MONDAY, MARCH 26, 1906.

LOCAL BREVITIES

The Sayre Building & Loan association will hold a business meeting this evening.

"Skat," best hand soap known for mechanics and railroad men. Sold by W. S. Wright at 10 cents a box. 271-3

Notices were posted on Saturday night closing the Erie shops at Binghamton. The order affects over three hundred men.

The Imperial All-Star Minstrels will open a two nights' engagement at the Loomis opera house tomorrow night. The proceeds will go to the Waverly Hook and Ladder Company and the talent which will take part is the best procurable.

Dimmock & Dunn's Imperial All Star Minstrels will exhibit at Loomis opera house Tuesday and Wednesday of this week. The cast is made up of the best talent in the valley and the performance will undoubtedly eclipse anything of the kind ever undertaken here.

In spite of the rain last evening every chair in Ahwaga hall was filled to witness the Imperial All Star Minstrels. There were ten big vaudeville acts, all new, which were heartily applauded. The performance was the best seen here for some time.—Owego Items, Elmira Advertiser.

Miss Kathryn Driscoll, who has been in New York city making careful selections of correct styles in spring millinery, has returned with a choice assortment of up to date goods which are now on display in Miss Driscoll's millinery parlors, 207 Desmond street. Announcement of opening later.

URGING RETAILERS TO PURCHASE COAL

Operators Say It Will Be Extremely Difficult to Buy the Commodity in the Event of a Strike.

Agents in the employ of the coal operators are urging retail dealers to buy coal at the present time, claiming that the possibility of a strike is likely to make it extremely difficult to buy the commodity later. The dealers, however, are not loading up heavily. They believe that it is not so much fear of a strike on the part of the operators as it is the desire of the latter to dispose of all the coal they can before the time comes for coal to take the annual spring drop. At the present time it is said that one coal owning railroad in the east has over 5,000,000 tons of coal on top of the ground, stored at various points along the line, and that if a strike were to occur they can sell this coal at an advance large enough to clear over \$2,000,000 on the deal. A local dealer said this morning that the operators would rather have a strike than not. They have plenty of coal mined which they can sell, in the event of a strike, at an advanced rate and if there should be a settlement of the trouble between miners and operators the latter would feel badly indeed.

BUSY EXPLAINING

This morning a stone flew through one of the windows in Ike Samuels' Lockhart street jewelry store, and although the break is a slight one, it has kept the genial Ike busy all day explaining how the accident happened. The Italian workmen engaged in digging a trench for the telephone company's conduit this morning began excavating in front of Ike's store. The work had not been in progress long when a stone flew from the trench, struck the pane of glass, and broke a hole through the same. Then the fun began. Ike's friends, and he has many of them, called to extend their sympathies, and ascertain the cause. Up to 3 o'clock this afternoon he has told the story of the accident exactly 49 times, and the chances are before the day is over that his vocal organs will be in a state of collapse.

SHOULD BE CONGRATULATED

Ervin Scott Armstrong, a well known Lock Haven young man, is bucking the tiger at Monte Carlo. Armstrong comes from a well known Lock Haven family, is 22 years of age and is said to be a dandy at cards and games of chance. He also owns an automobile which he runs in a dare-devil manner through Lock Haven's beautiful streets. Lock Haven is to be congratulated upon having a citizen of so much distinction.

REMAINS TAKEN TO OWEGO

The body of the late Julius H. Smith, the Lehigh Valley flagman who died at his home in this place on Friday morning, was taken to Owego yesterday afternoon at 3 o'clock. The Brotherhood of Railroad Trainmen had charge of the remains which were placed in the receiving vault of the Evergreen cemetery at Owego. Previous to leaving for Owego funeral services were conducted at the late home of the deceased, Rev. E. C. Petric, pastor of the Presbyterian church, officiating.

TWELVE INCHES OF SNOW

Twelve inches of snow fell at North Fair Haven on Saturday and the prospects for more are favorable. Railroad men on the Auburn division of the Lehigh say that 22 inches of snow in all have fallen on that division within the past week. The road is open, however, and no trouble will be experienced unless the winds causes drifts.

RAILROAD MEN MAKE A GUESSESS FIND

Piece of Human Flesh and the Remnants of a Pair of Overalls Found on Number Five's Engine

This morning when the engine which drew Lehigh Valley passenger No. 5 to Sayre entered the round house the employes made a rather gruesome discovery, which leads them to believe that somewhere down the line the engine had struck and killed a man. In the gearing of the engine was found a part of a man's overalls and also a small piece of human flesh. There was no blood or other evidence usually found when an engine strikes a human being, and as no one has been reported killed on the Pennsylvania division the railroad officials are unable to account for the presence of the overalls and flesh. It is possible that the engine may have struck a man on one of the lower divisions without the knowledge of the engineer. The finding of the remnants mentioned has been reported to the proper officials and it is quite probable that an investigation will follow.

Late this afternoon it was learned that an unknown man was literally ground to pieces at a place named Freeman, the second station this side of Easton. The remains of a man were found scattered along the track and they were so badly mutilated that recognition was absolutely impossible. It is believed that he was struck by the engine on train No. 5 and that the piece of flesh found was a part of his body.

LEHIGH GETTING READY FOR BUSINESS

Italians Are Laying a Switch at East Towanda for the Accommodation of Contractors

It is stated in today's Towanda Review that there will be something doing very shortly in the way of Lehigh Valley improvement at that place, and as an evidence of the fact, further says that a gang of 30 Italians were set to work Saturday in the cut just east of the East Towanda crossing, preparing to lay a siding. The siding is being built, it is alleged, to accommodate the steam shovels, work trains and cars of the contractors who are expected soon to begin work on the improvements. The bids for the new bridge which the Lehigh is to erect at that place were closed on Saturday, and it is probable that the contract will be let in a few days. The local Lehigh officials are non-committal regarding this part of the work, but it is believed that the preliminary preparations for the construction of the new bridge are under way, and that the structure will be erected this summer.

CHARGED WITH ASSAULT

Joe Palumbo, an Italian, caused the arrest of John Zimmerman this afternoon on a charge of assault and battery. Palumbo alleges that on Thursday last when he was leaving the Lehigh Valley shops Zimmerman hurled a stone which struck Palumbo in the forehead, inflicting a grievous injury. As proof of his assertion Palumbo is wearing a wad of cotton about the size of a goose egg over a lacerated wound located directly between the eyes. Zimmerman was arrested by Constable Brougham and when brought into court pleaded not guilty. He will have a hearing tomorrow morning.

HOSPITAL NOTES

Charles A. Darrow of Laceyville was discharged from the hospital this forenoon.
Dr. Martha Champlin of Owego underwent an operation this morning.

WILL REPORT AT NEXT MEETING

Committee in Charge of Town Hall Project Held Important Meeting Saturday Night

The town hall committee of the borough council held a meeting on Saturday night for the purpose of discussing plans for a new building. As has heretofore been stated in these columns, the committee has received in all five sets of plans from as many architects. All of the plans have many commendable features, but any one of them is not adaptable to the needs of the borough. Therefore it has been determined to take the best features of the several sets of plans, bunch them into one, and submit the same at the next regular meeting of the borough council, which will occur on next Monday evening.

The town hall committee have pushed matters far enough so that so far as plans for a building are concerned, they will be able to report at most any time a comprehensive and desirable set of plans, but as the project is quite likely to be combined with the sewer question it is probable that nothing definite can be accomplished until the latter proposition is in tangible shape. At Monday evening's meeting of the council, however, there is every reason to believe that both projects will receive considerable attention and be given an impetus that will result in something of a decisive nature being done before the warm weather arrives.

HAD BEEN TO WAVERLY

A man who gave his name as W. J. Smith (probably fictitious) was staggering about the streets of Sayre Saturday evening in an intoxicated condition. Officer Vogel took him to the lockup for the night and yesterday morning he told Justice Gay that he had been to Waverly to see the show and that after the performance he proceeded to sample the several kinds of exhilarating beverages sold at the various dispensaries in that town, with the result that when he reached Sayre he was slightly intoxicated. He was fined one dollar and costs and advised that the next time he got drunk in Waverly to remain there until sober.

A STRENUOUS ALDERMAN

E. D. Donahue, Wilkes-Barre's strenuous alderman, was a visitor in Sayre yesterday. Alderman Donahue has a reputation for dealing out stern justice in an original manner. Obstreperous offenders against law and order are made to feel the force of his strong right arm, when they get gay with the court. Mr. Donahue showed his right hand while here yesterday and it is broken and bruised from coming in contact with culprits who failed to show proper respect for the court.

ICE-MAKING WEATHER

The weather which prevailed on Saturday night and yesterday morning was the coldest of the season. In fact it was regular ice-making weather, and in many places hereabouts the thermometer registered four or more degrees below zero. The weather bureau, however, has predicted warmer conditions for the next few days, during which time it is quite likely the snow which now covers the ground will entirely disappear.

ELMIRA ADVERTISER SOLD

The Elmira Daily Advertiser has been sold to John W. Beaman, who for many years has been business manager of the paper. The paper was bought about a year ago by William W. Alden from a company of which J. Sloat Fassett was the principal owner. It is said that Mr. Alden found the proposition an expensive one.
