The Valley Record

"All the news that's fit to print"
FRIDAY, APRIL 20 1906.

LOCAL BREVITIES

The trout streams are clearing up and fishermen are having better luck than they did during the first days of the week.

The new Valley telephone directory will go to press about May 1. Order a Valley phone put in your residence or place of business, and get your name in the new book. 3

"The Colleen Bawn," that old and decidedly entertaining Irish drama, was creditably presented by the Cook-Church Stock Company at the Loomis last night. This evening "Her Only Crime," is the bill.

The whistle blew in the shops this morning and called the men to work, but the majority of them were laid off until Monday next. It is said that beginning Monday next the men will work only eight hours per day.

Superintendent Loetzer of the Sayre Water company and a force of men under him, are busy flushing the water mains throughout the borough. The "blow offs," hydrants and "dead ends" are all being thoroughly flushed.

SAYRE WILL HELP SWELL THE FUND

All Citizens are Earnestly Urged to Contribute Toward Relief of San Francisco Fire Sufferers

Early today a number of business men set in motion a plan whereby a subscription fund for the relief of the 300,000 residents of the almost totally destroyed city of San Francisco, will be raised in Sayre and sent at the earliest possible moment to the Red Cross society, which in a proclamation issued by President Roosevelt has been designated as the proper hands in which all funds should fall.

Small banks have been procured and these will be placed in various business places, and everyone who is desirous of assisting the sufferers, (and everyone should be) are urged to deposit as much as they can afford in these banks. After a few days the banks will be collected and taken to the National Bank of Sayre, where they will be opened and the contents sent on to the Red Cross society.

The calamity which has befallen San Francisco is past human description, and unless aid is sent at once suffering for the bare necessities of life will inevitably follow. The nation has been called upon to respond to a call for help, and every community must do its share, be it big or little. The citizens of Sayre cannot be expected to contribute as much as a larger town, but its mite will help swell the fund. Therefore The Record would urge that every man, woman and child attend to this important matter at once. Funds are needed at the earliest possible moment, in fact they are needed now. San Francisco never has but three days' food supply on hand, and that which was there at the time of the earthquake is nearly exhausted. Remember that 300,000 human beings, driven from their homes by the most appalling calamity that ever visited this land of ours, have sent out an appeal for immediate help. Respond generously and do it promptly.

In this connection, however, it is advisable to give no money to strangers. At a time like this there are always to be found unscrupulous persons who collect money, but it never goes any further than their own pockets.

SATISFACTORY PROGRESS

J. K. Rush, promoter of the acetylene gas plant which is to be installed in Sayre, has been here several days in the interests of the project and will probably remain until tomorrow. Local men who are interested in the undertaking express themselves as being highly satisfied with the progress already made. No effort has been made thus far to dispose of any stock, from the fact that enough assurances have already been received from local business and professional men to satisfy that it will be all taken when the proper time arrives. Mr. Rush has as large a holding as any other individual in the company.

BICYCLE RIDER FINED

Agelos Bulgaris, a Greek peddler, was arrested this morning by Officer D. J. Sisson for riding a bicycle on a borough sidewalk contrary to a borough ordinance. The man saw the blue-coated officer coming and attempted to get away from him, but the officer was too quick, and both went down in a heap together. Justice Gay fined Bulgaris one dollar and the costs.

BASE BALL TOMORROW

The Waverly high school base ball team will cross bats with the local high school team tomorrow afternoon at 3 o'clock on the river-side grounds. The boys have been practicing steadily of late, and are in condition to put up a good exhibition of the national game.

REARRESTED ON AN OLD CHARGE

Miller Failed to Settle Coal Stealing Case and Is Again in Trouble

On the 20th of October last Weed Miller, a resident of Sayre, was caught in the coal bins of the D. Cleary Coal Company, and as his actions were of suspicion it was surmised that he was there for the purpose of securing a supply of coal. The company had been missing coal for some time, and Officer D. J. Sisson was instructed to watch the bins and place under arrest any person or persons caught prowling about. Miller was caught by the officer, but before being arraigned he agreed to settle the matter. Twenty dollars to cover the cost of the coal alleged to have been taken and the costs of securing the arrest was agreed upon as the terms of settlement. Miller paid five dollars of this amount and gave his promissory judgment note for the balance. The balance has not been paid and this morning the coal company secured another warrant for Miller's arrest.

Before the case was called for a hearing a settlement was effected, and the charge against Miller was withdrawn.

RECORD'S STORY AGAIN CONFIRMED

Its Reports Concerning the Disaster at San Francisco Are Reliable

This morning's telegraphic dispatches with reference to the appalling calamity which has befallen San Francisco, again confirm the authenticity of The Record's sources for obtaining news. In last night's issue the practical destruction of the city by flames was announced and this morning's news from the scene of the disaster confirmed the report. The entire city will be reduced to ashes; 300,000 people will be rendered homeless and a famine is likely to follow before aid can reach them, despite the fact that a well directed effort is being made to furnish the unfortunate ones with necessities as fast as possible. The disaster thus far is worse than any that has ever occurred in this country before, and will go down in history along with other great calamities which have from time to time befallen the inhabitants of large cities. San Francisco was one of the finest cities in the United States, and there is much speculation as to whether it will be rebuilt.

SHE WON A MILLIONAIRE

The American girl who posed for Gibson's picture of "Girlhood" and Europe wild over her beauty and afterward married a young Pittsburg millionaire. Mr. Gibson declared that she was the most beautiful type of youthful beauty that he had ever seen and in "Girlhood" pictured her in pen and ink. The picture, beautifully printed on fine paper, is free with every copy of the Sunday North American for April 22.

FUNERAL THIS MORNING

The funeral of Mrs. John J. Holteran, whose death occurred on Tuesday morning at her home on Seneca street, was held this morning from the Church of the Epiphany, the Rev. J. L. Shanley officiating. The obsequies were attended by a large number of friends and relatives of the deceased. The remains were taken to the Catholic cemetery for interment.

HOSPITAL NOTES

Peter J. Kelley of Ulster and Mrs. Rebecca M. Doolittle of Sayre were operated upon at the hospital this forenoon. Mrs. H. D. Morgan was admitted.

UPRIGHT PIANOS FREE

D. S. Andrus & Co. "Word Building Contest" is a Marvel. Winner Receives an Upright Piano

Owing to the press of business answering inquiries about the "Word Building Contest," D. S. Andrus & Co. has been forced to increase their clerical force quite considerable. The rush is on in earnest. Lists are piling up and the interest is rapidly intensifying.

The two grand prizes are now on exhibition at the various stores. The D. S. Andrus & Co. and Doylemarx pianos are certainly winners. They are magnificent instruments. The person who sends the largest correct list from the firm name of "D. S. Andrus and Company" will surely receive the first prize of a D. S. Andrus & Co. Cabinet Grand Upright Piano, and the second largest list will receive the Doylemarx piano. Then there will be other prizes aggregating nearly \$4,000.00 to be distributed according to the circulars and newspaper advertising. You may be the fortunate one. Get your list ready. Those who now own a piano are barred from contesting. If you do not own a piano this is a chance of a lifetime to get one, and that without costing you one cent.

All inquiries will be answered and particulars of the great "Word Building" contest will be furnished from the D. S. Andrus & Co., store at 114 Baldwin street, Elmira, N.Y.

BUSINESS MEN WILL HOLD BANQUET

It Will Occur on Thursday Evening Next at Kasper's Restaurant

On next Tuesday evening the Sayre Business Men's Association will hold their first annual banquet in Kasper's lower Desmond street dining hall. Arrangements are being made for a fine time, although the banquet is not designed to be on an elaborate scale, but has been originated more for the purpose of bringing the members of the association together. J. W. Bishop, I. A. Williams and W. T. Goodnow have charge of the arrangements and every detail which will contribute to the success of the affair has been carefully attended to.

Dr. C. J. Cummings has been chosen to preside as toastmaster, and Messrs. C. C. West, M. H. Sawtelle, I. A. Samuels, William Cross, T. J. Leahey and A. P. Wieland will respond to toasts. McGuire's orchestra has been engaged to furnish the music.

NOT DISTURBED HERE

The seismic disturbance in and around San Francisco did not affect the weather conditions this far east. Usually an earthquake has strong influences on weather conditions, but the shock was neither felt here, nor does it seem likely that the disturbance will mar these beautiful days. The weather man has promised a fine variety for the next few days, and if the warm weather continues straw hats will soon be the correct thing for men. One was seen on the streets of Sayre yesterday. It seemed a little bit previous but the wearer was apparently comfortable and blissfully unconscious of the fact that he was rushing the season.

TEACHERS' EXAMINATION

Examinations for teachers' permanent certificates will be held in Connty Superintendent H. S. Putnam's office at Towanda on the 4th and 5th of May, 1906. The program of examinations will be the same as for professional certificates.

The country roads are in considerably better shape, and the mud is fast disappearing under the rays of sunshine.
