### ROOSEVELT'S REPORT

Panama Canal Affairs Brought tell what the canal would cost or what Before Senate.

CREAT PROGRESS IS BEING MADE.

President Scores Scandal Mongers Both Stay-at-homes and Those on lethmus - No Graft Charges Sustained.

WASHINGTON, Jan. 9.-The senate gave its entire attention to the Panama canal, the situation in Santo Domingo and the merchant marine shipping bill.

The canal question came up in connection with a message from the president, in which, among other things, he invited the closest scrutiny into all that had been done by the government in the isthmus of Panama. Mr. Gora speech, in which he criticised the salaries paid for work in connection with a window and saw Dr. Simpson, who where the Standard Oil company of the canal and urged congressional in- shouted:

The letter of President Roosevelt transmitting to congress the annual reports of the isthmian canal commission and the Panama Railroad company is plied, "I have shot my father in law," us follows:

Fatal Weapon and Poison Bottle Found Close to Rear Door of Hiller Mansion-Blood Stained Trail Upstairs.

NEW HAVEN, Conu., Jan. 9 .- Suicide by means of both builet and poison is the explanation given by Coroner Ell Mix of the mysterious death of Charles A. Edwards of New York city at the Abigaii Hiller homestead here on Tuesday night last. This finding is contained in a preliminary report to State At- 2.68 torney Williams and is based in part on the discovery of morphine in the body of Mr. Edwards by Medical Examiner Bartlett and the surgeons who performed the autopsy. The finding is supported by some portions of the evidence taken at the inquest, which extended 4.58 through five days and which is not yet completed.

The preliminary report is made at 5.58 this time to relieve public suspense, and Coroner Mix adds that Mr. Edwards 6.38 death probably was one of the most remarkable on record. The theory of suicide, however, appears not to have been held by the coroner until Saturday, when two headquarters detectives unearthed in the shrubbery near the Hiller house an old fashioned 22 caliber revolver and a half pint bottle containing a quantity of laudanum. Until that time and in absence of a report of the qualitative analysis of the viscera of Mr. Edwards the weight of evidence taken by Mr. Mix from long and exhaustive examination of witnesses was that Mr. Edwards had been murdered.

The first action taken by Coroner Mix after reaching a conclusion in the case was to order the release from surveillance of A. Maxcy Hiller, brother-in law of Mr. Edwards, who on Thursday evening last was placed in charge of a police officer under a recently enacted law which gives the coroner the right to hold an important witness in a case as be sees fit. The coroner's brief report does not

dispel the mystery in the death of Mr. Edwards, and until the complete finding is ready probably no public solution can be found as to why Mr. Edwards at 2 o'clock on Wednesday morning last, clad in his underclothes, left his chamber and descended to the basement, lighted the gas, unbolted and opened the rear door, then twice discharged a revolver at himself, the bullet going into the ear; then, failing to kill himself, threw the weapon away, try ran for help, testified that Mrs. drank laudanum and tossed the bottle after the pistol and with blood flowing from a wound in the ear and head dragged himself back to his chamber, got into bed, drew the bedclothes over his shoulders and after placing a hand flow of blood lapsed into unconsciousof Mr. Edwards on the night in ques

Maxcy Hiller took his release from surveillance calmly, but denied himself to all callers. By advice of his counsel whatever.

The finding of the coroner has aroused even greater interest in the reports | 1.98 of the autopsy and inquest, neither of which, however, may be made public in detail. Some of the inquest evidence is understood to be startling, almost beyond belief, the coroner himself admitting this. For this reason it is not expected that State Attorney Williams will allow the evidence to be opened for publication.

Coroner Mix said that one builet went wild, being imbedded in the door, while the other made the wound. In an ordinary man this bullet would have brought on unconsciousness, but probably with Mr. Edwards it simply had a deadening effect. The hand rail on the stairs and the

starting upstairs. That Edwards had ize below. partially disrobed before going downtairs is shown by the care taken in folding up and laying aside his outer garments. Besides, according to Charles Hiller, he retired about midnight. The time of the shooting is fixed by a maidservant next door and ing 59c club, in the rear, both of whom heard in wide, pure wool, sale price 45c two pistol shots about 2 o'clock... Charles Hiller slept through this noise murder for the killing of Henry Love volver found contained two empty himself first and then took the poison. After taking the poison he threw both revolver and bottle away and pulled dose of poison would have killed a fraudulently getting \$13,000 of bank man, but in this case it is my belief that one acted with the other in caus-

ing the death of Mr. Edwards. Pastor Favors the Canteen. CHICAGO, Jan. 9 .- Rev. George D. before the Electrical club here on the of this city, which is situated close to the large military post of Fort Sheridan, published a letter in the Evening Post, in which he declares himself without reserve in favor of the re-establishment of the army cauteen
