Postal Inspector Lucas, charging  
Ford and others with conspiracy  
and false pretense in representing

**STANLEY W. LITTLE  
COMMITTS SUICIDE**

**Well Known Towanda Lawyer  
Shot Himself at His Home in  
That Place at an Early Hour  
This Morning**

Stanley W. Little, Esq., for  
twenty five years a practicing law-  
yer in the courts of Bradford coun-  
ty, and one of the best known men  
in this section, shot himself with a  
thirty two calibre revolver at his  
home on Main street, Towanda, this  
morning about 6 o'clock. Death  
ensued almost instantly. The  
barrel of the revolver had been  
placed in the mouth and the ball  
tore an ugly hole in the roof of the  
mouth and lodged in the brain.

The news of Mr. Little's rash  
act caused a profound shock to the  
citizens of Towanda. Since the  
sudden death of his son George at  
Philadelphia a short time ago Mr.  
Little has been in failing health.  
At times he was morose and had  
but little to say to his friends.  
Recently his close friends have  
noticed that his mind was becom-  
ing unbalanced. Some time ago  
he suffered financial reverses and  
this, added to his son's death, has  
tended to aggravate his condition.  
Yesterday he went to Canton to  
visit his daughter. He returned  
in the evening and it is said that  
after he returned he acted in an  
unusually strange manner. He  
retired at about his usual hour  
and appeared to sleep well until  
about 6 o'clock this morning,  
when it is alleged he procured a  
revolver and went to the room  
where his wife was sleeping and  
threatened to shoot her. Just what  
caused him to change his mind will  
perhaps never be known; but at  
any rate he returned to his own  
bedroom, placed the barrel of the  
gun in his mouth and pulled the  
trigger. Chief of Police Miller was  
immediately notified and when he  
arrived at the house he called Dr.  
Leonard Pratt. The latter came at  
once, but after making an examina-  
tion stated that Mr. Little had  
probably died instantly.

Stanley W. Little was a member  
of the law firm of S. W. & W. Lit-  
tle, and he had long been promi-  
nent in public affairs of this county.  
He was nearly 60 years of age and  
had been identified with the inter-  
ests of the county since attaining  
his majority. At one time he was  
a candidate for county judge mak-  
ing the canvass against Judge Fan-  
ning. He was a lawyer of ability  
and respected by all who knew him  
as a man of honesty and strict in-  
tegrity. His death by his own hand  
will be sincerely regretted by a  
large circle of friends throughout  
Bradford county.

**HE'S YOUNG YET**

Police Commissioner Bingham  
of New York city says that he  
"don't give a tinker's dam for the  
newspapers." Mr. Bingham is new  
at the game and as yet hasn't giv-  
en the newspapers an opportunity  
to roast. But just wait and watch  
for a few months, and if we are not  
mistaken you will see Mr. Bing-  
ham crawl and wiggle like an an-  
gle worm.

**B. OF L. F. MEETING**

There will be a special meeting  
of the B. of L. F. held on Monday  
evening, March 12, 1906, at 8 p. m.,  
as business of importance is to be  
transacted. The regular meeting  
days have been changed to the first  
and third Sundays at 2 p. m.

WILLIAM C. MASON,  
256 4 Secretary 379.

**TO ERECT COAL DUMP**

The Lehigh Valley Railroad  
Company has decided to erect a  
large coal dump and a number of  
ash pits below the office buildings  
at Hazleton. By this arrangement  
the annoying delays caused by  
coaling passenger engines at that  
point will be dispensed with, a fact  
which will be greatly appreciated  
by the general public.

**FRACTURED LEFT  
THIGH AT PLAY**

**Young Fosburg Refused to "Die"  
While Playing "Deer and  
Hunter"**

Justin Fosburg, an East Smith-  
field lad, was brought to the hospi-  
tal last night suffering from a frac-  
ture of the left leg. Young Fos-  
burg with several companions was  
engaged in playing "deer and hun-  
ter," a rural sport which is indulged  
in frequently by country youths.  
A company of boys divide and one  
side is called "deers" while the  
other side is called "hunters." Then  
the chase begins. As fast as the  
"deer" is caught he is supposed to  
die and then turn "hunter." Young  
Foster was one of the "deers" and  
after being caught refused to die.  
In a scuffle which followed his  
refusal to "die" his leg was broken.  
He was placed in a wagon and  
driven to the hospital here and it  
will be several days before he is  
able to play "deer" and "hunter"  
again.

**CHILD DIES OF  
SCARLET FEVER**

**Two Other Children in the Same  
Family Ill of the Disease and  
the Death of One Is Hourly  
Expected**

Elizabeth, aged 4, daughter of  
Mr. and Mrs. Edward B. Henry of  
406 Lincoln street, died last night  
at 11 o'clock of scarlet fever. The  
child was attacked by the malady  
yesterday morning at 10 o'clock,  
and despite the efforts of physicians  
death ensued at the hour above  
stated. Cora, aged 6, a sister of  
the dead child, is ill of the disease  
and her death is hourly expected.

This morning Edith, a twelve-  
year-old daughter, came down  
with the disease. Mrs. Henry is in  
delicate health and the condition of  
the family has aroused the sympa-  
thy of the entire neighborhood.  
The house is under quarantine.

**WE'RE NOT YEARNING**

Somewhere in the newspapers or  
magazines we have noticed an an-  
nouncement in which it is stated  
that the name of Hon. Mial E. Lil-  
ley, congressman from this district,  
is being prominently mentioned in  
connection with the chairmanship  
of the Republican state committee.  
The announcement even goes so  
far as to say that the honorable  
gentleman has been slated for the  
position, and refers to him as a log  
rolling politician. In another sec-  
tion of the state where the gentle-  
man is not known the members of  
the party may be yearning for him  
to take the job but here in this  
section where his political record is  
known from alpha to omega, there  
is not a single yearning. In this par-  
ticular neck o' the woods the Hon.  
Mial is as dead as a rusty door  
nail, and hasn't enough following  
left to give him a decent political  
burial.

**MINOR ACCIDENTS**

John N. Vandermark, a boiler-  
maker's helper, suffered a laceration  
of the middle and ring fingers of  
the left hand yesterday after-  
noon. He was lifting a flue from  
a boiler and his hand got caught.  
He was treated at the hospital.

R. E. Reilly, a machinist caught  
his little finger in the gearing of a  
machine, and sustained a severe  
laceration.

**CHILD BURNED TO DEATH**

In a fire that for a time threat-  
ened to wipe out the business portion  
of Mauch-Chunk, Marie, the four-  
year-old daughter of Mr. and Mrs.  
August Mahler, was burned to  
death. The fire started in the  
Mahler home while the children  
were alone. The origin of the fire  
is not known.

**Lehigh Passenger Train Met  
With a Decidedly Unusual  
Accident Yesterday Afternoon.**

Lehigh Valley passenger train  
No. 1 met with a most peculiar and  
unusual accident at Warrior's Run  
just below Wilkes-Barre yesterday  
afternoon about 2 o'clock. When  
running at full speed it dashed into  
a wagon loaded with blasting pow-  
der which had been left standing  
directly in the middle of the west-  
bound track. An explosion of the  
powder followed the collision, in  
which the firemen and engineer  
were fearfully burned, the cab of  
the engine demolished and the bag-  
gage, express and mail coaches  
badly blistered.

The details of the accident are  
to the effect that just a few minutes  
previous to the passenger train's  
being due a man in the employ of  
a blasting powder company drove  
a wagon loaded with the explosive  
on to the tracks. The wagon got  
across the eastbound track in safety  
but when the westbound tracks  
were reached the forward wheels  
lodged against one of the rails and  
although the driver exerted every  
effort to induce the team to drag  
the wagon from the track he was  
unsuccessful. Knowing that the  
passenger would be due in a few  
minutes, and after having again  
tried to get the team to draw the  
wagon from the tracks, the driver  
unhitched the horses and drove  
them to a place of safety, leaving  
the wagon and its load of explosive  
standing in the center of the tracks.

The engine of the passenger  
struck the wagon squarely in the  
center, and the powder, which was  
being carried in large cans, ignited  
from sparks from the firebox of the  
engine, and instantly there was an  
explosion. A cloud of dust accom-  
panied by a sheet of flame com-  
pletely filled the engine cab and  
both the engine man and fireman  
sustained painful burns. The wag-  
on was reduced to an unrecogniz-  
able mass and the front and sides  
of the engine were more or less  
damaged from the heat and force  
of the explosion. While badly  
shaken up, none of the passengers  
sustained serious injuries.

**"PINK-EYE" PREVALENT**

There is an outbreak of the mal-  
ady known as the "pink-eye" in  
many sections of the state. The  
disease is one that affects both man  
and beast. The eyes become in-  
flamed and painful and sometimes  
the affection does not yield readily  
to treatment. School children are  
quite likely to contract the disease,  
and in many instances the disease  
goes through entire families. "Pink-  
eye" is not a serious disease, how-  
ever, as it does not impair the sight  
nor does it prove fatal.

**TOBACCO PRICES JUMP**

Local cigar manufacturers who  
have not laid in a good supply of  
tobacco are considerably worried  
over the jump in the price of the  
weed recently. It has gone up  
double its former price and is said  
to be scarce at any figure. The  
failure of the tobacco crop in Cuba  
is said to be responsible for the  
great advance.
