TO DETHRONE DOWIE

"Prophet" of Zion City Suspended as Ruler.

ACCUSED OF TEACHING POLYGAMY.

W. G. Voliva, Hailed as His Successor, Denounces Elijah H. as Strong Language - Hypocrite Charged.

CHICAGO, April 3.—John Alexander Dowie, head of the Christian Catholic church in Zion, has been deposed as a religious leader, suspended from membership in the church he founded, shorn of his temporal possessions as far as they are located in Zion City, the home of the church, and warned to accept the situation quietly lest worse things befall him.

The active revolt against the leadership of Dowie was foreshadowed when Overseer Voliva, who had been placed by Dowie in charge of the church while he sought health in Jamaica and Mexico, announced that he would no longer accept the orders of Dowie, who had, he declared, grossly mismanaged the affairs of the church.

His wife and son, it is claimed by the residents of Zion City, have allied themselves with W. G. Voliva, who was called by Dowie from Australia to conduct the affairs of Zion City when Dowie's health became shattered. The action deposing Dowie from active control of Zion City and its religious and business affairs was taken at a meeting held in the Zion City tabernacle.

The meeting sent the following telegram to Dowie at Ocotlan, Jalisco, Mexico:

"You are hereby deposed as ruler of Zion City. Practically all, including Cincinnati representatives, endorse Mr. Voliva's administration. Spelcher's resignation and Grainger's retention, all emphatically protesting against your extravagance, hypocrisy, misrepresentation, exaggerations, tyranny and injustice. You are hereby suspended from office and membership for polygamous teaching and other grave charges.

"Quietly retire. Further interference will precipitate complete exposure, rebellion, legal proceedings. Your statement of stupendously magnificent financial outlook is extremely foolish in view of thousands suffering through your shameful mismanagement. Zion and creditors will be protected at all costs."

The message was signed by W. G. Voliva, general overseer; William H. Iper, overseer for United Kingdom; H. D. Broadfield, vice president Zion university; Overseer John Excell, general ecclesiastical secretary; and John G. Spelcher, overseer for Zion City.

"This is our ultimatum to Dowie," said Voliva, speaking of the message. "We have not taken this step without serious consideration, and we now await Dowie's action. Our legal position in this is under the general power of attorney which I hold, and upon the advice of our legal advisers I have transferred the entire estate to Alexander Grainger, general financial manager. I have taken this action, believing it to be best for the protection of Zion and its creditors. It is a defensive move, and it now remains for Dowie to act. We now intend going right ahead, and the whole institution will be put in good order."

Asked about the charge of polygamy teaching mentioned in the telegram, Overseer Voliva said:

"The teaching of polygamy was not made in public, but was done privately. I shall not go into details in this matter until Dowie has had an opportunity to reply to the charge."

In a long message received from Dowie which precipitated the revolution, he ordered the instant dismissal of Deacon Grainger, who is now all powerful in directing the affairs of the community at Zion City. Deacon Spelcher, who before he became a convert to the faith of the Zion City church was a physician, declares that Dowie is a very sick man, suffering with pulmonary troubles, paralysis and dropsy and occasional delirium.

It is generally believed by the officers of the church that the deposed leader will make a fight to recover his lost power. If this is done they declared that the matter would go to the courts.

Dowie's project for the establishment of a colony in Mexico will be abandoned by the new administration. An allowance will be given Dowie sufficient to maintain a residence in Mexico if he so desires. If he becomes obstreperous it is said that his son, Gladstone Dowie, is prepared to make startling revelations.

Wannamaker's Staircase Burned.
NEWBURGH, N. Y., April 3.—A building 200 by 500 feet, a part of the plant of the Cornell Iron works, at Cold Spring was destroyed by fire, and about 200 men were thrown out of employment. The loss will aggregate about \$200,000. A \$10,000 staircase for the Wannamaker building in New York, which was completed, was destroyed by the building.

Painters Quit Work at St. John.
ST. JOHN, N. B., April 3.—A deadlock over the wage question between the members of the painters' union and the master painters of this city caused a suspension of work in that line of business. The men demand an increase of 25 cents a day.

Wing Sing Dead, Won Pen Dying.
ROME, N. Y., April 3.—Wing Sing, the laundryman who was shot here by Wong Sing, also a laundryman, is dead. Won Pen, who was shot at the same time by Wong Sing, is believed to be dying.

"A SLAP IN THE FACE."

Appointment of Barnes as Postmaster Unpopular at Washington.

WASHINGTON, April 3.—Strong opposition will be made in the senate to the confirmation of Benjamin F. Barnes, assistant secretary to the president, as postmaster of Washington.

Always there has been opposition to the appointment of an outsider, but Mr. Barnes is particularly objectionable because he was directly responsible for the forcible ejection of Mrs. Minor Morris from the White House. His connection with that incident will probably result in confirmation of his appointment being held up in the senate.

Senator Cullerson, who said he would have voted for the Tillman resolution calling for an investigation of

BENJAMIN F. BARNES.

Mrs. Morris' ejection had he not been paired, is a member of the committee on postoffices and is expected to oppose a favorable report on the nomination.

Something of the local feeling on the subject is set out in this editorial comment from the conservative Washington Star, usually an administration paper:

"The president, without consulting in the slightest the people or any of the people of Washington and without giving them the least opportunity even to express a wish in the matter, has hastily selected for this conspicuous local position one of his own immediate subordinates, a man in no way identified with local Washington and known to most Washingtonians mainly as the representative of the president in the recent disgraceful drag out of Mrs. Morris from the White House.

"This appointment thus made is in effect a slap in the face to the people of Washington."

THE COAL WAR.

Mitchell and His Staff Confer With Operators.

NEW YORK, April 3.—The second meeting of the committees representing the anthracite mine workers and their employers finds the situation, so far as the hard coal fields are concerned, unchanged from that disclosed in the communications that have passed between the contending forces and which have been made public. Neither Mr. Mitchell nor any of the operators would venture a prediction as to the outcome.

President Mitchell is here. His secretary and Thomas Haggerty of the central Pennsylvania district of the miners' union, who is a member of the international executive board, are in conference with Presidents Baer, Underwood and other operators.

The operators are indignant over the action of the miners' union in forcing a suspension of operations, and it is likely that the miners' demands will be refused.

Irwin Mines Tied Up.
IRWIN, Pa., April 3.—The soft coal fields about Irwin are experiencing the nearest to a general strike of all the western Pennsylvania fields. A thousand men at Edna of the Pittsburgh and Baltimore Coal company, three miles south of Irwin, are on strike. Three hundred miners in the latter colliery refused to go to work, and a few hours later both mines were tied up.

Anthracite Miners Idle.
PHILADELPHIA, April 3.—There was a complete suspension of mining operations in the anthracite region in accordance with the order issued by President Mitchell of the Mine Workers of America and the scale committee of that organization, with the solitary exception of the Oxford colliery, a small independent operation near Scranton.

Coal Goes Up in Maine.
AUGUSTA, Me., March 3.—The price of anthracite coal was advanced \$1 a ton in this city. No orders were taken for more than one ton to a person.

Ex-Bank President Goes to Prison.
SPOKANE, Wyo., April 3.—Charles C. May, formerly president of the Big Bend National bank of Denver, Wash., was sentenced to serve five years in the United States penitentiary at McNeill's island for making false reports to the comptroller of the currency and for fraud.

Rutland Carpenters Out.
RUTLAND, Vt., April 3.—Practically all the union carpenters in this city are out on strike because of the refusal of the master builders to grant their demands for an increase in wages from \$2.25 to \$3 per day. Work on four large building contracts was stopped.

Power House Ablaze.
ALBANY, N. Y., April 3.—The power house of the Hudson River Electric Power company at Spier Falls was damaged \$10,000 by fire.

HIGGINS SIGNS BILL

Big Life Company Directors and Trustees Ousted.

CARELESS, SELFISH AND DISLOYAL

Governor in Memorandum Sees High Officials of New York Insurance Corporation—All Must Retire on Nov. 15.

ALBANY, N. Y., April 3.—The first of the ten bills proposed by the special investigating committee as the result of its long and sensational investigation of life insurance methods and conditions is now a law.

Governor Higgins has affixed his signature to the bill which postpones until Nov. 15 the annual elections of the New York Life, Mutual of New York, Mutual of Birmingham—the four purely mutual life insurance companies incorporated under the laws of this state. It does not affect the Equitable Life Assurance society, which is a stock company. In signing the bill the governor issued a memorandum sharply criticizing the directors whom he thus legislated from office.

Under the provisions of the act, which takes effect immediately, the present directors and trustees of the four companies concerned will continue in office until Nov. 15, and their terms of office will then expire, no matter how long they may have been elected and notwithstanding anything to the contrary in the respective charters or bylaws.

On that date the annual meetings must be held by all of the four companies "at a time and place which shall be fixed by the board of directors, and an entire new board of directors shall then be elected. The said elections shall be under the supervision of the superintendent of insurance, who shall appoint at least three policy holders of each corporation holding such an election to act as inspectors thereof."

One of the most important effects of the act is that it invalidates every proxy heretofore secured, whether by the companies themselves, by Thomas W. Lawson of Boston or any one else, the act providing that "no vote shall be cast at any such election under any proxy executed prior to the 15th day of September, 1906, and all proxies executed heretofore or prior to said date authorizing any vote to be cast at any election of directors of any domestic mutual life insurance corporation shall be void."

Governor Higgins' memorandum says:

"The bill is a useful one. It takes the control of certain companies from the present boards of directors, members of which have been discredited by the poor account given of their stewardship to the investigating committee. Some were careless, some selfish, and few proved so loyal to the interests of policy holders as to justify their being continued in office, except by the exercise of the enlightened franchise of such policy holders."

English Cotton Men at White House.
WASHINGTON, April 3.—A delegation of cotton manufacturers of England, headed by the president of the Representative Lowering of Massachusetts, himself a cotton manufacturer, the delegation of English visitors is on its way south to urge the cotton growers to bale their cotton in better shape than it is now baled. The members represent the cotton planters of Great Britain. Cotton bales are robbed in transit. The dishonest cotton broker who does not make his office neat out of the pickings from the bales he handles is not considered up to date.

Porto Rico Wants Favored Class.
WASHINGTON, April 3.—Governor Beekman Winthrop of Porto Rico is in Washington and will appear before the house committee to discuss conditions in Porto Rico. "Commercial conditions are very satisfactory in the island now, with the exception of the coffee market," said Governor Winthrop. "The Porto Rican coffee market is greatly in need of a market in the United States and want a bill which will lay a duty on the coffee of foreign countries entering the United States."

Cool Headed Boy Saved a Disaster.
GREENVILLE, Pa., April 3.—A heavy property loss and probable loss of life was averted by the timely action of Clyde Kirk, twelve years old, near Hadley last night. High water washed away a hundred feet of the Lake Shore road near the boy's home. Kirk discovered the danger and, bearing a train approaching, tore off his coat and flung it just in time to avert a disaster. The roadbed was washed away, leaving the track suspended in the air.

Wood Brothers Not Guilty.
PHILADELPHIA, April 3.—Walter Phil and Stuart Wood, members of the firm of R. D. Wood & Co., iron manufacturers of this city, were found not guilty in the United States court here of accounting a rebate on a shipment to Winslow. The rebate, it was alleged, was given by the Mutual Transit company of Buffalo.

To Give Porto Ricans Citizenship.
WASHINGTON, April 3.—Representative Cooper of Wisconsin has introduced a bill in congress granting United States citizenship to the inhabitants of Porto Rico. It is understood Governor Winthrop is to personally advocate the passage of this bill.

State Workers on Strike.
BOSTON, April 3.—About forty slate and soapstone workers went on strike at several shops for an increase of 25 cents a day in wages.

No Water Famine in Colon.
WASHINGTON, April 3.—Reports of an impending water famine in Colon have called forth a statement from Chief Engineer Stevens to the effect that he has the situation completely in hand and there is and will be ample water and no one will suffer.

UPSET AT BENNING.

Belmont's Lord of the Vale, Favorite, Beaten by Pater at 3 to 1.

WASHINGTON, April 3.—Five favorites and a strong second choice were registered as winners on the first day of second week of the races at Benning.

Tickle, an odds on favorite, had no difficulty in accounting for the first race by six lengths. Bettie Bomber got the place from Baby Willie in a hard drive. Gertrude F., on whom a tip had gone all over the ring, acted badly at the post and finally when the barrier went up whirled and was left. August Belmont's entries in the second, Curriculum and Fondular, were coupled and made the favorites. Curriculum's jockey, Morris, waited until the turn into the stretch and then came away and won eased up from The Galloper, which just beat Woodline for the place.

Campaigner and Powder Horn were made nearly even favorites for the third, the former closing at a trifle the lower odds. Powder Horn blew up on the turn and did not figure in the result. Campaigner won handsily, with Brittanby second and Strongarm third.

The Clown had the fourth all his own way, Vagabond getting the place from Hocus Pocus without serious effort.

The upset of the day was in the fifth event, in which Belmont's Lord of the Vale was at all times a hot favorite. All of the starters were fancied, however, Ben Holder and Pater especially carrying a load of money. Pater and Ben Holder were the first to show, but the latter soon dropped back, Lord of the Vale and Race King forging ahead of him. So they ran to the end, the Belmont horse making an unavailing effort to overtake the feet Pater in the last furlong.

Raidmore, which opened as an even favorite with Dekaber at 2 to 1, was so heavily played that at post time his odds had dropped to 6 to 5. He ran away with the race, Dekaber getting the place easily from Widow's Mite. Summary:

First Race.—Tickle, first; Bettie Bomber, second; Baby Willie, third. Second Race.—Curriculum, first; The Galloper, second; Woodline, third. Third Race.—Campaigner, first; Brittanby, second; Strongarm, third. Fourth Race.—The Clown, first; Vagabond, second; Hocus Pocus, third. Fifth Race.—Pater, first; Lord of the Vale, second; Race King, third. Sixth Race.—Raidmore, first; Dekaber, second; Widow's Mite, third.

Pontoon Lowered Record.
HOT SPRINGS, Ark., April 3.—Pontoon lowered the track record for one mile at Oaklawn to 1:39.35. Allie Cummings reduced the track record for four and a half furlongs from 57.25 seconds to 55.85 seconds. Pontoon and Charlie Thompson were the only winning favorites.

Baseball Season Opens.
PHILADELPHIA, April 3.—The championship series between the American and National league clubs was opened here, the Americans winning easily by a score of 7 to 1.

Naran and Grace Wagner Beaten.
NEW ORLEANS, April 3.—Naran and Grace Wagner were the beaten favorites at City park. Jockey Nicol rode four winners.

Three Favorites Beaten.
NEW ORLEANS, April 3.—Consuelo II, Everette and Daniel C. were the beaten favorites at the Fair grounds.

E. O. Gowling Killed in Auto Smash.
PHILADELPHIA, April 3.—While riding in an automobile through Haverford, a suburb, E. O. Gowling, a member of the firm of Adams Bros. & Co., wholesale meat dealers of this city, was killed and his wife was so seriously injured that her death is expected. Mr. Gowling failed to observe a rope that had been stretched across the road near a building operation. The car crashed into a telegraph pole and was upset, crushing its occupants. Mr. Gowling died in a few minutes. His wife is unconscious at a hospital with concussion of the brain and internal injuries.

Fault of Legislature, Says Moran.
BOSTON, April 3.—Charges against the police and the legislature were made by District Attorney John B. Moran while addressing the legislative committee on counties in favor of a bill granting him additional assistants. Mr. Moran declared that it is the fault of the legislature the grand jury, the board of police and the police officers, who not only had refused to aid the district attorney, but had actually antagonized him in his efforts to purify the community.

Constitutional Democrats Win.
ST. PETERSBURG, April 3.—The result of the elections yesterday is not definitely known yet, the electoral commission with characteristic Russian concern having sealed up the ballots and postponed the count until today. A sweeping victory for the Constitutional Democrats is, however, generally conceded.

Heart May Get Recount.
ALBANY, N. Y., April 3.—The assembly has put at the head of today's calendar the bill of Mr. Murphy (Kings), which would afford a procedure by which William Randolph Hearst might secure a recount of the votes cast in the last election in New York city.

Blanco Seriously Ill.
MADRID, April 3.—General Ration Blanco, the last Spanish governor general of Cuba, is seriously ill.

Daigen Got Life Sentence.
WARREN, O., April 3.—Charles C. Daigen of West Farmington, who killed R. K. Lewis, on trial here, pleaded guilty to second degree murder and was given a life sentence. Lewis was a wealthy farmer, capitalist and local politician.

WANT ALFONSO'S LIFE

Anarchists Plot Wholesale Assassinations at Seville.

MANY ATTEMPTS ON YOUNG KING.

Ruler of Spain, Queen Christina and Infanta Maria Teresa Doomed to Death by Black Hands at Lebrija.

MADRID, April 3.—King Alfonso's police have discovered an anarchistic plot at Lebrija, the notorious center of the Black Hands, near Seville, to assassinate the royal family during the visit of the young king, the dowager Queen Christina and the sister of the king, the Infanta Maria Teresa, to Seville during holy week.

That anarchists have decreed the death of the king of Spain has been shown on several occasions during the boy's reign. They came very near accomplishing their purpose a year ago, when during Alfonso's visit to Paris a bomb was hurled at a carriage in which he and President Loubet were returning from the opera after midnight. The missile fell short of its mark and exploded without killing any one, several soldiers and pedestrians being injured, however.

On this occasion the king announced that there had been three previous attempts on his life from which he had narrowly escaped.

A few days previous to the attempt mentioned, while the king was riding through the streets of Paris, an anarchist burst through the crowd and, brandishing a knife, shouted: "Down with the king! Long live the workmen!" He was seized by the police, and subsequently developed that Paris was literally teeming with anarchists during the king's visit and that there was a well organized plot to kill him.

King Alfonso got his first taste of the unreasoning of crowned heads when his coming of age was celebrated. On that occasion an insane man attempted to reach him, and it was supposed that he had designs on the king's life.

In January, 1903, while the king and his mother were returning from church in Madrid, a shot was fired at the royal carriage by a man in the crowd, but the bullet went wide of its mark.

THE "JAIL EDITOR."

M. Kamaleet Hired as Substitute to Serve Time in Prison.

ST. PETERSBURG, April 3.—A political publication has resulted in the arrest of M. Kamaleet, "the jail editor" of the Russ, who since the imprisonment of Alexis Souvorin, editor and proprietor of the Russ, and his condemnation in the Fortress of St. Peter and St. Paul for "inciting the people to high treason," has been paid a salary for lending his name as responsible editor and to serve any sentences that may be imposed.

M. Souvorin in his imprisonment is treated with extreme leniency, being permitted to direct his paper and to occupy a comfortable suite of rooms in the prison.

Conference Talked of Reforms.

ALBUQUERQUE, Spain, April 3.—The sitting of the conference on Moroccan reforms, though primarily devoted to the framing of the protocol, assumed importance owing to various delegates moving resolutions directing the attention of the sultan of Morocco to the necessity of internal reforms. Mr. White, chief of the American delegation, with the support of the Duke of Almodovar, president of the conference, directed attention to the unfavorable situation of Jews in Morocco. Sir Arthur Nicolson, the British delegate, and M. Bayoll, the first French delegate, advocated the abolition of slavery in Morocco.

Boiler Tossed Fifty Feet.
CHITENANGO, N. Y., April 3.—The sawmill of Edward Diefendorf, near here, was blown up by a boiler explosion. Edward Diefendorf, Jr., and Patrick Baker were instantly killed and John Higgins and Jesse Kelsey fatally injured. The boiler was tossed fifty feet through the air, and the body of young Diefendorf was buried 300 feet. Irving Lamey, who stood directly behind the boiler when the explosion occurred, escaped injury, the boiler having passed over his head.

Will Be Greater Than Dreadnought.
BIRMINGHAM, England, April 3.—Arrangements are being made looking to an early laying down of two more warships of the Dreadnought class and two other warships of even larger tonnage and greater gun power than the Dreadnought. A sister ship of the Dreadnought, which will be named the Nelson and which is now in course of construction at Yarrow, will be launched in June.

Ex-King of Dahomey Sells.
FORT DE FRANCE, Martinique, April 3.—Behanzin, former king of Dahomey, who was exiled to Martinique when the French subjugated his country in 1894, has sailed for Bordeaux on board the steamer Martiniague. He has been given permission by the French government to reside in Algeria.

Daigen Got Life Sentence.
WARREN, O., April 3.—Charles C. Daigen of West Farmington, who killed R. K. Lewis, on trial here, pleaded guilty to second degree murder and was given a life sentence. Lewis was a wealthy farmer, capitalist and local politician.

More New Things

—AT—

THE GLOBE

New White Goods

The very sheer kind and a grade especially made for shadow work. See our values; we are proud of them. We buy direct from the mills; this means a saving to you. Widths from 30 to 48 inches. Prices from 8c up by easy steps to 50c.
