PASS DEFENSE BILL

Congress Grants \$4,000,000 For Colonial Fortifications.

DEWEY FAVORS SUBIG BAY DEPOT.

WASHINGTON, Feb. 15.—Incident to the passage of the fortifications appropriation bill by the house a lively debate was kept up throughout involving the difference between the Republican and Democratic policy with reference to the Philippines and also the difference between army and navy officers as to the place where a naval station and fortifications shall be established in the archipelago.

The debate availed nothing so far as the legislation was concerned, as the two amendments to the proposition—first, not to appropriate anything for fortifications in the Philippines, and, second, to forbid the expenditure of any money at Subig bay—were defeated.

The minority took some pains to make plain the position of Mr. Bryan in his campaign for the ratification of the Paris treaty of peace, that Mr. Bryan wanted first to acquire the Philippines and then give their inhabitants freedom. This was accomplished finally by having placed in the record a letter written by Mr. Bryan some time ago on the subject.

As to the question of the location of a naval station, army experts were quoted liberally against having it at Subig bay and naval authorities were put on record in favor of a station at that place. It was pointed out that wherever the navy went with its station there the army would have to go with its fortifications.

Mr. Foss placed in the record a letter from Admiral Dewey favoring the location of a naval station on Subig bay.

The bill does not specify where these defenses shall be located, but appropriates \$4,000,000 to be divided between the Philippines and Hawaii. The bill carries a total of \$4,383,963 for fortifications and their armament. It passed exactly as reported by the committee. Mr. Smith (Pa.) strongly objected that this country should ever be driven from the Philippines by a foreign nation, as was Spain, because of the lack of proper defense.

This aroused Mr. Williams, the minority leader, to action. The proper defense there was adequate naval power and not land fortifications. If by the lack of fortifications this country could run a chance of losing "the blessed archipelago" he would be pleased. At this point Mr. Sibley (Pa.) asked the speaker to reflect that it was "the great Democratic leader" whose influence had fastened the Philippines on the United States.

"That is one of those awkward questions," began Mr. Williams in reply, and the Republicans laughed. He continued by expressing his admiration and personal affection for Mr. Bryan and then said, "He made the great mistake of his life when he did not leave you people free to do what you wanted to."

"But," he declared, "you cannot escape from your party responsibility." A general post mortem on the inauguration of the Philippine policy and incidentally regarding the many political beliefs charged to Mr. Sibley (Pa.) resulted when Mr. Sibley took the floor following Mr. Williams.

The answer to the question put by the late President McKinley, "Will you haul the flag down?" he declared to be now "up to the Democratic party" as much as ever.

"I'll tell you," replied Mr. Williams. "The American people, who ran it up, will haul it down."

Mr. Sibley referred to a telegram and letter he had received from Mr. Bryan urging Mr. Sibley to use his influence for the ratification of the peace treaty. He had not done this. A half dozen Democratic members were on their feet to have Mr. Sibley testify that the object of Mr. Bryan was to take the Philippines and then release them.

Mr. Sibley refused to commit himself. In depicting the good that had been done in the islands by the introduction of the Bible, the school and civilization Mr. Sibley was accused of taking God into partnership with the Republican party. When this was not the case, he retorted, it was time for the party to go out of business.

John A. McCall in State of Coma.
LAKEWOOD, N. J., Feb. 15.—Relapsing into a state of coma, John A. McCall, former president of the New York Life Insurance company, was unable to recognize members of his family gathered at his bedside at Laurel House. John C. McCall had relieved his mother, who had spent the night in attendance on her husband, but the sick man did not recognize his son or make answer to his questions.

DEADLOCK AT ALGERIRAS.

Ambassador White Working For Private Agreement.

ALGERIRAS, Spain, Feb. 15.—Repeated conversations between the French and German delegates to the Moroccan conference have not resulted in any perceptible progress toward a solution, each side showing much firmness. The American delegates, while optimistic, admit that the prolonged inability of the French and Germans to reach an agreement renders the situation increasingly difficult each day.

Ambassador White, head of the American mission, has throughout played the chief role in bringing the French and German delegates into confidential

AMBASSADOR HENRY WHITE.

communication, his idea being to thus secure a private understanding before the issues are presented in open conference. However, if this private understanding is not successful Mr. White still hopes that the open conference may find a solution. He and the Marquis Visconti Venosta, head of the Italian mission, and others have discussed numerous tentative plans.

ON CUBAN BATTLEFIELDS.

American Officers at Unveiling of Monument at El Caney.

SANTIAGO, Cuba, Feb. 15.—Cuban gratitude, American cordiality and official dignity marked the celebration of the unveiling of the monument at El Caney in honor of the Americans who lost their lives during the siege of Santiago.

The American officers enthusiastically praise Governor Ferrer, Mayor Bardal and the Cuban military officers and citizens for their hearty reception. Many thousands of people crowded the El Caney road, which is very like a city boulevard. At the battlefield the Fifth artillery and the Cuban artillery bands alternated in playing military and other airs.

Lieutenant General S. B. M. Young, representing President Roosevelt, in a dignified speech greeted the Cuban officials and people. General Andrade, representing President Palma, responded eloquently, expressed the national gratitude to the United States and the desire of Cuba to co-operate with the United States in every respect. He said in an emergency America can depend upon Cuba as a military or a commercial ally.

Rear Admiral Higginson, Brigadier General W. H. Bibebe, Brigadier General A. L. Mills, Captain H. C. Clark and Colonel A. C. Sharpe, Americans, and General Garcia Velez, Cuban, made patriotic speeches. Both the Cuban and the United States artillery fired a salute, and Colonel Webb C. Hayes unveiled the monument amid great enthusiasm. Lieutenant General Chaffee, who presided, spoke eloquently of the achievements of the army and complimented Cuba upon her efficient government.

Governor of Alaska Resigns.
WASHINGTON, Feb. 15.—President Roosevelt has received and accepted the resignation of John G. Brady as governor of Alaska. The resignation was handed to the president on behalf of Governor Brady by Judge Peete of New York. It is known that the president has in mind a man for the office, and it is not unlikely that the appointment will go to Lieutenant D. H. Jarvis, formerly an officer of the revenue cutter service, who conducted a relief expedition several years ago to a party of whalers at Point Barrow. He is now the general manager of a large salmon canning company on the north Pacific coast.

Was Plastered With Greenbacks.
NEW HAVEN, Conn., Feb. 15.—The New Haven police have a warrant out for the arrest of Edward F. Quigley on the charge of backing the policy game here. When the detectives searched Quigley's house nearly \$25,000 in cash was found in several rooms, one of the searchers stating that the place was literally "plastered with greenbacks." It was intended to arrest him, but Quigley and the money had gone when the police visited the house. Three arrests were made in connection with the crusade against the policy players.

The Missing Frying Pan Lightship.
WILMINGTON, Del., Feb. 15.—The United States revenue cutter Seminole and the steamer Compton came in last night from a fruitless search all day for the Frying Pan shoals lightship, which was torn adrift from her moorings in Monday night's storm. The Seminole went to the lightship station, but she was nowhere in sight.

W. C. Albers at New York.
NEW YORK, Feb. 15.—W. C. Albers, the American who was imprisoned in Nicaragua charged with instigating President Zelaya and who was recently pardoned, has arrived here on the steamer Panama from Colon.

SHOULD WARN CHINA

Riots Feared by Ex-Minister Conger in Flowery Land.

WILL ENDANGER ALL FOREIGNERS.

Americans in Outlying Districts of Rebellion Zone Are Unable to Attack Where They Cannot Get Aid.

LOS ANGELES, Cal., Feb. 15.—Edward M. Conger, for many years United States minister to China, who is at Pasadena, is quoted in an interview on the present anti-foreign agitation in China as follows:

"The United States should warn China against a repetition of the terrible riots of a few years ago."

"A show of warships should be made to impress upon the government that the troubles will not be tolerated."

"I am satisfied that serious trouble will come, but do not expect that it will be directed especially against the United States. It will be against the reigning Manchurian dynasty."

"The Manchurians are insignificant in numbers, and the present uprising is for the purpose of establishing a new dynasty, not to oust foreigners," continued Mr. Conger. "The most violent disturbances will be in the southern provinces and will endanger all foreign interests."

"Americans within the zone of the rebellion are liable to be hurt before they can get out, and that is why the United States should let China know that it will not tolerate for an instant anything inimical to the interests of its citizens."

"If only the Chinese can be impressed that we are on the alert and that we mean business our interests will be secure."

"If China is permitted to think that it can ignore our interests something terrible will happen."

"The trouble now will be a great struggle within the empire, a battle of popular majority against the dynastic minority. It has been brewing for many years and has now apparently reached a climax."

"I believe the boycott on American goods is now beginning to operate against the Chinese themselves. Chinese merchants long before this boycott was instituted stocked their establishments with goods from the United States. When the boycott was declared these merchants could not or dared not sell their goods."

"We learned a lesson in 1900, and China learned one too. Our experience should compel us and will to take precaution."

"In the future it would be the part of wisdom to have our warships and troops ready if only for the purpose of letting China know that we are watching her."

President Declines Two Invitations.
WASHINGTON, Feb. 15.—President Roosevelt received two invitations, both of which he was obliged to decline. Representative Taylor of Ohio and H. M. Daugherty of Columbus asked the president to attend the ceremony next May incident to the dedication of a memorial arch to the late President McKinley to be erected in front of the statehouse in Columbus. Representative Pearre of Maryland headed a delegation from Allegheny county, Md., which extended an invitation to visit the Allegheny Grove Association Chautauque next summer. The president expressed regret that he would be unable to accept either invitation.

L. Dean Holden Dead at Cleveland.
CLEVELAND, O., Feb. 15.—L. Dean Holden, son of L. E. Holden, principal owner of the Cleveland Plain Dealer, died last night after an illness of several weeks. Mr. Holden was about thirty-five years old. He was vice president of the Plain Dealer Publishing company, treasurer of the Hollenden Hotel company and president of the Cleveland-Sarnia Lumber company, which has offices in this city and extensive sawmills at Sarnia, Canada. He was recently operated on for appendicitis, and following the operation typhoid fever developed.

Ohio's Plan for Niagara Falls.
COLUMBUS, O., Feb. 15.—The house has adopted the senate joint resolution memorializing the president of the United States to negotiate a treaty with Great Britain for the preservation of Niagara falls. The resolution will be forwarded to Washington as soon as it is engrossed. The house has passed a bill making hearing in public and private schools and colleges a misdemeanor, punishable by a fine not exceeding \$200 or imprisonment in jail not exceeding six months, or both.

Murderer Shot From Ambush.
BRISTOL, Vt., Feb. 15.—Mack Minor, a well known citizen of Scott county, Va., was found dead near Clinchport, Va., with a bullet hole through his head. The body had apparently been dragged some distance and thrown into a ditch near the roadside. Minor went to a store and procured some cartridges. Shots were heard later. The evidence indicates he was fired upon from the roadside.

A ROOSEVELT CUP.

Imperial Yacht Club of Germany to Compete at Marblehead, Mass.

BOSTON, Feb. 15.—The officers of the Eastern Yacht club have received a cable message from Admiral Barandon, chairman of the racing committee of the Imperial Yacht club of Germany, announcing that arrangements for international races off Marblehead, Mass., in September next had been practically completed by the Germans. The races, which will be sailed under the joint auspices of the Eastern Yacht club and the German club, will be for small sloops. The Germans will send over boats to compete for a cup, and the American yachts will be the defenders.

The cup is to be offered by the Eastern Yacht club and will be known as the Roosevelt cup, President Roosevelt having agreed to stand as its sponsor.

In the message from Admiral Barandon it was also announced that the German emperor had offered a cup to be sailed for in a series of return races at Kiel in 1907.

The defending yachts at the Marblehead races will not be limited to craft owned by members of the Eastern Yacht club. Invitations will be issued to the various yacht clubs along the Atlantic coast and the great lakes requesting that the best yachts enter in elimination races to be sailed off Marblehead in August. The best making the best showing at the August races will be selected to defend the Roosevelt cup.

Captain Hobbingshaw, naval attaché at the German embassy at Washington, has been particularly active in arranging the details of the races.

New Athletic Rules at Pennsylvania.
PHILADELPHIA, Feb. 15.—The committee on athletics of the University of Pennsylvania has abolished its old athletic eligibility code and adopted a short and simple one, the main provision of which is a rule forbidding freshmen of any department to compete in athletics until they have completed one academic year of satisfactory work in a satisfactory manner. Pennsylvania is the only university in the country which insists on this rule, although it is under consideration by Yale, Harvard and Princeton.

C. L. Becker Led Golf Field.
PINEHURST, N. C., Feb. 15.—C. L. Becker of the Woodland Golf club, Auburndale, led the field in the qualification round of the second annual St. Valentine's tournament, winning the golf medal offered with a card of 82 by the margin of a single stroke from W. G. Thomas of the Glen Ridge (N. J.) club. A hundred players started, ninety-one turning in cards. Perfect golfing conditions prevailed.

Beechwood and Flavigny.
NEW ORLEANS, Feb. 15.—The heavy track at the Fair grounds reduced the size of the fields materially and told against the public choice. Balesh and Van Ness were the only winning favorites. Beechwood, winner of the last race, shared the honors of favoritism with Flavigny.

Deutschland at Oakland.
SAN FRANCISCO, Feb. 15.—Deutschland won all the way in the \$1,000 St. Valentine handicap at Oakland. Banock Belle ran a consistent race, closed a big gap and took the place in a spectacular stretch run. Invictus, at 15 to 1, was given an excellent ride in the third event and won by a head in a hard drive.

A. Muskhoday at Ascot.
LOS ANGELES, Cal., Feb. 15.—A. Muskhoday took the midweek Free handicap for the third successive time at Ascot, beating a good field. Four favorites won.

The embroidery consists of a piece of silk of about eight feet square. Its left corner shows the background of heavy gold thread, but the greater part of the piece is unbordered with chrysanthemum done in white silk on gold. Secretary and Mrs. Bonaparte have sent as a wedding gift a very handsome piece de millieu of reponse silver.

AFTER EMPIRE LIFE

New York Insurance Offices Stormed by Women.

WANTED THEIR PREMIUM MONEY BACK

Defunct Concern, in Hands of Receiver, Said to Have Assets of \$3,000 and Obligations of Several Millions.

NEW YORK, Feb. 15.—Two hundred women, many of them from out of the city and one of them from Illinois, stormed the offices of the Empire Life Insurance company here and later the office of District Attorney Jerome and demanded that something be done in regard to the policies which they have been carrying for years.

Recently a circular was sent out saying the policy holders of the Empire Life would be considered acceptable risks in the Temperance Benevolent association, which has offices in the same building as the Empire. This report was premature.

On Jan. 12 Attorney General Mayer forced the Empire Life into the hands of a receiver. It was found that there was cash on hand something in excess of \$3,000, and there were outstanding obligations amounting to several millions of dollars in policies.

The gathering, finding there was no one in the Empire Life offices, made a descent upon the receiver, George Brown of Nassau street. Mr. Brown was helpless and told them so. After seeing a few of them he gave orders to the elevator men that no more were to be brought to his office.

Most of the women then marched to the office of District Attorney Jerome. He was not in, and they were met by Assistant District Attorney Loakwood. One woman said she had paid in \$455 in premiums upon a policy of \$1,000.

Mrs. Rose A. Donnelly, who did most of the talking, said she came from Simsbury, Conn., and had paid in \$565 on a policy of \$1,000.

They were advised to see the United States authorities.

TO SUE FOR \$148,702.50.
NEW YORK, Feb. 15.—Steps will be taken immediately by the New York Life Insurance company if the recommendations of its house cleaning committee in a supplementary report made to the board of trustees are carried out to recover from the former officers of the company \$148,702.50 contributed by them to the president, John A. McCall, to the national Republican campaign committee for the campaign of the late President McKinley and Theodore Roosevelt.

The report of the committee is signed by Messrs. T. P. Fowler, Norman B. Ream, Augustus G. Paine, Hiram H. Steele and Clarence H. Mackay. After calling attention to the contributions which President McCall testified had been made on his sole authorization as president the report says:

"It follows, therefore, that these contributions were not legally justified and that such measures as are available should be taken for their recovery, and your committee emphatically commends the resolution unanimously adopted by the board for prohibiting contributions from the funds of the company for any political purposes hereafter."

"Your committee therefore recommends that special counsel be retained forthwith to institute such legal proceedings as may be necessary to recover the sums so contributed from the company's officers and trustees of the company as in their judgment are liable therefor."

Duvall to Be Brigadier General.
WASHINGTON, Feb. 15.—President Roosevelt has decided to promote Major William P.
