NEW YORK "L" WRECK

Brooklyn Elevated Car Plunged Down Forty Feet.

ONE DEAD AND MANY BADLY INJURED

Car Full of Passengers Smashed Into Kidding Wood-Spike Had Been Withdrawn From Switch in Error.

NEW YORK, Jan. 20.—One man was killed and nearly a score of others were injured in a Brooklyn repetition of New York's frightful elevated accident when a Lexington avenue elevated train bound for Cypress Hills jumped the track at Crescent and Fulton streets. The second car of the three car train shot clean off the track and fell forty feet to the ground. The last car fell between the tracks and was saved from complete destruction, only the first car having been unharmed.

The list of dead and injured, so far as it can be obtained, is as follows: Simon C. Wilson, aged fifty-two, 874 Jamaica avenue, real estate, killed. The injured are: Mary Roys, Preston J. Pine, scalp wounds; Joseph A. Len, cut and bruised; Mary Tucker, head bruised; Agnes M. Hotchkiss, back injured; Mary Eggert, sister of Mrs. Hotchkiss; Myron Minken, leg and shoulder hurt; Joseph Moore, scalp wound; Edward Schmidt, cut on head and hands; Mrs. Johanna Browner, W. Drummond, Glendale, N. Y., scalp wound.

The killed and injured were all in the second car, which fell to the ground. The car itself was a shapeless wreck, and it was a wonder that anybody in it escaped alive.

Officers of the Brooklyn Rapid Transit company came along and started to burn the wrecked car. Police Captain Cullen ordered them to stop, but while his back was turned the car was fired, and, although an alarm was sent in, before an engine could arrive the wreck had been pretty well reduced to ashes.

The switch appeared to be all right according to the motorman, George W. Duryea. The first car passed the switch, keeping on the main line, but in some way the truck of the second car got caught in the switch and jumped the track. The wheels bounded along the ties for forty or fifty feet, and then the car, cut out by its own weight from the middle of the train, plunged into a vacant lot forty feet down.

The third car took the switch, across which it had been dragged in the fall of the second, turned a short distance around the spur and fell on its side between the two tracks.

The accident occurred at a double track switch leading to Rockaway Beach, which is not used in winter, the switch ordinarily being "spiked." A party of railroad officials, however, were to make a trip in a special car over this division of the road, and a switchman was sent to put the switch in order. Thinking the switch controlled by a tower, the employee, it is said, removed the spike; hence the accident.

USELESS GENERALS RETIRED.

Vide Reports Fight With Rebels at Suram Pass.

ST. PETERSBURG, Jan. 20.—The celebration of the Feast of the Epiphany, the fourth of the great festivals of the church, passed uneventfully, though as significant of the new attitude in Russia toward both church and state the churches were less crowded than is usual, and many merchants ventured to disregard the unwritten law and kept their stores open.

The ceremony at Tsarskoe-Selo lost its impressiveness by the absence of the diplomatic corps, none of the members of which was invited.

The retirement of seventeen superannuated generals of the council for national defense was gazetted, and this action will be followed shortly by the retirement of a score of inactive veterans of the Alexander committee for the relief of wounded and fifteen members of the council of the empire. This step is dictated by reasons of economy.

The three bodies under previous regimes have been regarded as resting places in which faithful servants who had outlived their usefulness could be shelved at full salary and rank instead of being retired on half pay.

A Tiflis (Transcaucasia) dispatch says that columns operating along the railway from Batum have relieved a company of infantry which for two weeks had been besieged in the station at Tsipa and have also recaptured the Suram tunnel. The main force stormed the tunnel and cleared it of two locomotives wrecked there by the revolutionists.

Two additional battalions with machine guns were dispatched to re-occupy the columns.

Old Hands Against a Strike. SCRANTON, Pa., Jan. 20.—It was reported here that the older and more conservative firemen along the Delaware, Lackawanna and Western system are beginning to declare themselves forebodingly against the strike and in two instances have resolved themselves into committees to oppose the holding of a strike no matter what the referendum vote might be.

VIOLA ALLEN MARRIED.

Weds Peter Duryea, Millionaire, Secretly at Louisville.

LOUISVILLE, Ky., Jan. 20.—Viola Allen, the actress, and Peter Duryea, millionaire, of New York and Lexington, who is now being sued for breach of promise by Miss Sarah Madden, also an actress, were secretly married in Louisville on Aug. 16 last. The ceremony was performed by the Rev. Frank W. Hardy, assistant rector of St. Andrew's church.

It was witnessed by Mrs. Sarah Allen, mother of Viola Allen, and American Wagner, Miss Allen's negro maid. The marriage is on record in the county clerk's office. The names of the contracting parties are given as P. Edward Duryea and V. Emily Allen.

The Rev. Mr. Hardy refused to say anything about the marriage. He would not disclose the identity of the principals and refused even to say that the bride is Viola Allen, explaining that he is not at liberty to make any statement whatever.

The fact of the marriage is known to Miss Madden's attorney, and it was probably due to this that Miss Madden three days ago reinstated her breach of promise suit against Duryea, which had hung fire for some time. That two persons of such prominence could have been married in Louisville and no one be the wiser until five months had passed shows how carefully the secret was guarded.

No one knew that Miss Allen was in Louisville last summer, and no mention was made in the papers of Mr. Duryea's visit. Why Louisville was selected as the place for the wedding is not known, but it was probably because Mr. Duryea was in Lexington at the time and the trip to Louisville was most convenient for both.

It was said by friends that the marriage was kept secret because of Miss Allen's professional engagements for this season. Mr. Duryea has known the actress for many years, and it is said that the marriage is the culmination of quite a romance. Miss Allen is at present playing in Syracuse, where she is appearing in "The Toast of the Town."

COMMITTEE WILL NOT JOIN.

Legislation, They Say, Will Settle Question of Primary Elections.

PHILADELPHIA, Jan. 20.—After a long conference the committee of twenty-five men invited by the Republican city committee to confer with that body on Monday to revise the rules of the Republican party in Philadelphia have decided not to participate in their proposed revision.

The members of the committee of twenty-five are prominently identified with the City party and the Lincoln party, and several of them are members of Mayor Weaver's advisory board, which the mayor created last year to assist him in carrying out municipal reform measures.

Former Postmaster General Charles Emory Smith presided at the conference. Before going into executive session other men who are leaders in the reform movement were invited to express their views on the proposition of the Republican city committee. All of them were opposed to the acceptance of the invitation. After the committee of twenty-five had decided to decline the invitation a subcommittee of seven, of which Mr. Smith was chairman, was appointed to draft a reply.

The committee in its declaration says that the Republican city committee does not come to the independents with a just title, that it is the creature of snap primaries and that what the people want is not merely a revision of the rules, but a revision of the personnel. The reply also calls attention to the fact that the legislature now in extra session will take up the question of uniform primary elections and that no revision of rules now made could become operative before the new law is passed and that any revision would be made in the dark without that guide.

Story For Typographical Union. ST. PAUL, Minn., Jan. 20.—The typographical union of St. Paul has won its first decisive victory over the Typothetae in the strike for an eight hour day and the closed shop, which was inaugurated Jan. 1. The legislature authorized the state code commission to have the codified laws of the state compiled and ready for delivery March 1. The contract for the printing was let to the Pioneer Press Printing company. On account of the strike the work was greatly delayed, and the prospects were that a special session of the legislature would have to be called to extend the time for delivery of the code. After much negotiation the Pioneer Press company surrendered, and the work was let to a strictly union firm.

Warship For Natches Mardi Gras. WASHINGTON, Jan. 20.—Senator McLaurin of Mississippi requested the president to authorize the sending of a warship to Natches, Miss., to be present on the occasion of the Mardi Gras celebration. Senator McLaurin was accompanied to the White House by United States Marshal Wilson and Attorney General Lee of Mississippi. President Roosevelt wrote a note to Secretary of the Navy Bonaparte indicating his desire that the warship be sent to Natches if possible.

Was John Kennedy of Bridgeport. PROVIDENCE, R. I., Jan. 20.—The body of the young man who was killed while riding on the roof of a freight car last Tuesday was identified as that of John Kennedy of Bridgeport, Conn. James Parkinson of Fall River was riding with Kennedy at the time, and he also was killed by striking an overhead bridge.

RUSSELL'S TURN NOW

Castro Would Treat Minister as He Did M. Taiguy.

WASHINGTON WILL NOT TOLERATE IT

Venezuela's Ruler Misjudges American Envoy's Action on Behalf of France-French Dispatches Withheld.

WASHINGTON, Jan. 20.—France has demanded an immediate apology of President Castro for what is regarded as his insulting and unwarrantable treatment of M. Taiguy, the French charge d'affaires. Three French warships are within striking distance of the Venezuelan coast, and two more, it has been reported from Paris, are on the way to West India waters.

The French admiral in command of the warships now off the Venezuelan coast is prepared to deliver the answer of France to President Castro's treatment of M. Taiguy, the French representative at Caracas, by a naval demonstration in Venezuelan waters. Until the demonstration has been initiated the French government will share only with the president and Secretary Root the knowledge of the exact form which this expression of her displeasure at President Castro's action will take.

Meantime the delicacy of the situation at Caracas is greatly increased by news which has recently reached here from the Venezuelan capital regarding the attitude President Castro now appears to be assuming toward Mr. Russell, the American minister.

Unless this attitude is radically modified it may be necessary to dispatch an American warship even nearer the Venezuelan coast than has already been planned. President Castro will be given to understand that the treatment given to M. Taiguy will not be tolerated by the Washington government.

The only cause which can be assigned here for President Castro's coolness toward Mr. Russell is that the former insists upon regarding as personal rather than official the efforts which Mr. Russell, acting under instructions from Washington, has made to assist a peaceful settlement of the Franco-Venezuelan troubles. The request of the French government that its interests in Venezuela be looked after by Mr. Russell was immediately granted for the reason that such a request is invariably granted by a friendly power, however difficult the task.

It now appears that three important dispatches containing instructions for M. Taiguy never reached him, and the supposition is that they were intercepted by the Venezuelan government. This is regarded as a very serious phase of the situation and will be thoroughly investigated by Mr. Russell.

What form the displeasure of France will take has been tentatively decided, and the details of the programme will be communicated confidentially to the Washington government. Not until President Castro has felt the form of French dissatisfaction will the world know whether a peaceful blockade is to be established or whether a custom house will be seized.

PORTO RICANS SIGHTED.

Broad Charges of Indifference of American Officials at San Juan.

WASHINGTON, Jan. 20.—Broad charges as to the indifference of American officials in Porto Rico to the wishes of Porto Ricans were made by Mayor Roberto Todd of San Juan in a hearing before the house committee on insular affairs on the proposed bill to reorganize the insular government.

Mayor Todd charged that the six American members of the executive council, who are also the heads of the departments of the insular government, do not consult the five native members of that body and do not even invite them to meetings of the council.

This body is both executive and legislative in its functions and stands in the relation of a senate to the house of delegates of Porto Rico. Under the present government organization the eleven members of this body are appointed by the president of the United States, and it is required that only five of them shall be Porto Ricans. Consequently the natives insist their representation is wholly inadequate, and they desire that they be granted a senate, to be elected by the people instead of the council.

In support of his charge that the natives in the council are ignored Mayor Todd presented letters from Rosendo Mattazo Citron, the present speaker of the house of delegates and former member of the council; J. Gomez and other former members of the council.

Proposals For Bids Discontinued.

WASHINGTON, Jan. 20.—At the session of the senate canal committee, when Major Hugh Gallagher, assistant general purchasing agent of the Panama canal commission, was heard, it developed that pig lead and Portland cement had been secured from foreign countries, although supplied by American firms at less cost than the same articles could have been obtained in the United States. On account of the great variety of materials purchased the major said the practice of sending out proposals for bids had been discontinued.

Cuban Consular Appointments.

HAVANA, Jan. 20.—The senate confirmed the nomination of Dr. Emilio Ferrer, the present charge d'affaires at Paris, as Cuban minister to France and Italy and also of twelve consuls, among them G. W. Harrah, at Detroit; Walter Foster, at Gulfport, Miss.; W. H. Franklin, at St. John's, N. F.; and D. W. Campbell, at Montreal.

OPENING OF BASEBALL.

National and American League Presidents in Conference at New York.

NEW YORK, Jan. 20.—President Harry C. Pulliam of the National Baseball league and President Ban B. Johnson of the American league were in conference here for several hours and arrived at an agreement as to the general features of the playing schedules of the two leagues during the coming season.

It was agreed that the American league season should open in the east April 14 and in the west April 17. The only playing arrangement announced by President Johnson is that the Boston American league team will open the season in New York, the two clubs then going to Boston, to open there on Lexington day.

The National league reserved the right to open its season in Brooklyn April 12, but no dates were announced for the openings in other cities.

There will be few conflicting dates in the schedules of the two major leagues, as outlined at the conference. In New York, for instance, there will be but three conflicting games, two of these being played on Labor day.

Yachting Conference Ends. LONDON, Jan. 20.—The international yachting conference ended its session, and last night the delegates were entertained by the Royal London Yacht club. The new measurement rule adopted, if it should be ratified by the countries concerned, will remain in force until 1919.

Sale Stopped to Walk. SAN FRANCISCO, Jan. 20.—Jockey Reed was suspended at Oakland for his rides on Briars in his two previous races. She had all the speed and won the fourth race at 10 to 1. Sals, the favorite, stopped to a walk and lost the place to Head Dance.

Soldiers Beat Naval Reserves. SCHENECTADY, N. Y., Jan. 20.—The basket ball team of Company E of this city defeated the naval reserves of Newport, R. I., last night in an uninteresting game by a score of 51 to 20.

Shamrocks Defeated New Yorks. NEW YORK, Jan. 20.—In an international game of hockey at St. Nicholas rink last night the Shamrocks of Montreal defeated the All New York team by a score of 4 goals to 3.

WEST BELFAST REDEEMED.

Irish Constituency Won by Joseph Devlin.

LONDON, Jan. 20.—The most interesting feature of the election returns was the capture of West Belfast by an Irish Nationalist, Joseph Devlin. Belfast has been a Unionist stronghold from time immemorial, with the exception of a few years, when the seat now by Mr. Devlin was held by Thomas Sexton.

Mr. Devlin has also been re-elected unopposed for North Kilkenny, but he will hold the Belfast seat. He toured the United States in behalf of the Irish cause in 1902.

Twelve Liberal and two Labor gains were announced as the result of recent elections. The totals now are: Liberals, 218; Unionists, 94; Irish Nationalists, 70; Laborites, 37.

Among the candidates for election are John Dillon, the distinguished Irish Nationalist, and Lord Willoughby de Eresby, who married in December last Miss Eloise Breeze of New York.

SIMPSON HELD FOR JURY.

Prisoner Took Decision Coolly, as He Had Anticipated It.

NORTHPORT, N. Y., Jan. 20.—The hearing of Dr. James W. Simpson, the New York dentist accused of the murder of his father-in-law, Bertley T. Horner, was held here, and at the conclusion of the session Justice Partridge announced that he would hold Simpson for the action of the grand jury, which meets in March. The accused man will be taken to the Riverhead jail.

Justice Partridge declared that the shotgun, which Dr. Simpson claimed he was accidentally discharged while he was cleaning it, could only have been fired through gross carelessness or on purpose. Either circumstance warranted the holding of the prisoner. Dr. Simpson was not affected by the court's decision, saying he had anticipated it.

A Chauffeurs' Club.

ALBANY, N. Y., Jan. 20.—The Professional Chauffeurs' Club of America has been incorporated. It is formed to promote and elevate the professional chauffeurs as applied exclusively to the drivers of gasoline engines and to maintain a clubhouse. The directors are Valentine Koch, Frederick W. Walsh, William B. Walter, Frederick Brevoort and Martin J. McGuire of New York city.

Governor Higgins at Sparta, Wis. SPARTA, Wis., Jan. 20.—Governor Frank Higgins of New York and Mrs. Higgins and party of eighteen have arrived here with the body of Mrs. A. R. Noble, mother of Mrs. Higgins. Mrs. Noble, who is a pioneer resident of Wisconsin, died while on a visit to her daughter at Olean, N. Y., and her body was brought home for interment.

WRIGHT FOR TOKYO

Governor of Philippines First Ambassador to Japan.

JUDGE IDE TO SUCCEED HIM AT MANILA

He Had Indicated His Desire to Leave the Island Colonies—Mikado's Government Accepts His Nomination.

WASHINGTON, Jan. 20.—Luke E. Wright, Philippines governor general, was named by the president as the first American ambassador to Japan. In accepting the new appointment Governor General Wright sacrifices \$3,000 a year in compensation. It is believed that congress will accept the recommendation of Secretary Root, that in connection with the elevation of the American legation at Tokyo to the rank of an embassy the compensation of the incumbent be raised from \$12,000 to \$17,500, but as Governor General Wright's present salary is \$20,500 he will still be suffering a considerable financial loss.

As governor general of the Philippine Islands Mr. Wright assumed office in 1903, succeeding Secretary of War Taft. Before that he had been vice governor general. He was born in Tennessee in 1847 and early won a reputation as a member of the bar. He was for eight years attorney general of his native state. He is a gold Democrat.

Mr. Wright married the daughter of Admiral Raphael Semmes of the Confederate navy. He had three sons in active service during the Spanish war. The following announcement was made at the war department: "Judge Ide, now vice governor of the Philippine Islands, has asked to be relieved from further duty on the 1st of June next, after six years of faithful and efficient service as commissioner and vice governor in these islands. The president considers that he is entitled to the dignity and honor of the governorship during that period." Upon Governor Ide's retirement General James F. Smith, now a member of the commission and former justice of the Philippine supreme court, will succeed him, and General Smith's name will be sent to the senate after the confirmation of Governor Ide."

General Wright tendered his resignation as governor general of the Philippines several months ago, indicating his desire to retire from the Philippine service by the first of the present year. President Roosevelt, Secretary Taft and Secretary Root recognized his reasons as good, and he has offered the American ambassadorship to Japan. It is understood that the Japanese government has indicated its willingness to accept General Wright as ambassador, and his appointment to the new post shortly will go to the senate.

MONEY FOR CANDY.

Allice Bender, Ten Years Old, Begged of Miss Roosevelt.

MILWAUKEE, Wis., Jan. 20.—A pathetic letter from Milwaukee asking Miss Allice Roosevelt for financial assistance was said to be the clever effort of a ten-year-old girl, Allice Bender, to get money for candy.

The child wrote that she had five brothers and sisters and that they were starving and that their home was so cold they could hardly bear to live there. She told about the efforts of her parents to provide food for the children and suggested that a little money from Miss Roosevelt and her friends would be greatly appreciated.

Miss Roosevelt's private secretary sent the letter to the Associated Charities for investigation. The only truth in the letter was the number of children in the family. The writer of the letter is the daughter of a well to do family, with a pretty home in a good residence district. The only hunger the child ever knew was for candy.

Packers Arraigned Garfield.

CHICAGO, Jan. 20.—Attorneys for the indicted meat packers arraigned the government sharply for the policy they declared it had, through Commissioner of Corporations Garfield, pursued against the packers. Attorney John S. Miller, who made the opening statement for the packers, declared that Commissioner Garfield had declared in the presence of witnesses that if he was allowed to obtain evidence from the books of the packers he would consider the evidence so gained to be the same as if it had been developed before him in a formal hearing. He declared that he would prove this by Commissioner Garfield himself if the commissioner would take the stand.

Official Charged With Embracery.

ALBANY, N. Y., Jan. 20.—Philip C. Van Allen, assessor of the town of Bethlehem and formerly an officer in the supreme court, was arraigned here to answer two indictments charging him with embracery. Van Allen pleaded not guilty to both indictments. It is alleged that he talked with two members of a jury which recently heard a negligence case against the New York Central railroad, and the indictments were founded on what he is alleged to have said to them.

Prairie Fires Do Great Damage.

KIMBALL, Neb., Jan. 20.—The prairie fire which began in the northern part of Deuel county has swept south over forty miles of prairie before being extinguished. Two ranches and twenty head of stock were destroyed and twelve other ranches damaged; loss, \$75,000. Two men were badly burned while fighting the fire near Lodge Pole, Neb., which narrowly escaped destruction.

Rebel Army Enters Quito.

QUAYAQUIL, Jan. 20.—The revolutionaries have entered Quito, the capital of Ecuador. Vice-President Baquerizo Moreno has assumed executive power and will appoint a new cabinet.
