SCHOOL DIRECTORS MET LAST EVENING

Graduating Exercises Arranged for and Other Matters Discussed

The last regular meeting of the present school board was held in the high school building last night, Directors Thompson, Brainerd, Cook, Talada and Baltz being present. In the absence of Secretary Whittle, who is at Towanda speculating as to whether he will be accepted as a juror in the Johnson murder case, Director Brainerd officiated as secretary pro tem.

A bill presented by C. S. Gay, ex justice of the peace, for $5 16 for carrying the ballot boxes to Towanda in the Thompson-Haaze election contest case, was ordered paid, after some discussion. Some of the directors were of the opinion that it was not the duty of the board to settle this bill, but the majority of the directors thought otherwise, and Mr. Gay will get his money for which he has waited a long time.

A resolution was passed which will be the means of securing for Miss Lillian Yontz, a life certificate. Miss Yontz is a graduate of a state normal school and before she can secure a certificate of the character named she must first get a certificate from a school board that she has been a successful teacher for a term of two years.

Tax Collector Plumstead reported that during 1905 he had collected taxes amounting to $17,520 07

The treasurer's report showed that $51,083 78 had been received during the past year, and that the expenses were $50,960 08, leaving a balance in the treasurer's hands of $123.70.

Superintendent Stetler reported that the highest attendance during the term had been 1,426 and that the highest during the past month had been 1,220. The average attendance during the entire term is 1,096. During the term now drawing to a close 14 pupils have been neither absent nor tardy, and during the past month those who have attended with regularity number 496

The board discussed the approaching graduation exercises to some extent. Unless a change is made in the date the exercises will probably occur on June 6 at the high school hall. The sermon to the class, which this year is composed of 22 members, will also be delivered in the high school hall, the minister to be chosen by the class. It was decided to secure carriages to convey the female members of the class to and from the hall, and the sum of $15 00 was appropriated to procure class invitations. Director Baltz was appointed as a committee to secure the carriages; Cook and Tallada, furniture; Talada, Baltz and Adam, printing, and Brainerd, orchestra.

All the old teachers who have made application for reappointment for positions in the borough schools were recommended to the new board, which will meet and organize on the first Tuesday evening in June

KILLED NEAR NICHOLS

Margaret Sharp Warner, a Nichols woman, was struck and instantly killed by a Lackawana flyer near that place on Monday afternoon. The woman stood at a crossing waiting for a freight train to pass When the train had cleared the crossing she stepped on the track directly in front of the flyer. Her body was horribly mangled.

TRAFFIC IS HEAVY

The passenger traffic on the Lehigh is heavy. Miners who left the coal regions during the suspension are returning in great numbers and the road is taxed to its capacity in providing them transportation.

The recent rains have extinguished the mountain fires which have been in grogress in many places in Northeastern Pennsylvania.

SOUTH WAVERLY BOROUGH COUNCIL

Held Monthly Meeting Last Night and Disposed of Several Important Matters

The borough council held a regular adjourned meeting last evening. It was decided to keep the tax rate the same as it has been heretofore, and the rate remains 8 mills on the dollar.

Tax collector P. R. Ackley appeared, and the council settled with him for the taxes of the past year.

The matter of Mrs. M. C. Ackley's sidewalk rebate came up. A walk 700 feet long had been laid, and she demanded a 25 per cent cash rebate on the entire walk. The ordinance only allows cash rebate on 250 feet in one year, and that amount was allowed.

Before renewing the electric light contract it was decided to ask the electric light company for another free light in the council room, and a committee was appointed for the purpose.

A motion to accept the offer of John Long to furnish money at 5 per cent for refunding the borough indebtedness was passed.

The street committee in conjunction with the borough attorney was directed to confer with the National Car Wheel Co. in regard to opening a ditch on the land of the company to allow the free flow of water from lower Bradford street.

The matter of sidewalk rebate due the D. L. & W. R. R Co. was put over until the next meeting.

The clerk was directed to notify the Valley Telephone Co. to put a phone in the council room, one in the high school building, and one in the home of the chief of police.

The council then adjourned.

JURY SECURED IN JOHNSON CASE

Names of the Men Who Will Determine the Guilt or Innocence of the Accused

A jury has been secured in the Johnson murder trial and the opening address of the district attorney was made to the court shortly after opening this morning. The taking of evidence followed immediately. The following are the names of the gentlemen who will determine the guilt or innocense of the accused:

Ammon Hope, grocer, Sayre; Earl A. Allen, clerk, Sayre; Wm. D. Campbell, car repairer, Athens; Edmund Tupper, farmer, Pike township: Frederick M. Hicks, justice of the peace, Rome; Chas Barnes, farmer, Windham; Seth Elsbree, merchant, Ulster; Ernest Arnold, farmer, Windham; Charles C. Smith, cabinet maker, Towanda; George Tabor, mechanic, Athens; Richard L. Bevan, agent, Burlington.

INTERESTING HEIRLOOM

At the regular monthly meeting of the teachers of the Presbyterian Sunday school last evening, Mr. I. A. Samuels exhibited an ancient copy of the "Torah," which comprises the first five books of the Testament and is known as the Law. The work is beautifully done on parchment, copied by hand, and is a very precious heirloom, having been in the Samuels family for more than 250 years.

Mr. Samuels gave a very interesting talk on the manuscript, speaking of the reverence in which the "Law" is held, the care which is taken of such copies, and the unusual safeguards put about it to preserve it from error. He also described the use of the "Torah" in the Synagogue service.

It is doubtful if there is a more interesting heirloom in the town than that in possession of Mr. Samuels.

TRUANCY LAW MUST BE ENFORCED

Unless More Attention is Paid to Truants, Portion of State Appropriation is Likely to Be Withdrawn

At the meeting of the school board held last night Superintendent Stetler stated that unless there was a more vigorous enforcement of the truancy law in Sayre borough the state appropriation is likely to be cut down one-fourth. He insisted that radical measures should be taken by the board to secure better attendance on the part of pupils, and that instead of the truant officer calling at the homes of parents and asking why absentees were not at school, the compulsory law should be enforced to compel attendance. Parents are in most instances held responsible for the non-attendance of their children, and in the event of their refusal to compel attendance are liable to a fine.

It is probable that the report of Superintendent Stetler will be taken up by the authorities and that in the future more regular attendance will be required of truant pupils.

In connection with the foregoing an incident occurred recently in the borough schools which goes to show that corporal punishment has not yet been stripped of its efficacy. It appears that over in the western part of the town there resided with his parents a young lad who refused to go to school, and all efforts on the part of the lad's parents and the truant officers to compel him to attend had been futile. One day, however, he wandered into the school room at the noon hour and took his seat with the other scholars, having been induced by some unknown motive to attend school for the day. Shortly after the school had been called to order the female teacher invited him to come up front, and then extended a second invitation to him to com into the hall. And there in the solitude of the hall, the teacher proceeded to wield the birch rod good and plenty, and when she had finished that particular boy solemnly vowed and promised that never again would he absent himself from school without sufficient and reasonable excuse. Although this was some time ago it can be said that he has not yet violated his promise. Thus it would seem that the rod still has its place in the public schools.

HORSE RAN AWAY

The horse attached to E. J. Connelly's delivery wagon ran away near the corner of Wilbur avenue and Stevenson street about one o'clock this afternoon. In turning the corner the horse tipped the wagon over, smashing it badly and tore the cross bar and whiffle tree loose from the wagon, and ran wildly east on Stevenson street, the whiffletree swinging in the air at the end of the tugs. Turning down Elmer avenue, when near the Catholic church the tugs wound around the animals legs, and it sat down on its haunches in the road and waited until it was disentangled.

PLAYED RETURN GAME

The Altar boys of the Church of Epiphany played the Elmer Avenue Stars a return game of ball yesterday afternoon, the latter team being defeated by a score of 8 to 5 The game was played on the Star's ground on North Lehigh avenue and was exciting from start to finish.
