**OLD RESIDENT DEAD**

Mrs. Sarah Osborn of Shores Hill, and one of the oldest residents of Bradford county, died at Binghamton yesterday, after a long illness. The remains will be brought to this county for burial.

**THE YARD STICK  
CANNOT TELL A LIE**

Daily Record Contains Twice as Much Reading Matter as Any Other Paper Published in the Valley

Just paste this in your hat or in any other convenient place where you can look at it several times a day. Yesterday's Daily Record contained by actual measurement 33 feet and 4 inches of live, carefully selected and well written reading matter, or over twice as many feet of reading matter as was contained in any other paper published in the valley, or for that matter in this section of Northern Pennsylvania. This is not a wild statement, manufactured for the purpose of buncoing the public, but is the result of measurements made with the yard stick, and the yard stick has not yet acquired the habit of making statements without any regard as to their truth. The amount and quality of the news matter found each day in the Valley Record accounts for the several hundred new subscribers which have been added to its large subscription list within the past four weeks. Again we urge you to either paste this in your hat or indelibly stamp it on the tablets of your memory.

**DAVID GARRICK**

Every one who is a lover of all that is beautiful and refined in the way of theatrical performance should make special effort to witness the presentation of the great romantic English comedy, David Garrick, by the eminent romantic actor, Clifton Mallory, supported by a competent company. The play is staged with all the wealth of splendid scenic equipment and magnificent costuming. Mr. Mallory is an actor of sterling worth and ripe experience and gives a splendid portrayal of the leading role. His clear resonant voice, charming manner and splendid stage presence enable him to make the leading character as nearly perfect as it has ever been made by any actor of this age. At the Loomis February 21 and 22. Matinee on the 22d.

**MAUD HAYNES MYSTERY**

In connection with Maude Haynes, whose mysterious disappearance from her home in Susquehanna several weeks ago has been chronicled by the press from one end of the country to the other, is a presentment by Mrs. Bullock, a lady residing in Susquehanna, that the girl had been murdered and that the remains had been cut up and placed in a well. Yesterday morning after a careful investigation of the well no trace of the missing girl was found, and the case is enshrouded in as much mystery as ever.

**EXCELLENT PERFORMANCE**

The Parish Priest, with Graham Earl in the title role, was given an excellent interpretation by the Chicago Stock company at the Loomis last night. Mr. Earl's work is said by many to be at least the equal if not the superior of Daniel Sully, who made the part famous. The entire production was most admirably handled and gave the best of satisfaction. This evening "The Suburban," a melo-drama, constructed around scenes connected with the race track, will be the bill.

**COLD WAVE**

A severe cold wave has risen in the Northwest and is gradually spreading itself out over the entire country. It reached Sayre yesterday afternoon and this morning the thermometer has fallen several degrees. The present weather, according to the weather bureau will continue for a few days.

**COMMITTEE WORKING  
ON TOWN HALL PLANS**

Several Sets Have Been Received From Leading Architects and The Committee Is Busy Looking Them Over

Recently several leading architects have submitted preliminary plans for a new town hall in Sayre borough, and the committee appointed by the borough council to take charge of the matter has been very busy the past few days considering the matter. The members of the committee are earnestly striving for a town building that will be in every way serviceable, and the cost of which will be at the lowest possible notch. While it is the intention of the committee to cut close corners, yet it is intended to provide a hall which will be a credit to Sayre, and which will also give strangers a good impression. It is not probable that the committee will be able to report at the meeting of the council on Monday evening next as there is a great deal of work necessary in connection with the plans, and Chairman West states that the committee does not feel like making a report until after the matter has been thoroughly studied.

**A FORTUNE FOR YOU**

Party owning copyright on a book that can be printed anywhere at trifling expense, offers same for sale to cash buyer for a comparatively insignificant sum. When this publication was issued 540 copies out of the first 1,000 were sold in one month from the publicity afforded by a single review of the work that appeared in a news paper at Washington, D. C. Sells on sight to every sportsman at \$1 per. The reason for its being offered for sale is that the owner needs money in a hurry. Address all inquiries to Blue Stack, care of The Valley Record. 236 2

**IMBIBED TOO FREELY**

An unfortunate man whose name could not be ascertained on account of his helpless condition, was consigned to the lockup this forenoon shortly before 12 o'clock, he having fallen under the influence of pay day hilarity and imbibed too freely of the liquid that paints images upon the brain. The man was discovered lying in the street by two citizens, who called an officer and the latter took him to the lockup. When the effects of the whiskey he drank has disappeared he will be given a hearing on the charge of public intoxication.

**HELD FOR EXTRADITION**

Howard Ferris, charged by the Lehigh Valley railroad company with the larceny of a quantity of copper and several headlight reflectors, was committed to the county jail at Owego by Police Justice Hoagland at Waverly, yesterday. Ferris will be detained at Owego for 30 days, during which time requisition papers will be prepared and he will be brought back to Sayre for a hearing.

**VALUE OF POLICE**

Few people are aware that the value of police officials consists as much, if not more, in the moral effect of their presence upon the disorderly elements as in any detection and punishment of crime. The show of force, the mere display of the uniform, counts for a great deal in preserving the public order and peace.

**RAIL FELL ON FOOT**

Thomas Belondi, a Hungarian track hand, was at the hospital today suffering from a severe contusion of the right great toe, a rail having fallen on the member, crushing it badly.

Subscribe for The Record.

**WILLIAM WALLACE  
TAKEN TO DANVILLE**

Unfortunate Sayre Citizen Transferred to State Hospital This Morning

Yesterday afternoon County Commissioner M. J. McNulty came to Sayre and while here made arrangements to take William Wallace to Danville. Mr. Wallace, who is an ex-member of the borough council, has been acting queerly for some time, and last week a commission, consisting of Dr. LaPlant, I. N. Evans and A. B. Shearer, met and adjudged the man to be of unsound mind.

This morning T. P. Maney took Mr. Wallace to Towanda, from which place one of the county commissioners will transfer him to the hospital for the insane at Danville.

**New Kind of Peat**

Osmon is the new peat success. It is manufactured in Switzerland. The peat is dried under the influence of the electric current and then further treated so that under the action of electric osmose a new compound is formed. Recent tests indicate that it burns as well as coal, without giving off odor or smoke. The percentage of ash is said to be slight and no trace of sulphur is found in the fuel. It is said to be free from all corrosive influences on the boilers and furnaces in which it is burned.

**Dog Buys License**

At police headquarters, Paterson, N. J., recently a coach dog walked up to the license clerk, wagging his tail and holding in his mouth a \$2 bill, the license fee. The policeman took the money and spoke to the dog, which wagged his tail more than ever. Soon after that a young man appeared, and explained that the dog was the property of a feed merchant. The license was inclosed in an envelope and placed in the dog's mouth. The animal then left for his home.

**The Tale of Bluebeard**

The well-known Bluebeard tale is of French origin. Chevalier Raoul, or "Bluebeard," represents the historic original of Gilles de Laval, lord of Rais, who was made chieftain of France in 1429. He fought bravely for his country when invaded by the English, but his barbarous cruelty overshadows all his bravery.

**Not Pleased with the Depot**

Any person wishing something in the way of a souvenir could find nothing better than the Anderson depot. But we understand that Jerry Smith contemplates buying it to be used as a poultry shipping coop. It would make a good hencoop if it was a little higher, so that the fowls could stand up.—Anderson (Mo.) Argus.

**The Cuckoo**

Natural history always interests children, who usually recall explanations of the phenomena in their own way. An account of the habits of the cuckoo, for instance, was apparently absorbed at the time, but was reproduced thus a few days later: "The cuckoo! Oh, that's the bird that doesn't lay its own eggs."

**Whites Brought Disease**

It is true that 60 per cent. of the deaths among the Sioux and Yankton Indians now are from tuberculosis, but it is also true that 50 years ago tuberculosis was unknown among the Indians, and has fastened upon them only since the coming of the white man to Dakota.
