INSPECTING AWNINGS
Waverly—Chief of Police Brooks was around this morning with a stick seven and one half feet long, measuring the height of the awnings that overhang the sidewalk. All those that fell below that height will have to be raised, and the greater number were too low. The village ordinance covering the matter provides that awnings must clear the sidewalk at least seven and one half feet.

WORTH THE PRICE
Waverly—A miniature coal breaker and mine in full operation may be seen this evening on Pennsylvania near Broad street. Papers from towns where the mechanism has been seen state that it is very realistic and worth the time and money of anyone to see. The outfit is the work of two young men and is filled with ingenious contrivances.

OWEGO WON GAME
Waverly—A base ball team from Owego played the Reliance team of this place on the Howard street grounds yesterday afternoon. The local boys played a good game, but the Owego pitcher that went in in the seventh inning, proved too much for them, and they lost the game by a score of 11 to 14.

HOSPITAL NOTES
J. N. Coleman of Herrickville, was admitted to the hospital today. Adelbert Miller of Powell, and Drie Gregory of Meshoppen, were discharged this afternoon.

Newspapers are always glad to get all the news that is obtainable, and The Record is no exception to the rule. If you cannot bring or send your news items to the office, use the telephone. Call 128X.

Critical Hour For Russia.
ST. PETERSBURG, May 19.—The moment which will decide whether there is to be peace or war between the crown and the people has apparently arrived, with the adoption by the lower house of parliament of its reply to the speech from the throne at the opening of parliament. President Murontseff went to Peterhof to present the reply to the emperor, and the latter's response is awaited with great anxiety. Popular opinion considers that the government has no option between surrender and conflict.

Northern Wisconsin Fire Sweep.
MILWAUKEE, Wis., May 19.—Forest fires are raging in northern Wisconsin. Stanley, Chippewa county, Wis., with 5,000 inhabitants, is reported to be in flames. The village of Auburn, Wood county, was swept by fire, which started in a lumber yard, destroying property valued at \$100,000.

Financial and Commercial.
Closing Stock Quotations.

TRADE CONDITIONS.

R. G. Dun & Co.'s Weekly Business Report.
NEW YORK, May 19.—R. G. Dun & Co.'s weekly review of trade conditions—Higher temperature accelerated the movement of reasonable merchandise and improves agricultural conditions except where the precipitation has been insufficient. The season was somewhat backward on the far west until this week, but lost ground is being regained, although the scarcity of labor delays operations.
Manufacturing returns indicate few strikes and little idle machinery, some sections of the iron and steel industry having secured contracts covering output more than a year ahead and shipments of footwear from Boston are surpassing all records, while the textile mills operate freely notwithstanding the high prices for raw materials.
Railway earnings for the first week of May were 10 1/2 per cent larger than in the corresponding week last year. Foreign commerce in April surpassed the same month in any preceding year. Security trading developed much irregularity, although call loans became easier, but time money is firmly held by the approaching maturity of many foreign loans. Bank exchanges at New York were 12 1/2 per cent larger than a year ago, while at other leading cities the gain was 8 per cent.
Western receipts of 1,578,701 bushels of wheat exceeded the 873,408 in the same week last year, and exports from all ports of the United States, flour included, amounted to 1,320,305 bushels against only 634,072 a year ago. Interior arrivals of corn were 2,098,130 bushels against 912,640 last year.
Commercial failures for the week were 211 against 209 last week, 212 the preceding week and 234 the corresponding week last year.

Fatal Fight in Canoe.
PORT WILLIAM, Ont., May 19.—W. A. Thompson and Isadore Bouchard, formerly employed on the projected line of the transcontinental railway, fought to the death in Helen lake on the north shore of Lake Superior. While in a canoe half a mile from shore they engaged in combat, capsizing the craft. Then they climbed to the top of the upturned canoe and engaged in a hand to hand struggle lasting nearly thirty minutes, when their strength spent, they slipped into the water and sank. There had been a feud between the two men over a girl.

Londoners Getting Stately.
The social trend of the times in London is toward a return to old-fashioned staidness. During last year girls were given the same good time that they had in the '60s and '70s, smart women no longer rule the world and "new rich" entertainers have given place to hostesses of the aristocracy. The return of the chaperone means the disappearance of "hooligan" girls. There has been a falling off in the matter of private concerts and the craze for fancy balls seems to be a thing of the past.
