"All the news that's fit to print"

FRIDAY, MARCH 23, 1906.

A Merry-Go-Round.

A man had been sent by the house agents to take an inventory of the drawing room furniture. He was so long about his task that at last the mistress of the house went to see what was taking place. She found the man slumbering sweetly on the sofa with an empty bottle beside him. It was evident, however, that he had made a pathetic though solitary attempt to do his work, for in the inventory book was written, "One revolving carpet."—San Francisco News-Letter.

Penalty of Fame.

Gen. Negt. of Fort Arthur fame, is paying the penalty of popularity at the hands of autograph seekers. But the form which this has taken in Japan has about it a touch of sentiment, inasmuch as the relatives of soldiers who fell before Fort Arthur are seeking the general's autograph inscriptions to place on the tombstones of the dead.

Unique Invention.

A German inventor has perfected an apparatus which, by easy manipulation, throws the words of an opera being sung on to the proscenium above the stage. The words appear line by line as they are sung, and there is nothing about it to disturb the spectators. The apparatus is controlled by the prompter, and is stated to be quite cheap.

DISASTROUS FIRE VISITS WAVERLY

The Tioga House Damaged to the Extent of Several Thousand Dollars Last Night

Waverly—Fire broke out in the Tioga hotel at 8:45 last night. The firemen quickly responded to the alarm and three streams were soon playing on the flames. The fire was a hard one to get at as most of the flames were between the walls and between the ceilings of the fourth floor and the roof.

The fire started at the bottom of an air shaft, which was of brick on one side and lath on the other, and followed the shaft to the roof, and when the fire company arrived it was thought that the whole roof was in flames.

The Tiogas attached their hose to the hydrant at the corner of Elizabeth and Fulton streets and carried it to the top of the building and from this coign of vantage, by means of a trap door in the roof, the flames were soon under control at this point.

In the meantime the flames had spread under the roof and holes had to be chopped through the roof to get at them. The Spaldings had a stream playing through a hole chopped in the ceiling of one of the rooms and about 10 o'clock the fire was practically drowned out. One line of hose was left stretched from the hydrant to the roof all night and four members of the Cayutas stayed on duty in case of emergency.

About one thousand people were in the opera house witnessing the performance of the Emma Bunting company when the alarm was sounded. A member of the company told the audience that the fire was some distance away but advised that the house be cleared. Officer Gridley, assisted by several level headed men, succeeded in getting the people out without a panic.

Officer Corcoran did splendid service at the Tioga hotel looking after the crowd in the halls and in preventing the looting of the rooms. Fire Chief Tucker was everywhere present and through his skillful directions a very destructive conflagration was averted. The fire laddies all did splendid work.

The front 60 feet of the hotel belongs to the Manoca Temple association and was only slightly damaged, and the loss about \$150 is covered by insurance. The rear of the hotel is the property of I. Grant Dodge and the loss is estimated at about \$6,000 on which he had \$4,000 insurance.

James McKay, who owns the hotel has insurance amounting to \$1,500 and the loss will be considerably less.

MRS. EMILY BENNETT

Waverly—Mrs. Emily Bennett died last night at the home of her daughter-in-law, Mrs. Edith Bennett on South street. Deceased was 76 years old, and had been in Waverly only two weeks. Her death was due to an attack of the grip. The funeral will be held from the house tomorrow afternoon at 2 p. m., the Rev. M. S. Godshall will conduct the service.

NEAR CLEANING UP TIME

As soon as the snow which now covers the ground has melted away much dirt and litter will have collected on the streets and about the premises of every householder. The time is near at hand when there should be a general cleaning up in every community, and the welfare of the community demands that it should be attended to at the earliest possible moment.
