There will be a special meeting of the Sayre Aerie of Eagles on the evening of March 29, at which time a number of new candidates will be initiated into the mysteries of the order. A smoker and entertainment will follow.

BARKMAN WAS QUITE SERIOUSLY BURNED

Was in Charge of Two Engines and a Lighted Torch Set Fire to His Cot

C. E. Barkman, a resident of Hackensack, N. J., arrived in Sayre last night over the Lehigh Valley and went to the office of Dr. M. C. Hunter to be treated for painful burns which he received at Lansdowne on Monday night. Mr. Barkman left Hackensack charged with the care of two locomotives which were consigned to a road in California. When he reached Lansdowne on Monday night it was necessary to make an inspection of the engines. For this purpose he carried a lighted torch. After performing the duty he returned to the cab of one of the engines with the torch still lighted, and while making preparations to retire to a small cot the torch came in contact with some cotton waste. In attempting to extinguish the blaze Mr. Barkman's hands and face were painfully burned. Upon reaching Sayre the burns became so painful that he has decided to abandon the trip to the west and return home where he can receive proper attention.

MACHINIST'S HELPER OVERCOME BY GAS

Was Found in Unconscious Condition in Upper Drum of a Boiler Yesterday Afternoon

Completely overcome from gas which escaped from the fire box Harry Myers, a machinist's helper, was found yesterday afternoon about four o'clock by a fellow workman in the upper drum of a Lehigh Valley boiler at the Sayre shops. Myers had been employed for a couple of days in repairing the flues to the boiler, and yesterday afternoon he was in the upper head drum. He had not been feeling well, and previous to losing consciousness he had about decided to report off duty. He resolved, however, to finish one more of the flues upon which he was working but before he had finished was overcome. It is presumed that he lay in an unconscious condition for several minutes before being discovered. On account of the manhole of the boiler being small in size, and as Myers is quite broad shouldered young fellow it was with considerable difficulty that he was taken to the outside. The hospital ambulance was called and Myers was taken to that institution. It was six o'clock before he was revived.

RECEIVED SAD NEWS

Mrs. Samuel Line of No. 121 South River street, received a message this morning informing her of the death of her sister, Mrs. Mary Campbell of Scranton. Mrs. Campbell died last night and besides her husband leaves two small children. Mrs. Line left for Scranton this afternoon.

NOTICE

Want ads inserted by persons not having a ledger account with The Record must be paid for when ordered printed. We positively cannot charge want ads indiscriminately—the expense of bookkeeping and collecting is entirely out of proportion to the amount involved in the transaction.

IT WILL NOT LAST

About six inches of snow has fallen within the past 24 hours, making pretty fair sleighing on smooth roads. The indications are, however, that it will not last long.

ODD FELLOWS NEWS NOTES

Furnished to The Record by a Member of That Organization Who Is Posted

Sayre lodge, No. 1090, I. O. O. F., met in regular session last evening and did business in their usual expeditious manner.

There were two applicants present requesting that they receive the first degree which was conferred without protest.

There were two new applications presented to the lodge, in fact it is a very unusual thing when at least one new application is not presented at every meeting night.

Sayre Odd Fellows were invited to attend the social to be given by the Rebekahs this evening, provided that they have 10 cents. Other Odd Fellows are also invited to attend and bring their families. A good supper will be served; the Rebekahs have a reputation to keep up in the way of catering to man's taste and they will not disappoint.

There is considerable talk of the members attending the eighty-ninth anniversary of the order at Canton, Pa., April 26, as the Canton people are going to make it an occasion that Cantonians and visitors will remember for years to come.

The members of Sayre lodge, No. 1090, are earnestly requested to come to the lodge room next Monday evening to drill, preparatory for the second degree next Thursday night. The drill will be conducted by Charles E. Talada, and no doubt under his skillful management the work of the degree team will be a success.

Considerable interest is being manifested in Odd Fellow circles of late and it behooves the members of Sayre lodge to attend the meetings to keep in touch with the work.

Particular attention is called to the fact that next Thursday is the regular night for nominations for officers, so get out and get your best man in the best office.

REWARD

The Sayre City Club will pay a reward of Two Dollars for the best color design submitted before the 24th, inst., said design to be used on a steamer, and to be the property of the club. They will also pay a like sum for a suitable motto. All contestants should submit designs either painted or drawn on paper, and if same includes motto, that should also be written on paper, but the name of the contestant should be written on a separate slip and pinned to the paper submitted. Get busy and see what you can do. Don't write your name on the design.
W. W. Shaw, Secretary.

FERRIS DISCHARGED

Howard Ferris of this place who was arrested at Waverly one month ago, on a charge preferred by the Lehigh Valley railroad company who alleged that he had stolen a quantity of headlight reflectors from the shops, was discharged from the county jail at Owego yesterday. Ferris was held to await requisition, but Governor Higgins of the state of New York decided that the authorities of this county had not made out a case against the accused.

CONCERNING LENT

A Catholic clergyman gives the following information concerning the observance of Lent by the Catholic church: "The church does not respect nationality; because of the fact that St. Patrick's day comes in Lent greater privileges and liberties are not allowed to the members. Hence public dances are very much out of place and not at all in accordance with the spirit of Lent."

WERE TRYING TO SELL POSTAGE STAMPS

Two Suspicious Characters Taken in Custody Here Today and Are Being Held for Investigation

Two suspicious and tough looking characters who gave their names as Charles Meade and Edward Kelley, the latter a one armed man, were taken into custody here today by Chief Walsh and are held pending an investigation. The men were in Jump's drug store endeavoring to dispose of a quantity of postage stamps, and as they had the appearance of not having come into possession of them honestly the chief was notified and he placed them under arrest. After being taken to the lockup they told several stories concerning the manner in which they got the stamps. Since locking the men up the local authorities have learned that two men answering their description disposed of eighty cents' worth of stamps at Towanda yesterday. The local police believe that the men may have been connected with some postoffice robbery down the line of the Lehigh Valley.

SLEEPING IN A DANGEROUS PLACE

Thomas White Was Found Lying on the Lehigh Tracks Directly in Front of an Engine

The fact that a number of railroad men discovered Thomas White last night lying directly across the tracks in front of a Lehigh engine which was about ready to start, probably saved that gentleman from being literally crushed to death. White was in a drunken stupor and had wandered to the yards where he stumbled and fell in front of the engine. He was unable to rise and when found by the railroad men was making a half conscious effort to get up, probably partly realizing his danger. He was dragged to a place of safety and Chief Walsh was sent for. He took White to the lockup and this morning when arraigned on a charge of drunkenness and disorderly conduct, he admitted the charge. He said that he was on his way home to New York City, and upon promising to make tracks toward that bailiwick as rapidly as possible, not tarrying in Sayre any longer than was necessary, he was allowed to go on suspended sentence.

A FRIENDLY SUGGESTION

Though we have carefully read Boss Lilley's "organ," we have not noticed that Mial has "introduced" any bills for some days. It seems to us that it is about time that another bill of some kind be "introduced." We suggest that Mial "introduce" a bill to make a ship canal of the Susquehanna river. While this might interfere with some of the cel weirs it would doubtless be of great benefit to some of his constituents. If Mial would only "introduce" a bill to increase the size of tobacco pipes it would be of great benefit to the tobacco interests of the county.

We would also suggest that Mial "introduce" a bill to fortify the borough of Towanda. At present this great metropolis of Bradford county is entirely without adequate protection, and in case of war with San Domingo or China would be at the mercy of the invaders. It would add greatly to our sense of security and be of great benefit to his constituents if Mial would only "introduce" a bill on the subject.—Bradford Star.
