.

WASHINGTON, Jan. 6.—Shortly before the navy department closed for the day the following message was received by wireless from Commander Howley, commanding the dry dock Dewey expedition: "Had weather, heavy winds and sea west; doing well and heading southeast; holding our own."

Senator Elect Shannon Better.

PITTSBURGH, Jan. 6.—State Senator Elect John B. Shannon of Cumberland, Md., who for three weeks has been seriously ill of pneumonia in this city, in conversation said expects to reach Annapolis on Monday.

Weather Probabilities.

Fair; west winds.

MOROCCAN DISPUTE.

American Squadron to Go to Spanish Waters.

THIS ORDER WILL PLEASE FRANCE

Our Delegates to Algiers May Hold Balance of Power—Polling of Morocco in the Disputed Point.

WASHINGTON, Jan. 6.—The announcement that an American squadron is to go to Spanish waters pending the international Moroccan conference at Algiers excites surprise and much talk among diplomats at Paris.

The visit of the squadron will please France, as it will put into the shade the German emperor's celebrated trip to Tangier. The other powers probably will send a single warship each.

The agitation in Europe over the cooling Moroccan conference and the result it may bring has spread itself to this country, and American officials are now deeply interested in the matter, whereas heretofore their interest has been but little more than casual.

The reason for this increased importance of the conference in the minds of government officers here is due to the recently developed view that the American delegation to the conference is a most potent factor at the gathering, being in a prospective position to control the situation.

It has been thoroughly believed here that the various European governments who are so deeply interested in the conference, notably France and Germany, have agreed on a program which would be adhered to rigidly.

The possibility of a split between these two governments on some of the questions involved may throw the United States into a position where its delegates with their votes will have the power to settle the issue one way or another.

In this event it is considered that the position of the United States may become embarrassing. It is feared here that a crisis such as existed between Germany and France last June, when the Moroccan situation was most acute, may again be precipitated by the conference which is to be held within a fortnight at Algiers.

The main contention of France is that she should be allowed to police Morocco. Germany desires international policing, and on this point there is likely to be a decided difference.

BRITISH SHIP BLEW UP.

Steamer Carlisle sank in Saigon River After Powder Explosion.

SAIGON, French Indo-China, Jan. 6.—The British steamer Carlisle sank in the Saigon river after an explosion on board following an explosion of powder due to spontaneous combustion. Two of her crew, an engineer and a sailor, are missing. Many persons were injured during the excitement attending the rescue of the remainder of the crew.

The Carlisle was chartered by the Russian government early last year to carry supplies from Vladivostok to Port Arthur before the surrender of that fortress, but lost her propeller and drifted to San Miguel Bay, island of Luzon, Philippine Islands, whence she was towed to Manila. She effected repairs there, arrived at Saigon in May and was detained by the French authorities on suspicion of carrying contraband of war. It was learned later that her cargo consisted of arms and ammunition valued at \$4,500,000. After the conclusion of peace the Carlisle was compelled to remain at Saigon because the Russian government refused to pay her port charges.

Victory For James B. Duke.

TRENTON, N. J., Jan. 6.—The court of errors and appeals has denied the application of Mrs. Lillian M. Duke for a stay in the divorce proceedings instituted against her by her husband, James B. Duke, pending an appeal to that court from Vice Chancellor Pitney's decision holding Mr. Duke to be a resident of New Jersey. In the divorce proceedings instituted by Mr. Duke the wife raised the question of jurisdiction, claiming that Mr. Duke was not a resident of New Jersey.

Capitalist Shot Himself.

ST. PAUL, Minn., Jan. 6.—Charles Cristadoro, capitalist, art connoisseur, forestry expert and magazine writer, shot and probably fatally wounded himself in his office in the Germania-American Bank building here. It is not yet determined whether the shooting was accidental. Mr. Cristadoro had been in poor health.

Crawford Pleaded Not Guilty.

WASHINGTON, Jan. 6.—William G. Crawford of New York appeared in court here to answer to a new indictment found against him involving the presentation to the postoffice department of alleged false vouchers for letter carriers' straps and satchels. He pleaded not guilty and was released on his own recognizance.

Our Fishing Boats Handicapped.

ST. JOHN'S, N. F., Jan. 6.—The west coast herring fishing season has virtually ended. The American vessels are badly handicapped through their inability to have their fish frozen ashore, this privilege being denied them by the treaty, and will therefore be unable to ship full cargoes.

New Lifeboat at Fire Island.

NEW YORK, Jan. 6.—A new lifeboat with screw propellers and a gasoline engine is now at the Fire Island life saving station.

Weather Probabilities.

Fair; west winds.

SATURDAY SPECIALS

Prior to our semi annual inventory it is our custom to reduce stocks. Therefore beginning Saturday, we offer greater bargains than ever in all lines.

We begin Saturday, January 6, our first genuine January clearance sale. Genuine because every line we carry is the best to be had.

Not cheap goods cheap, but best goods procurable cheap.
