DR. WHITE'S APPEAL

Former Russian Ambassador's Address at Cornell.

MAKE AMERICA A MODEL GOVERNMENT

"Our Own Country is Not Without Grievous Faults; Corruption, Endorsed by Love of Money, is Widespread."

ITHACA, N. Y., Jan. 12.—Speaking upon "The Prospects for Freedom in Russia" at the Founder's day celebration at Cornell university, Dr. Andrew D. White, former ambassador to Russia, made an earnest appeal to all university students to fight for democracy and to make the American republic a model government for all the world.

"Our own country," said Dr. White, "is not without great and grievous faults. The corruption that has been engendered by widespread devotion to money is known to the whole world. Fortunately we have free institutions which allow you to undermine and attack it. It is not covered up and shielded as corruption in Russia has been. Promotion and fame come here to those who expose and attack. I appeal to you students to do all in your power to fight the men and things which are a reproach to democracy and to devote your thoughts and efforts to making the American republic a model of the best possible government for all the world."

"Mr. Witte," continued Dr. White, "in my opinion is the only man who could stand any chance of carrying through a reasonable plan for a new order of things in Russia, of staying off bankruptcy and of checking civil war. On him rests the main—indeed, the only—chance for national liberty."

"He will undoubtedly at times have to do some severe things to repress not only the aspirations for freedom, with which he is evidently in sympathy, but the mixture of wild fanaticism and of recalcitancy."

"Before there is freedom there will be action and reaction. Autocracy may from time to time be restored by a soldier disguised by demagogues, as was the case with the Bourbons after the French revolution, or it may be restored by universal suffrage, as in the case of Napoleon III. after the French revolution of 1848, but such restorations of absolute despotism will be temporary."

"The old autocracy can never return as a permanency, and it is not too much to hope that progress toward liberty will be made in Russia somewhat like that in France, which after a century or more of sterile revolutions seems to have emerged into a peaceful and respected republic. A permanent republic in Russia can hardly come for centuries. The idea of strong personal centralized government is rooted in the ordinary ideas of the people, even in their religious ideas, just as the idea of republicanism and decentralized government is rooted in the ideas of every man, woman and child in the United States. We have something similar to the Russian feeling in Germany today, where the vast body of people are republicans in spirit, but who feel that the position of their country in the midst of so many strong surrounding forces demands a powerful monarchy, so that undoubtedly if the question as to the form of government were submitted in Germany today to universal suffrage there would be an overwhelming majority for monarchy with large powers."

Mr. White expressed his sympathy and good will, which in his opinion all right minded Americans ought to feel for Russia in her present crisis.

Prior's Firm Held Pledged Bonds. CLEVELAND, O., Jan. 12.—The bankers' committee which is investigating the affairs of the banking and brokerage firm of Denison, Prior & Co., which closed its doors following the suicide of L. W. Prior, a member, has made the following authorized statement: "Enough has been learned to warrant the committee in stating that the firm of Denison, Prior & Co. is solvent, but to what extent we cannot as yet say. We are also convinced that a number of municipal bonds have been forged."

Quarrels Against Sausage Makers. BRIDGEPORT, Conn., Jan. 12.—As the result of the efforts of Dairy Commissioner John E. Noble, who is conducting a crusade against certain sausage manufacturers, Charles Mueller of this city was found guilty of using benzol acid in the manufacture of sausage. Mueller was bound over to the superior court. He acknowledges his guilt, but stated that a preservative which he used and which is manufactured in the west contained the harmful acid.

Providence Wire Man Dead. PROVIDENCE, R. I., Jan. 12.—W. Madison Daily, for many years general manager of the American Telephone Wire company of this city and well known in the wire trade throughout the eastern part of the country, died suddenly here from heart failure. Mr. Daily recently organized the American Wire and Supply company of Attleboro, Mass. He was fifty-six years old.

William Oswald Dead. NEW YORK, Jan. 12.—News was received in this city of the death in London of William Oswald, son of Samuel Cunard, one of the founders of the Cunard line. He was a large stockholder and for many years a director in that company, having retired about five years ago in favor of his son, Ernest H. Oswald. He was eighty-one years old.

OUR SHIPS AT GIBRALTAR.

M. Jusserand, Dismissed Moroccan Affairs With Secretary Root.

WASHINGTON, Jan. 12.—M. Jusserand, the French ambassador, has discussed the Moroccan situation and the status of the relations of France and Venezuela with Secretary Root. Whether France has decided to use force with President Castro of Venezuela cannot be learned, although no secret is made of the fact that France has grown very impatient with the Venezuelan executive.

With regard to Morocco, it has become known that on the surface the attitudes of Germany and France, as explained to the state department, are absolutely identical, both countries standing for the open door and unrestricted commerce. This government agrees with this policy. While this is the attitude of the two powers, there is no doubt that the conference will bring out some serious differences of opinion as to the method of applying the policy of the open door. This government feels that there is really nothing in the issues which will be discussed at Algiers to warrant a war between Germany and France.

A cablegram from Gibraltar announces the arrival there of the flagship Brooklyn and the other vessels of Admiral Sigsbee's division. The squadron encountered exceedingly rough weather on the trip over, and during a gale the Brooklyn suffered some damage to her boats, which are rigged close to the side.

Vatican Will Not Take Part. ROME, Jan. 12.—The Vatican for the moment has abandoned the idea of presenting to the Moroccan conference at Algiers a proposition for religious liberty in Morocco. It fears a repetition of what happened in the Madrid conference of 1880, when a similar proposition was not approved because it was considered to be outside the business of the conference.

PLUNGE OF A PULLMAN.

Wabash Car Dropped From Elevated Track at St. Louis.

ST. LOUIS, Jan. 12.—Plunging from the Terminal elevated tracks at Carr street, the Pullman sleeping car Harcourt, attached to a Wabash train, dropped sidewise fifteen feet to the granite pavement of the levee, and six passengers on board were badly hurt.

The crash of the car as it landed on the pavement after the fall from the tracks resounded through the half dozen warehouses and factories that stand near the scene. Volunteers from among the workmen broke open the vestibule of the car and carried out the injured passengers.

The coach had just swung upon the elevated tracks when the derailment occurred. After running for a few feet along the ties the car careened to the westward and broke the wooden railing that runs along the tracks. Topping as it fell, the car landed in a triangular space bounded by the steel supports of the elevated road and the walls of buildings facing the levee.

The injured are: W. E. Miner, Roseville, N. J., kneecap broken; I. Ragnburg, New York, fell through window, head cut; Mrs. D. Purdy, Chicago, rib broken, thrown through window; J. W. Patterson, Milwaukee, left arm broken at elbow, head cut, rib broken, unable to speak; Mr. and Mrs. J. G. Pomeroy of Chicago, Mrs. Pomeroy being injured internally; Charles E. Burton of Providence, R. I., back wrenched.

Among the passengers who escaped injury were Henry Miller, general manager of the Wabash, and Vice President Allen of the Missouri, Kansas and Texas railroad.

Judgment Reserved in Hill's Trial. PHILADELPHIA, Jan. 12.—The trial of John W. Hill, former chief of the filtration bureau, which has been in progress for nearly two weeks, has practically ended. Counsel for Mr. Hill asked that the case be taken out of the hands of the jury, as the Commonwealth had failed to make out a case. Former Chief Hill was charged with forgery and falsifying records for the benefit of the contracting firm of D. J. McNichol & Co., of which former State Insurance Commissioner Israel W. Durban, local Republican leader, was a member. The arrest of Mr. Hill was made at the instigation of Mayor Weaver. Judgment was reserved.

Presented a Memento of May. WASHINGTON, Jan. 12.—Minister Gessia de Quesada of Cuba, Professor George J. McBride Stewart of George Washington university and Henry T. Donner, all members of the Greek letter society, Theta Delta Chi, presented to President Roosevelt a biography of the late secretary of state, John Hay, who was a member of the society. The biography was prepared from a fraternal point of view. The president expressed to the committee his appreciation of the gift and spoke incidentally of the distinguished character and services of Mr. Hay and of his own personal regard for him.

No New Light Yet. NEW HAVEN, Conn., Jan. 12.—There has been no new light thrown upon the Edwards tragedy, as the coroner declines to talk over the medical evidence at any length. The members of the Miller family have given details of interviews purporting to have come from them commenting on the preliminary finding of the coroner, Charles A. Hillier in particular saying that he has not discussed the case in any way.

First Time in Forty Years. BRUNSWICK, Me., Jan. 12.—The national council of the Alpha Delta Phi will be held in Portland, Me., May 3, 4 and 5 upon invitation of Bowdoin chapter and the Maine alumni. This will be the first meeting in this state for forty years.

Father of Welland Canal Dead. ST. CATHARINES, Ont., Jan. 12.—T. R. Merritt, president of the Imperial bank and a well known Canadian financier, is dead here. He was projector and builder of the Welland canal.

A SECRET MESSAGE

Hadley, in the Fight Against Standard Oil, Gets Aid.

"HE CAN TELL YOU HOW TO FIX THEM"

Letter From "A Wall Street Clerk" Advises Attorney General of Misconduct to Sumner J. J. Corhill, a Confidential Clerk.

NEW YORK, Jan. 12.—Herbert S. Hadley, attorney general of Missouri, has received the information that the nucleus of the Standard Oil company is the confidential department at 26 Broadway, of which W. E. Bemis is manager.

The discovery of the central point to which reports from the various subsidiary companies are sent has heretofore proved an insurmountable problem to Mr. Hadley, and he said his associates in the Missouri Standard Oil case, the antitrust litigation, are eagerly following up the new lines of investigation suggested by the information concerning the "confidential department," which came to Mr. Hadley in a letter signed "A Wall Street Clerk."

The letter, which was typewritten and which was sent to the Missouriian, read:

"The nucleus of the Standard Oil company of the world is the confidential department, room 1, 26 Broadway, of which W. E. Bemis is the manager. Bemis' old secretary and confidential clerk, John J. Corhill, knew all the secrets of the supposed separation of the different state companies, but reports of competitive shipments and deliveries by wagons daily were all received from W. P. O. Corhill had some disagreement with the company himself. He was made a clerk in the police department, but I believe went out with the new administration. He lives in Brooklyn, below Fort Hamilton. He could tell you enough to fix the big fellows if you can get him. You deserve every honest man's aid, and were I not in fear of my position I would come out boldly and help you."

Mr. Hadley and Assistant Attorney General Lake have located Corhill and are endeavoring to verify the information contained in the letter. Although the policy of delay adopted by the Standard Oil lawyers was at first exceedingly annoying to Attorney General Hadley, he now finds himself profiting unexpectedly as a result of the dilatory tactics of the opposing counsel through the discovery of new and important witnesses.

Mr. Hadley is in communication with Francis D. Carley, formerly a member of the Ches-Carley company of Louisville, Ky., who sold out his interest to Standard Oil men, and Mr. Carley will have an opportunity to tell his story before the commissioner. If the proceedings here had gone forward in the usual way and with customary speed, the hearing would have ended before now, and the young attorney general from Missouri would have missed the opportunity of reaching the witnesses who are now coming forward.

Mr. Carley's testimony is expected to be of unusual importance in showing the direct connection between the Waters-Pierce company and the Standard Oil company, partly through the aforementioned transaction. The Waters-Pierce company is one of the three companies directly affected by the Missouri suit.

New John the Baptist Has Arrived. NEW YORK, Jan. 12.—A report of Manuel Paris, colporteur to the American Tract society, states that in Ponce, Porto Rico, a false prophet has appeared, representing himself as the spirit of St. John the Evangelist, preaching in the villages of the district, and that a great many people follow him. At times he preaches some Bible truths; at other times the contrary. He commands people to follow him and to wear three crosses hanging from their necks so that Satan may not carry them away. In this manner a great part of the country people follow him, something like 3,000 leaving their houses and their labor. He announced a service, and there met to hear him about 10,000 people.

Long Chase After Forger. MINNEAPOLIS, Minn., Jan. 12.—After a chase which extended from Quebec, Canada, to the Dakotas, George Ernest Sisting of Nottingham, England, has been arrested here, charged with forgery and embezzlement. The complainant is William Bagley, a lace manufacturer in Nottingham. Sisting's alleged defalcations are said to amount to a large sum, but the specific charge is that of forging a check for \$225, this being sufficient to secure his extradition.

Six Landslide Victims Known. HAYVERSTRAW, N. Y., Jan. 12.—Three more bodies were recovered from the ruins of the thirteen houses which were swept away in the landslide here last Monday night. Six bodies in all have been recovered, and all were identified, as follows: Mrs. Joseph Daly, William Hughes, Wolf Provitch, David Aidenbaum, Benjamin Nelson and Abram Silverman.

Palma Will Vote the Bill. HAVANA, Jan. 12.—It is certain that if the house bill appropriating \$10,000 for the aid of the striking cigar makers in Key West should pass the senate it will certainly be vetoed by President Palma.

No Rising of San Blas Braves. WASHINGTON, Jan. 12.—Senator Obaldia, the minister from Panama to this country, has received the following cablegram from his government: "Deny uprising of San Blas Indians. Personal differences between chiefs caused circulation of report."

FREE GOLD AT MANHATTAN.

Motor Cars in Rush For New Digings—Goldfield Deserted.

GOLDFIELD, Nev., Jan. 12.—One day a mountain valley with twenty inhabitants, in a week a mining camp of 4,000 people—that is the story of Manhattan, eighty miles northeast of Goldfield. The streets of Goldfield look deserted. A low estimate places the exodus to the new fields from Goldfield alone at 2,000.

Two hundred dollars a day is being offered for autos by those anxious to reach the camp in a hurry. Hundreds of teams line the two roads to the latest camp. During the rush a crowded stage tipped over, killed the driver and slightly injured several passengers. The life at the new camp is strenuous. There is no law or order.

The tremendous surface finds have made men hysterical. Lots have jumped in price from \$25 to \$3,500. Meals are away up. A bath in a round tin tub costs \$3. Saloons are making hundreds of dollars a day and at night space is sold on the floors for sleeping.

Manhattan is a poor man's camp. The gold is free and is obtained on surface with little work. The greatest showing of free gold ever found in Nevada is credited to this camp. It is not known whether values continue to any depth, but Goldfield, Tonopah and Bullfrog have been deserted by the entire surplus mining population, who have joined in this latest gold rush across the desert.

CLEVELAND TO PERRY BELMONT

Ex-President Favors Open Statement of All Campaign Accounts.

WASHINGTON, Jan. 12.—Congressman Perry Belmont has received the following letter from former President Cleveland: "I am very late in acknowledging receipt of your article on the 'publicity of campaign receipts and expenditures' published in the North American Review. I have read it with a great deal of interest."

"I am thoroughly convinced that the time has arrived when this subject should be treated thoroughly and vigorously and with an honest intention to arrive through the means you suggest at the point where the baleful influences of political corruption shall be removed from our national life."

"While I am so situated that I cannot give time or attention to the real work of this movement, I am entirely willing that my name should appear as one of those greatly interested in its success."

NEWTON BENNINGTON.

St. Cloud and Brilliant Winning Favorites at New Orleans.

NEW ORLEANS, Jan. 12.—Another two-year-old race fell to Newton Bennington at the Fair grounds, St. Cloud, favorite, leading the youngsters in the third race. Brilliant, which shared betting honors with Firing Line, was a successful favorite. Lee Stinson, in the second race, ran into the fence, fractured his stifle and was destroyed. In the sixth race Bourke Cochran stumbled at the start and unseated Greenfield. Summaries:

First Race—Loricate, first; Paul Clifford, second; Whorler, third.

Second Race—Don't You Dare, first; Hudson, second; Hickory Corners, third.

Third Race—St. Cloud, first; Little Wanda, second; Miss Curtis, third.

Fourth Race—Colonist, first; Dolinda, second; Arbo, third.

Fifth Race—Brilliant, first; Firing Line, second; Athena, third.

Sixth Race—Eve Green, first; Brookston, second; Prince Salm Salm, third.

Three Favorites Won. NEW ORLEANS, Jan. 12.—Yachting Girl, Cascade and Tichingmoo were the winning favorites at City park. The first two won easily, but Tichingmoo was ridden out to stall of Mary Morris. St. Joseph and Grenade were victims of interference.

Buffalo Y. M. C. A. Team Won. SYRACUSE, N. Y., Jan. 12.—The Central Young Men's Christian association basketball team of Buffalo defeated the Pastime Athletic club team here last night by a score of 35 to 25.

Little Falls Won, 35 to 24. UTAICA, N. Y., Jan. 12.—In a championship basketball game at Norwich last night between the Little Falls and Norwich high school teams Little Falls won by a score of 35 to 24.

General Jimenez Out of Politics. SAN JUAN, Porto Rico, Jan. 12.—General Juan I. Jimenez, former president of Santo Domingo, who, with his family, has been residing at Ponce, interviewed there, said: "I have absolutely no interest politically in Santo Domingo and have no intention whatever of returning there. If my name has been used by my friends as a presidential possibility it is without my knowledge and is entirely unauthorized."

Pulp Mill Workers in Convulsion. BURLINGTON, Vt., Jan. 12.—Fifty delegates from various organizations of pulp, sulphite and paper mill workers of this country and Canada are assembled here for a convention of their trade. The local unions formerly were affiliated with the American Federation of Labor, but withdrew. It is proposed to form an international organization to include most of the workmen of this trade in the United States and Canada.

No Rising of San Blas Braves. WASHINGTON, Jan. 12.—Senator Obaldia, the minister from Panama to this country, has received the following cablegram from his government: "Deny uprising of San Blas Indians. Personal differences between chiefs caused circulation of report."

VICTIM OF THE "REDS"

Chief of Irkutsk Police Falls Before Rebel Assassins.

RED SUNDAY CELEBRATION OMINOUS

Cher's Army Must Reconquer Transcaucasia—Witte Says Emperor Has Not Abrogated His Autocratic Powers.

ST. PETERSBURG, Jan. 12.—A special dispatch from Irkutsk, Siberia, says that Prefect of Police Dragomiroff has been assassinated there by a member of the revolutionist party and that the murderer escaped arrest.

The demonstration of mourning planned to commemorate "red Sunday," Jan. 22, includes calling a two day general strike, beginning at noon Jan. 21. The "reds" of St. Petersburg are striving to force a conflict and a repetition of the Moscow barricade of streets and other features of the rebellion there.

The authorities, however, are ready to declare martial law at a moment's notice and scout the idea that anything serious will occur.

The complete report of Count von Venetozoff-Dashkoff, viceroy of the Caucasus, shows that the situation in Transcaucasia is much more alarming than outlined in the published statements on the subject. Portions of the report indicate that the problem presented consists practically of reconquering the whole country south of the mountains. It also contains an urgent appeal for re-enforcements.

Premier Witte at his reception of the delegation headed by the mayor of St. Petersburg which called on him to request a relaxation of the orders of the prefect of police against meetings in the interest of the electoral campaign declared emphatically that the government would not go an inch beyond the imperial manifesto in the question of transforming the national assembly into a constituent assembly for the purpose of formulating a constitution and will not tolerate any attempt to do so which would make it a revolutionary assembly and subject to dissolution by the emperor.

The premier announced that the emperor had not abrogated any of his autocratic powers and could still by an imperial manifesto broaden, abridge and even abolish the rights granted to the people.

Premier Witte said that much was expected of the Manchurian army in the restoration of order in Russia.

STRUCK A CORAL REEF.

Boston Skipper Tells of Loss of His Ship Off Cuban Coast.

BOSTON, Jan. 12.—Captain G. W. Heath of the Boston bark Shetland has reported the details of the loss of his vessel at Cape Corrientes, Cuba. The bark, which had a crew of ten men and the captain's wife as a passenger, struck on a coral reef off an uninhabited section of Cuba, and for three days the vessel pounded upon the reef, with the crew unable to reach shore on account of the high running seas.

Captain Heath charges that several vessels passed near him, but that all refused to heed his signals for assistance. On the fourth day four of the crew succeeded in reaching shore in the captain's gig and explored the country, but they found no signs of life.

Later in the day all hands embarked in two small boats and started for Cape Antonio, a distance of thirty-five miles, but after four hours out they were picked up by the Cuban schooner J. Jaime and landed at Aroyas, Cuba. The Shetland is a total loss, and the men saved few of their effects.

Jail Birds Escape at Norfolk, Va. NORFOLK, Va., Jan. 12.—Fire destroyed the Norfolk Storage and Fuel company's three story cleaning establishment, adjoining the city jail here last night. One fireman is reported killed beneath a fallen wall. All jail prisoners were marched out of the jail, and several escaped, among them Solomon Greenstein, who was being held for federal authorities on the charge of perjury. The loss will reach \$100,000. Militia has been ordered out to guard prisoners. Several were injured.

Antiforeign Sentiment in China. PEKING, Jan. 12.—Reports from the south and from the Yangtze valley region show the antiforeign sentiment to be very strong. Thus undoubtedly it is a ferment of political excitement, but the movement is directed as much against the government as against the foreigners. The ministers believe that the Chinese government is both able and determined to protect foreigners in the event of a revolution.

Jamaicans Not Afraid of Canal Zone. KINGSTON, Jamaica, Jan. 12.—Four hundred men sailed from Kingston on the steamer Tagus for Colon to seek employment in the canal zone. Each deposited \$625 with the treasury under the emigrants' protection law. Upward of 1,500 persons have left here for the isthmus since Jan. 1, notwithstanding the efforts of the governor to stop the movement.

Receiver For Empire Lifo. NEW YORK, Jan. 12.—A receiver has been appointed for the Empire Life Insurance company. It was one of the companies investigated by the legislative committee recently and was organized as a benefit concern in 1891 and reorganized as an assessment company in 1895.

Three Dead in Mine Fire. CALUMET, Mich., Jan. 12.—The Tamarack copper mine, the deepest in the world, is on fire, and three miners, it is thought, have met death half a mile below the earth's surface.

January Clearance SALE

Up to Jan. 25, inventory time, we will offer values that will not be duplicated this year. We must withdraw some of the lines already broken, but place on sale additional merchandise at money saving prices to you.
