WHEN YOU Drink a glass of Stegmaier's STOCK LAGER
You are not drinking a colored beer, but beer that gets its color from the best of high dried Caramelized Malt used in brewing it.

DUNNE'S AID QUITS
Chicago Official Gives Unique Reasons For Resigning.
IS OUT FLATFOOTED AS SOCIALIST
Would Like to Make Laws For the Ordinary Young Man of Today. Wealth Should Be More Equally Divided.

"Money is power and dominion. It is wise and women and song. It is idleness or activity. No one possesses, but it possesses everybody. In life money means everything and therefore anybody will do anything to get it."

Mr. Patterson came out flatfooted as a socialist, indicating that he feels that the culmination of the Socialistic idea is the only true solution of economic problems.

He related the process by which he had arrived at his decision, spoke of conditions in Chicago so far as they affected his department and maintained that government ownership of public and of private enterprises so far as they affect the welfare of the masses should obtain.

Mr. Patterson said that some time ago a club was formed in the Twenty-fifth ward of Chicago to discuss economic, but that it died six months afterward. This was followed by an organization to discuss matters relative to capital and labor, and rules were made preventing membership except when applicants were unanimously elected.

PHILIPPINE BILL KILLED.
Senate Committee Refuses to Report Colonial Tariff Measure.
WASHINGTON, March 3.—The senate committee on the Philippines has refused to report the Philippine tariff bill.

The administration's Philippine bill was introduced in the house by Representative Pryn, chairman of the house ways and means committee, and was favored by Secretary of War Taft, governor of the islands.

The purpose of the bill, which was passed by the house on Jan. 16 by a vote of 158 to 71, was to give the islands a market for their products, all of which were to be admitted free of duty, with the exception of sugar, tobacco and rice.

American products under the bill going into the Philippines were to be admitted free of duty after 1906, with the exception of sugar and tobacco, which were to be admitted free from the time of the passage of the bill.

Probably the best news of the week was the prompt response to President Roosevelt's pacific letter to the contesting coal interests. A meeting has been arranged for March 19, at which it is believed concessions will be made on both sides.

Liquidation continued in the grain markets, wheat reaching the lowest point of the season, and the minor cereals were more or less sympathetic.

Commercial failures in February were only 908 in number against 1,013 last year, but liabilities increased from \$9,780,370 to \$10,959,619 owing to a few large brokerage defaults.

FLED FROM RUSSIA
Two Thousand Refugees Seek Safety in United States.
SPIEDEL FORCED TO SERVE CZAR.

American Citizen Visiting Wollenski, Drafted by Cossacks into Army, Escaped into Austria by Brisk Frontier Guard.
NEW YORK, March 3.—Fleeing from their native country to escape massacre at the hands of government troops, 2,000 refugees from Russia arrived in New York as stow-away passengers on the Hamburg-American liner Pennsylvania.

The immigrants, attired in their native costumes, presented a picturesque appearance as they lined up at quarantine to undergo the required examination at the hands of the federal authorities.

"I had hardly been in my mother's home in Wollenski two days," said Spiezel aboard the ship, "when a squad of Cossacks came to the house and told me that I was drafted for the army. I did not show my citizenship papers, as I feared that, like other American Jews who have returned home for a visit, I would be thrown into jail in spite of them. So I went into the army."

"My clothes were taken away from me, and I was given a uniform. I served until December, when on a snowy night while my company was on the march from Wollenski to Zaslaf I escaped and made my way back through the storm to my mother's house.

Another passenger on the Pennsylvania was Baron von Karff, said to be one of the wealthiest of Russia's noblemen. He comes here to study American engineering methods.

WASHINGTON BENCH SHOW.
Prize of the Exhibition Went to the Rowley Kennels.
WASHINGTON, March 3.—The judges in the first annual dog show of the Washington Kennel club have finished their work here and have awarded the special gold prize offered by John F. Wilkins of Washington for the exhibitor making the largest number of entries of dogs owned by the exhibitor to the Rowley kennels.

CYCLONE AND FIRE
Storm at Meridian Demolishes Whole Streets.
ONE HUNDRED AND FIFTY DEAD.

Merriam's Struck City Near Mobile and Ohio Crossing and Swept Path Through the Entire Center of It.
MERIDIAN, Miss., March 3.—A cyclone, accompanied by heavy rain, struck this city last night, the storm center being in the southern portion of the city, and was particularly heavy along Front street, one of the principal business streets of the town.

Nearly every house on Front street is reported to have been demolished. The Armour packing plant is the only building left standing, and the roof of this is gone.

The cyclone did severe damage at other points adjacent to Meridian, and all trains entering Meridian are delayed indefinitely. The Western Union Telegraph company has fifteen miles of poles and wires down, and the Postal Telegraph company also suffered great damage.

The wires are down between Atlanta, Birmingham, Memphis and other points, and it is impossible to secure communication with those points.

The Alabama Great Southern dispatcher's office has no wires farther south than a point twenty miles this side of Meridian.

The storm struck the city near the Mobile and Ohio crossing and swept a path through the whole center of it. The loss of life in Meridian was very heavy.

SATURDAY SPECIALS
Best Seersuckers
One case (2,000 yards) mill ends, (dozens of styles to select from) These goods are sold everywhere for 12½c. We offer them now at the very beginning of the season.
