**SCHOOL DIRECTORS' MONTHLY MEETING**

Was Held Last Night and Business Transacted Was Largely of a Routine Nature

The regular monthly meeting of the Sayre borough board of school directors was held in the high school building last night. Superintendent Stetler, President Thompson, and Directors Maddock, Whittle, Cook, Baltz and Brainard answered to roll call.  
Immediately after reading and approving the minutes of the last meeting the board granted the request of the Daughters of the American Revolution to use the high school hall on the evening of April 27.

A boy who had been expelled a short time ago appeared before the board and requested that he be allowed to re-enter school. He was asked if he would be good, and upon receiving an affirmative reply the board granted the request.  
Several bills were audited and ordered paid. A bill from the John Church Co. which has been running since April 27, 1903, was laid over for future action.

A bill for coal from D. Clary Coal company, for four tons of coal at \$5.75 per ton created some discussion. It developed that this was 25 cents per ton less than they have been paying another dealer, and while the discussion was in progress a telephone message was received from still another dealer saying that he would furnish coal at \$5.50 per ton, or 25 cents less than the price charged by the Clary company. No action was taken.

A committee from the Alumni was present and asked that the fund raised by the entertainments at the high school under the auspices of the association be laid one side for the purchase of books for the school library, and it was requested that a joint committee representing the board and the association be appointed to select the books. The board expressed its approval.

The president and secretary were instructed to make a temporary loan of funds with which to pay the teachers' and janitors' salaries, and the tax collector was instructed to make a report once a month.

A motion was made and carried directing the teachers to present their applications for reappointment on or before April 20th.

Superintendent Stetler advised that more stringent measures should be taken to compel more regular attendance on the part of pupils of the borough schools. The matter was referred to the board's attorney.

The base ball team of the high school presented a request that they be allowed to go to Towanda on Wednesday, April 25, to play ball at that place. It was the opinion of the board that these games should be arranged for Saturdays.

It was reported to the board that a certain boy, under the supervision of one of the women teachers, had been whipped on March 5 and again on March 8. The second whipping that he received was because he bragged about the first one, telling the other scholars that if he were whipped a second time he would be prepared for it. On the second occasion it was ascertained that he had on three pairs of stockings, one pair of pants and a pair of rubber boots, which he deemed was of ample protection against the wielder of the birchen stick.

**WILL GO THIS EVENING**

Over a hundred members of the Sayre Eagles will go to Towanda this evening at 4:55 on a special car attached to the regular Lehigh Valley southbound passenger. A new aerie of the order is to be installed at the county seat and the degree team of the local organization is to do the work. A banquet will follow the business meeting and the Sayre Eagles are promised a fine time.

**NARROWLY ESCAPED TERRIBLE ACCIDENT**

Pulled Wife from Track as Passenger Running at High Rate of Speed Whizzed By

Unusual caution and alertness gained from years of experience as a railroad man was doubtless the agent which saved not only the life of W. R. Raymond, the well known confectioner, but also the life of his wife, when the two by a hair's breadth escaped being run down and killed by an engine attached to a Lehigh special on the Auburn division of the Lehigh Valley.

Yesterday afternoon Mr. and Mrs. Raymond walked up the branch and then went to the banks of the Susquehanna river for the purpose of looking for a location for a summer cottage. They were accompanied by Mr. Raymond's dog, a valuable English setter, and after looking about for some time, started upon their return home. They walked along the southbound track until they reached a point near the ash track when a number of engines in the vicinity blowing off steam drowned the noise of an approaching passenger from the north. Mr. Raymond, however, realizing the danger about the railroad tracks was constantly looking backward. Presently he became aware of the presence of a train in the rear, and knowing that it was running at a high rate of speed he grabbed Mrs. Raymond and pulled her from the tracks just as the special whizzed by at the rate of 25 miles per hour. The dog in the meantime had run from underneath a string of freight cars directly in front of the passenger and was ground to pieces.

The escape of Mr. and Mrs. Raymond was most miraculous. As he pulled her from the track he felt the engine graze his clothing. He attributes his prompt action to the fact that he learned while railroading not to lose his head. Mrs. Raymond was somewhat frightened but has suffered no ill effects from her narrow escape.

The dog was considered valuable and Mr. Raymond greatly deplors its loss.

**PRINTING MATERIAL IS GOING UP**

Recently printers' supply houses have been sending out circulars to the trade announcing a cut of from ten to fifteen per cent in the discounts on materials used in printing offices. This means an equivalent raise in the price of these materials, and appears to be in keeping with the spirit of the times. During the past year the printing industry has undergone a great change. The hours of labor have been reduced, with no decrease in the price paid for wages, printing material of all kinds has climbed steadily upward, and the only recourse that the printer has is to raise the prices for completed work.

**FORMER SAYRE MAN DIED IN TEXAS**

Y. division of the Lehigh and resided at Sayre. He was obliged to resort to a different climate on account of weak lungs and has resided in Texas for several years. He is survived by his wife who was formerly Miss Grace Morrison, daughter of H. G. Morrison of Waverly and three children.

**AGREEABLY SURPRISED**

On Monday evening Mr. and Mrs. Graham of Brock street were most pleasantly surprised by the ladies auxiliary of the B. of R. T., the occasion being the 25th wedding anniversary of Mr. and Mrs. Graham. The ladies arrived at the home 20 strong and both Mr. and Mrs. Graham were taken completely by surprise. They were again rendered speechless when one of the party of ladies presented them a beautiful floor rug. Conductor James E. Burke made the presentation and after Mrs. Graham had recovered herself she responded in an appropriate manner. The remainder of the evening was spent in a most enjoyable manner and those who were there will long remember it. The following were present: Mrs. A. D. Terry, Miss Stella Graham, Miss Flossie Rounds, Charles Graham, Mr. and Mrs. Lattimer, W. S. Hufford, Geo. O. McHenry, J. E. Burke, E. G. Ackley, George Rounds, Walter Graham, C. J. Palmer, T. M. Inman, J. B. Inman and Charles Newland.

**BUSINESS MEN'S MEETING**

At a meeting of the Business Men's association held in their rooms last night plans for the banquet which is to be held in Kasper's restaurant on lower Desmond street were discussed. It was decided to fix the price at one dollar per plate and other necessary arrangements were made.

Before the meeting adjourned it was voted to appropriate from \$2,500 to \$3,000 for opera house purposes. Frequently parties come to Sayre and present a proposition to build an opera house, provided they can secure a certain amount of money here. The next time one of these parties show up he will be referred to the Business Men's association.

**THE TWENTY-THIRD LAMENT**

The politician is my shepherd, I shall not want for anything during his campaign. He leadeth me into the saloon for my votecake. He filleth my pockets with bad cigars and my beer mug runneth over. He inquireth concerning my family, even unto the fourth generation. Yea, though I walk through the rain and mud to vote for him and shout myself hoarse at the election, he straightway forgetteth me, although I meet him at his own house, he knoweth me not. Surely the wool hath been pulled over my eyes all the days of my life. And I will dwell in the house of the landlord for ever.
