WHERE ARE THIS MAN'S RELATIVES?

Patrick Burke Died at the Hospital Last Night and But Little Is Known Concerning His History

Patrick Burke, who until recently has been employed by the Federal Granite Brick Company of this place, died last night at the Packer hospital after a brief illness of pneumonia. Burke went to the hospital yesterday morning in a critical condition. An examination by the physicians developed the fact that he was suffering from pneumonia and he was also in the advanced stages of tuberculosis. But little is known of the man's history. He was 36 years of age and born in Ireland and came here some time ago to work for the brick company. At one time he boarded at the Bradford House, but recently no one appears to know where he has been staying. The body was removed to J. W. Grumme's undertaking rooms and effort will be made to find his relatives.

Unless relatives appear to take charge of the remains he will doubtless be buried at county expense.

According to information obtained from those who were acquainted with the deceased his condition for weeks had been most pitiable. The ravages of tuberculosis had made it impossible for him to work and he had lived as best he could. Without friends and money, and seriously ill, beyond recovery, he is said to have slept out of doors at night, and subsisted on food given to him by those who knew of his condition. He is not known to have any relatives in this section of the country. He had been in Sayre nearly a year, but in the meantime he did not divulge enough of his personal history to be any advantage to the authorities in ascertaining the whereabouts of his friends.

RELIEF ORDER GRANTED.

This morning an application for relief was made for Michael Kelley, a cripple who has been an inmate of the Packer hospital for the past 25 days. Kelley was found nearly a month ago wandering about the streets of Sayre by Chief Walsh. The man was ill and the chief succeeded in getting the hospital authorities to look after him. The prospects are, however, that the man will never be able to take care of himself and the hospital authorities think that the county commissioners should look after him.

BURGLARS ROB MILLTOWN STORES

Two Places of Business Looted Early This Morning by Unknown Thieves

Bold, bad, unidentified burglars, evidently members of a touring gang, broke into and robbed two stores in Milltown this morning between one and two o'clock, and although Officer D. J. Sisson was on the ground within five minutes after the thieves had left, they had completely disappeared, and all efforts to trace them have thus far proven futile. The work was done by two men, and they first visited the store conducted by Wayne Towner on Cayuta street. Entrance was effected by breaking in the flimsy panel of the front door.

The store, which is a small one, was completely ransacked and everything was turned upside down. The thieves secured 16 sacks of granulated sugar, 600 cigars, 400 pennies, a quantity of plug tobacco, \$100 in postage stamps, and a number of stamped envelopes. They next went to the store conducted by George Wilson. This, too, is a small store, and as in case of the Towner store, the front door was easily broken open. Here the thieves secured 600 cigars, a quantity of dishes and cloth and a box of plug tobacco. As they were leaving the store a woman who resides on the opposite side of the street, and who had been up during the night with a sick child, saw them leaving. She notified Officer Sisson, but when the latter arrived no trace of the men could be found. This morning Chief Walsh and Officer Sisson conducted an investigation. A number of the articles taken by the thieves were found scattered along the street between Wilson's store and the D. L. & W. railroad tracks. It is presumed that the thieves were members of the hobo fraternity and that they are by this time far away.
