THE VALLEY RECORD, FRIDAY, JANUARY 26, 1906.

# Are You Troubled With Eye Strain?

## Eye Strein is Not a Disrase

But arises from mechanical de-fects in the construction of the or its controlling muscles. Relief in such cases can only be had through application of suit-able glasses made to correct all existing defects. I make a special study of eyesight testing in all its branches and can assure a perfect correction wherever it exists.

## I Do Not Use Drops

Beiladonna, Atropine or other mydriatic, injurious drugs, all of them, and belonging to a past stage in the science of optics as applied to evesight testing. I make use of the latest and most improved scientific instruments for determining the possible presence of disease, and to measure accurately all errors of refraction and muscles.

## Recommend Glasses

Only when positively needed and clearly promising good results. Considering the character of the work I do my charge for a thorough examination of the eyes and glasses is moderate.
