MISUNDERSTOOD SIGNALS

A misunderstanding of signals at the shops this morning caused a false alarm of fire to be sounded. Recently the Lehigh Valley company has installed at the shops what is known as the Gamewell fire alarm system. The system is for the company's own use and the boxes are frequently tested. This morning J. A. Brittan, an electrician, was testing box 35 and the whistler who is in charge of the alarm misunderstood the test as an alarm of fire. He blew the whistle and for a time there was much speculation as to where the fire was located.

FATHER TOOK DAUGHTER HOME

Young Couple Who Eloped from Galeton Apprehended at Waverly.

Waverly—Yesterday afternoon the police received a telephone message from Lewis Snyder at Galeton, Pa., stating that a couple were coming through Waverly on Erie train No. 24, that the girl was his daughter Carrie, who was only 16 years years old and requested the police authorities to hold them. When the train arrived the young people were taken in charge by officers Gridley and Corcoran and brought to the town hall, where they were questioned. The man stated that his name was Charles Bailey, that he was 29 years old and that they had come to Waverly to get married.

Justice Hoagland suggested that the girl stay at a hotel while the young man remain in one of the cells in the lockup. The girl objected to this and said that she didn't want to leave Charley, and if he was locked up she wanted to be too. Relatives of the girl were found, however, and she was placed in their charge until her father arrived from Galeton.

Bailey had boarded with the Snyders for some time and a day or two ago announced to Mrs. Snyder that he was going away for a time. She accordingly pressed and fixed up his clothes for him in preparation for the journey. The girl wore short dresses and a neighbor kindly furnished the necessary clothes to make the girl appear more mature. They then slipped away and started for Waverly.

Lewis Snyder, the girl's father, arrived in Waverly at 12 o'clock today and took his daughter back home. He made no complaint against Bailey and he was allowed to go.

THREW STONES AT HOUSES

Waverly—A crowd of young fellows created a disturbance in South Waverly and indulged in stoning houses, and some shooting was done. They ran over into Waverly where all escaped except a young fellow named Morgan, who was captured and placed in the lockup. He was allowed to go this morning on a suspended sentence.

RETURNS AFTER 16 YEARS

Waverly—Robt. Goldsmith, who has been absent from Waverly for the past 16 years, returned unexpectedly yesterday. His whereabouts had been a profound mystery to his relatives and friends, who had not heard from him for many years. He was near San Francisco when the great earthquake occurred.

San Francisco, a city of 400,000 inhabitants has been almost totally destroyed by earthquake and fire; hundred have been killed; thousands have been rendered homeless; millions of dollars worth of property has been destroyed, and all in all the most terrible calamity that has ever visited the new world is now a matter of history.

The entire civilized world has been shocked by this appalling disaster, and an authentic story of the scenes and incidents connected with it will be read with avidity by the public.

Knowing that the people in this valley will be desirous of reading a correct and comprehensive account of an unparalleled conflagration that followed the earthquake's shock The Valley Record has entered into an arrangement whereby it can furnish to new subscribers, and old ones who pay arrearages and renew subscriptions, a 400-page book, containing a graphic account of the shocking calamity. This book is now being prepared by the Monarch Book Co. of Chicago, and will be ready for delivery in about two weeks. The subject matter will be prepared by Richard Linthicum, of the editorial staff of the Chicago Chronicle, and Trumbull White, author of the "Shadow of Death," and "Martinique," etc. Both are authors of national reputation and experts in seismology, thus guaranteeing to the readers of the book the strictest accuracy, written in a graphic and comprehensive manner. The book tells clearly and truthfully the story of the catastrophe, which, without warning, in the early hours of the morning destroyed human beings, residence, public and commercial buildings in San Francisco and numerous nearby cities.

The book will be complete in every respect, containing hundreds of illustrations made from photographs actually taken while the conflagration was in progress, together with many views of the city and its fine buildings before it was devastated by fire.

There are chapters giving thrilling personal experiences of the survivors and rescuers, the stories from eye witnesses, etc. In fact it covers the whole story and field of thought in this greatest of all disasters.

As fast as a corps of canvassers can be secured they will call upon each and every residence in this valley with a neat prospectus of the book, which will be ABSOLUTELY GIVEN AWAY FREE WITH EVERY YEARLY SUBSCRIPTION TO THE VALLEY RECORD.

The subscription price to The Valley Record is \$3.00 per year, and the book is made to sell at the same price, but under the terms of The Record's offer you get both for the price of one.
