BONFOEY TAKES CHARGE TOMORROW

He Will Assume His Duties as Postmaster of Sayre Tomorrow Morning

At twelve o'clock tonight James N. Weaver, who has been postmaster of Sayre since February 11, 1903, will retire from the office and George D. Bonfoey, who recently received his commission from President Roosevelt will take charge. Mr. Weaver was appointed for a term of four years, but for the past two years he has been in declining health, and a year ago the post-office department demanded his retirement and instructed Congressman Lilley to name Mr. Weaver's successor. That announcement upon becoming public precipitated one of the bitterest political struggles that ever occurred in this section. E. J. Connelly and J. Henry Price were the candidates for the office and the incidents connected with the contest are too well known to need repetition. After nearly a year Congressman Lilley quietly sent the name of George D. Bonfoey to the department, and a few days later his nomination was sent by the president to the senate and that body lost no time in confirming it. Mr. Bonfoey's induction into the office of postmaster ends the strife. The citizens of Sayre are satisfied with the appointment, and he will receive the unqualified support of all good citizens.

Mr. Weaver retires with a clean record. During his incumbency the postoffice has been conducted in a capable and efficient manner. Its receipts have steadily increased and the salary has grown with the increase. When Mr. Weaver went into the office the position paid \$1,800 per year, but with the growth of business he soon succeeded in getting the yearly stipend increased to \$2,600. Mr. Weaver is still confined to his home on Elmer avenue by illness.

See your dealer and order your Sunday North American today.

The stand is an old one, Mr. Ruher having having been there for 16 years. Mr. Breakstone is one of the best and most respected citizens of Wilkesbarre, and Waverly will receive a first class, energetic business man, and an excellent citizen by his locating at that place.

X-RAY MACHINE FOR HOSPITAL

Order for an Up-to-Date Equipment Was Placed With Philadelphia Firm Yesterday

Yesterday Dr. C. H. Ott, surgeon in chief of the R. A. Packer hospital, ordered an x-ray machine for that institution and it is expected that the same will be installed in the early part of May. The machine is made by James G. Biddle of Chestnut street, Philadelphia. He has equipped nearly all the large institutions in the country with these machines, which are regarded as the most complete from both a scientific and utility standpoint of any on the market. The machine, which costs nearly \$800, is equipped with a 20-inch Roentgen induction coil and the electric lighting current will be used to operate it. A device known as an electrolytic interrupter to overcome the alternating phase will be used and the voltage is 110.

The coil is mounted on a mahogany cabinet while the switch-board is of marble with a controller. The entire equipment is modern in every respect and is accepted by the medical and surgical profession as the best procurable.

FUNERAL OF FRED COX

PREPARING FOR TROUT

Those who pretend to know claim that the season will be a good one, as the weather has been favorable; The water, however, may be high and cold.

HOSPITAL NOTES

Mrs. George Hart of Candor, N. Y., was admitted to the hospital today.

The condition of Jeremiah Henginger, the Lehigh Valley employee who was found in an unconscious condition in his room at the Wilbur house, and who was later taken to the hospital, is critical and his death is momentarily expected.

SUFFERING FROM PARALYSIS

Henry M. Peppard of No. 404 Maple street, who has been in ill health for several weeks, is now suffering from paralysis. Both legs are paralyzed and his condition is helpless. Mr. Peppard is one of Sayre's respected citizens and his many friends will hope for a speedy recovery.

STRIKE SITUATION IS MORE HOPEFUL

Another Conference Between the Miners and Operators Is to Be Held on Tuesday Next

The gloom caused yesterday by the strike situation has given way today to a faint glimmer of hope. It is declared that the situation in both the anthracite and bituminous fields is not entirely hopeless. The announced acceptance of the operators in the anthracite fields that they will meet with a committee from the miners' organization in New York next Tuesday, despite the suspension of all work on Monday, leads to the hope that either a compromise will be effected at once or the points in dispute can be settled in a comparatively short time.

The vote upon the Perry resolution in the miners' convention yesterday at Indianapolis, permitting the miners to sign the 1903 wage scale wherever it is offered, is in accordance with reason and the best interests of all concerned. It is certain that Robbins and other operators of influence will offer the 1903 scale for a two years' agreement.

The miners in the anthracite field by suspending work after today at least force the matter to a final settlement sooner than if they were to continue work, although it is possible a better feeling might have resulted had they secured an agreement from the operators to submit the entire matter to a board of arbitration and continued work for a stipulated period pending the outcome of the negotiations.

THE SULTAN'S DAUGHTER

A radical departure will be made from repertoire usages by the Himmlein's Ideals at the Loomis next Monday night, when "The Sultan's Daughter," a screamingly funny comedy will be the offering. From time to time the memory of man runneth not it has been the custom of popular priced companies to present nothing but melodramas. This play will be found to be an agreeable deviation from the established custom. It is intended for laughing purposes only and will furnish more good, clean, genuine fun and wholesome amusement than any three farce comedies of modern times. Miss Earle will be seen in the comedy role of Suluna, the statue that comes to life. Ladies' tickets will be issued for the opening night, limited to 200.

WILL RECEIVE BIG PAY

When the employees of the Lehigh Valley receive their March earnings on April 13, they will get the largest pay ever given them, the reason being that on account of the strike agitation they have been working extra time. Up to and including yesterday many of the crews had worked forty shifts for the month with the prospects of adding another extra one today. In the Sayre shops the men have been working overtime. In the new shops the appropriation has not all been exhausted.

GAMBLING DECISION

A decision, which may or may not be of local interest, has recently been handed down by the United States supreme court. A person who runs a gambling joint or permits gambling on his premises is liable for every cent lost by any person who plays any gambling game. If a man loses money in one of these places all he has to do is to bring suit and the proprietor will be forced to make good the loss.

There will be a special meeting of Sayre Council No. 1175, Royal Acaanum this evening at 8 o'clock. All members are requested to be present. By order of Regent.
