For the past five years the high school has been known as Joliet's pride. The building cost \$175,000, the teachers were the best that high salaries could attract. and the students comprised boys and girls from the best families of the city Never before had scandal breathed on the institution.

The fall from grace came the other dar. A new brewery started in business only a block from the school, and to celebrate the opening advertised a free dinper to all visitors. Many of the high school boys went, and as beer as well as food was free a number imbibed freely. Several became so intoxicated that they were unable to go back to school and were sent home in cabs, where their shocked mothers did everything possible to prevent the escapade from becoming known in the neighborhood. Two youths who managed to make their way back to school later succumbed to the effects of the beverage and fell to the floor. Others, less seriously affected,

The father of one of the boys seized a revolver and started for the brewery to kill the man responsible for the distribution of the beer. > The man who wills to do the will of God will give religion the attention through making intellectual difficul ties stumbling-blocks, a score are lost because of sheer neglect of religion. The man who wills to do the will of God will not let a wicked life darken his mind and unfavorably influence his creed. Some one may ob life, and not his life affects his creed. Error in life will inevitably be followed by evil thinking. If I determine to pursue a certain course of conduct. I will be led to attempt to twist all things so that they will harmonize with my course, both to justify myself to myself and to others. There are far more heart difficulties than head difficulties. Hear our Saviour: "And this is the condemnation, that light is that event. come into the world, and men loved darkness rather than light, because their deeds were evil. For everyone that doeth evil hateth the light, neither cometh to the light lest his deeds should be reproved. But he that doeth truth cometh to the light, that his deeds may be made manifest that they are wrought in God." Or, again, "How can ye believe, ye that seek honor one of another?" The only way to retain truth is to love it and obey it, as will be seen from the following: "And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient." "If therefore thine eye be single, thy whole body shall be full of light. But if thine eye be evil, thy whole body shall be full of darkness."

A false creed will be the outcome of a vicious life He who wills to do the will of God will not, by clinging to some sin, in a body. make it impossible for God to grant him pardon and peace and purity "Let the wicked forsake his way and the unrighteous man his thoughts; and let him return unto the Lord and He will have mercy upon him, and to our God, for He will abundantly "If we regard intquity in our hearts, the Lord will not hear us." -Rev.
