ATHENS BOROUGH COUNCIL MEETING

Large Volume of Business Transacted at Last Night's Session

Athens—The regular meeting of the borough council was held last evening, all of the members being present except Keefe.

C. C. Yocum, Esq., appeared before the council and stated that Mr. Evans and himself were attorneys for Mrs. Nicholson in her claim against the borough for damages to her property.

Mr. Mills, borough attorney, replied that what Mr. Yocum had stated was correct and that plaintiff could issue a mandamus to compel payment, but he said the borough had a remedy and he did not think it advisable to take any action in the matter.

A large number of bills were then presented and ordered paid.

The annual report of the Board of Health was then read by the secretary. This was a most carefully compiled report giving a full account of the business transacted and an exhaustive description of the sanitary conditions of the borough.

Mr. Clark, of the special committee on the conditions at the gas works, stated that he had waited upon the manager and stated his business and that they had informed him that they had disconnected their apparatus from the sewer and that there could be no further contaminations from that source.

Dr. Stevens also reported that there had been complaints in the upper part of town that the connection from the Furniture works and Imperial Tool works were not in proper condition.

The matter of a subway at the Lehigh Valley crossing was discussed. Mr. Mills stated that Superintendent Kinney of the railroad company and Mr. Case of the trolley company were both anxious to have it and would bear their share of the expense.

The school directors held a meeting last evening, all of them being present except Satterlee. Only routine business was transacted and a number of bills were paid.

sions from them so that the work could be done without expense to the borough.

The matter of the extension of Wheelock avenue through to Main street was presented. Charles F. Kellogg presented a map of the proposed extension. Action was suspended to a future date.

In relation to the guard rail on the Chemung river bank, Dr. Stevens reported that in consultation with Street Commissioner Mulligan he learned that a three-board fence would cost about \$40.

Mr. Nevins of the finance committee reported a deficiency from last year of about \$1,000 and that it would be necessary to economize. He was authorized to prepare an annual budget and report at next meeting.

M. J. Burke, agent for the Eureka Hose Company, showed specimens of fire hose. Council voted to purchase 750 feet at 55c a foot, to be paid for September 5, 1906.
