CZAR'S BOMBSHELL.

Refuses to Receive Deputation From Douma.

FEAR DISSOLUTION AND CIVIL WAR

Emperor Orders Reply to Speech From Throne to Be Sent Through Court Channel—Deputies 'Wild With Anger.'

ST. PETERSBURG, May 21.—A bomb was thrown into the parliamentary camp by a note received by President Murotseff of the lower house from Emperor Nicholas, which, instead of making an appointment for an audience at which he and the deputation could present the address in reply to the speech from the throne, contained the information that Emperor Nicholas would not receive the deputation and that the address must be presented through the ministry of the court.

Disconcerted utterly at this unexpected development, the leaders of the majority in the house hastily summoned a caucus of the Constitutional Democratic deputies. President Murotseff, instead of sending the address to Baron Fredericks, minister of the imperial house, immediately issued a call for a meeting of parliament today, at which he will report the occurrence and ask for further instructions. A most heated meeting is in prospect.

The first disposition of the caucus of Constitutional Democrats, which held three sessions, was to regard the refusal to receive the deputation as a challenge and an open affront which was only answerable by a counter declaration of war. The deputies were red with rage, but after the first passion had cooled the leaders realized the danger of too precipitate action and set for themselves the task of bringing their enraged followers under control.

Outsiders were not admitted to the caucus, but through the glass doors of the great hall of the Constitutional club, where the sessions were held, it could be seen that Professor Mikouff, Prince Peter Dolgoroukoff, vice president of the lower house, Prince Lvoff, Professor Kareloff and others were on their feet time and again pleading with and commanding their auditors to act deliberately and firmly and not ruin all by unreasoning passion.

The cooler counsels seemed ultimately to be prevailing, but it is almost certain that the radical group, accompanied by a portion of the peasants, will break away and endeavor to force the house into some fiery declaration against the emperor and the government which will compel an immediate rupture and perhaps entail dissolution and civil war.

An interesting constitutional point is involved in the refusal of a personal audience by the emperor. According to the parliamentary law, "the president submits to the consideration of the emperor the transactions of the lower house," but it is not stated whether he does so personally, and a deputation is nowhere authorized.

A correspondent was informed by a member of the ministry that Emperor Nicholas was willing to receive President Murotseff, but that the action of the house in appointing a delegation to accompany him was regarded as a dangerous precedent, capable of being stretched to include a deputation of any size, even the whole of the membership of the house.

It was pointed out that no distinction had been made between the lower house and the council of the empire and that the last named body had also been instructed to present its address through the same channel.

President Murotseff again went to Peterhof last evening in order to be presented to the empress, who had no opportunity of meeting him during the ceremonies there Saturday. He did not see the emperor.

It is reported here that a plot has been hatched at large meetings of military officers to surround the Tauride palace, arrest all the members of the parliament and proclaim General Tropp military dictator in the event of Emperor Nicholas failing to abolish the parliament.

Days of the Douma Are Numbered. LONDON, May 21.—The Daily Telegraph's St. Petersburg correspondent declares that the days of the Russian parliament are numbered. He says: "In the eyes of the court party the parliament is already dead, the only question not solved being how and when to arrange a decent burial. My belief is that the crown will dissolve the parliament, promulgate a narrow electoral law and order new elections, which will result in the return of its own partisans."

Service of a Hundred Years Ago. BETHLEHEM, Pa., May 21.—One hundred years ago the old historic Moravian church of this place was dedicated by Bishop Loskiel. The centennial anniversary was celebrated by the congregation with special services. Right Rev. J. M. Levering preached the anniversary sermon, Rev. A. D. Thaler, the pastor of the church, read the historical paper, and Bishop C. L. Moench of Philadelphia delivered an address. The order of services were similar to that used a hundred years ago.

Christians Beat Turkish Forces. CETTINEJE, Montenegro, May 21.—Christians of Stogo, Baritzo and Prochetebe, on Turkish territory, seeing their villages pillaged and burned have risen in a body and attacked the Mussulmans, driving them from the villages and utterly routing them. The Turks lost fifteen killed and twenty-three wounded. The losses of the Christians were trifling. Shooting in the villages continues.

Three Young Syrians Drowned. LAWRENCE, Mass., May 21.—George Kahil, Salem George and Boris Andon, three young Syrians, were drowned in the Merrimack river while canoeing. They were inexperienced in the handling of the craft and capsized in midstream. No one was near the scene of the accident to help them.

ALFONSO'S WEDDING.

Princess Ena Will Make State Entry Into Madrid.

MADRID, May 21.—This city is rapidly putting on gala attire in anticipation of the marriage of King Alfonso to Princess Ena of Battenberg. The erection of superb street decorations has begun, and the parks and other public places are being transformed into luxurious gardens by the planting of thousands of palms and rosebushes. The streets through which the wedding cortege will pass will be literally carpeted with flowers. The florists in the Canary islands have been ordered to supply 1,200 tons of flowers for the Plaza de Toros, and other centers will be similarly strewn with flowers.

The envoys of Norway, China, Austria-Hungary, Denmark and Russia have arrived. The royal palace is the scene of the constant reception of arriving delegations, many of them bringing elaborate presents. The government's presents already fill three large saloons of the palace.

Princess Ena's present to King Alfonso is an exquisite jeweled sword, specially designed at Toledo. Frederick W. Whitridge, the American envoy, is expected May 24. The Countess Pino-Hernandez has placed her handsome palace at the disposition of the American party. Palaces belonging to the cranelles are occupied by the Grand Duke Vladimir of Russia, Archduke Ferdinand of Austria and Prince Albrecht of Prussia and their extensive suites.

The American minister, Mr. Collier, is giving a series of brilliant banquets, his guests including the Duke of Alba, the Duchess of San Carlos, the Marquis Tovar, the Austrian ambassador, and many other persons prominent in diplomatic and court circles.

The bride will arrive in France on board a British warship May 24 and will proceed by special train to the Spanish frontier, where King Alfonso, Premier Moret and the foreign minister, the Duke of Almodovar, will receive the princess and accompany her to the Pardo palace. On the wedding day the bride will enter Madrid in state and occupy the ministry of marine, which is being sumptuously prepared for her.

ENGLISH WOMEN WANT VOTES.

Four Hundred Suffragists Storm Campbell-Bannerman.

LONDON, May 21.—Escorted by forty members of parliament, nearly 400 women suffragists, representing organizations from all parts of the empire, interviewed Premier Campbell-Bannerman, man at the foreign office and presented their claims that women be allowed to vote.

Only eight members of the numerous deputation were allowed to speak, and a time limit was named. The immediate grant of women's rights was the unanimous demand of the speakers, and one speaker manfully declared that the women were prepared to sacrifice their lives in behalf of their demands.

The premier smiled upon this strangely assorted gathering of women, including ladies of title, by and by with factory employees, and said he sympathized with the object of the deputation, but asked his visitors to be patient until the government became more united in favor of the extension of the franchise to women.

Personally he believed that women were as well qualified as men, and perhaps better, to exercise the right to vote, and, in his opinion, the deputation had made out a conclusive and irrefutable case.

Speaking for others, however, as well as for himself, the premier pointed out that it was necessary to reach the virtue of patience. Only harm would result if, because of his own sympathies and convictions, he gave a pledge regarding the time and method of achieving the object they had in view. He warned the women against indiscretion, which, he said, would probably check the flowing tide, and advised them to leave the matter confidently to the growing strength of their cause.

The premier wound up his remarks with the statement that he believed it would not be many years before the desired change was brought about. This reference to years was met with hissing from the members of the deputation, who left the foreign office evidently greatly dissatisfied.

Murder at Netcong, N. J. NETCONG, N. J., May 21.—James H. Van Blarcom, a contractor of East Orange, who with his wife was on a visit to Robert Sikes, Mrs. Van Blarcom's father, was shot and instantly killed by Henry Stevens, a teamster. Stevens had assaulted Sikes, and attempted to strike her father when Mrs. Van Blarcom intervened. Stevens then drew a revolver and shot Van Blarcom through the head. The two Sikes then attacked and disarmed Stevens and turned him over to a constable.

North President a Suicide. NORFOLK, Va., May 21.—Irwin Tucker, president of the Savings bank of Newport News, Va., committed suicide in his room over the bank just as Chief of Police Reynolds of that city opened his door to arrest him on a warrant charging him with defaulting in the sum of \$10,000. Tucker heard Reynolds ask a negro porter where his room was and, standing in front of a mirror, put a bullet through his right temple as the door was thrown open.

Three Young Syrians Drowned. LAWRENCE, Mass., May 21.—George Kahil, Salem George and Boris Andon, three young Syrians, were drowned in the Merrimack river while canoeing. They were inexperienced in the handling of the craft and capsized in midstream. No one was near the scene of the accident to help them.

HAVANA'S FETE DAY

President Palma Inaugurated In Island Republic.

GUNS ROARED AND TROOPS MARCHED

Spanish Minister Congratulates Cuban Ruler on Behalf of Nations. Palma Prays For Spain and Alfonso.

HAVANA, May 21.—President Palma was inaugurated here in the presence of the diplomatic corps in full uniform, cabinet officers, senators, congressmen, judges, heads of departments and the representatives of economic, agricultural and commercial associations. None of the Liberal members of congress attended.

The inauguration ceremony took place in the rest salon of the palace. The oath of office was administered by the chief justice of the supreme court in front of a dais on which were seated eight supreme court judges and the court fiscals. Over the central portion of the dais was suspended a canopy of red, on which was the Cuban coat of arms. When President Palma, who appeared to be in the best of health, entered the salon the guns of the Cuban fortress pealed forth a noisy welcome to the incoming administration, and outside the palace the crash of bands playing the Cuban national anthem was heard. Accompanied by Vice President Medvez Capote and the members of his cabinet, President Palma advanced down the aisle, flanked on either side by members of the diplomatic corps, judges of the local courts, congressmen and guests, and from the dais spoke briefly in appreciation of the occasion and thanked those who participated in the inauguration.

Senor Gaytan de Aynin, the Spanish minister, who is now dean of the diplomatic corps, then advanced and read an address in behalf of all the members of the diplomatic corps, felicitating President Palma on assuming an office worthily bestowed and thanking him especially for his efforts to increase friendly relations between Cuba and other countries. The address assured the president of the perfect confidence of all the powers represented at Havana.

The president, responding extemporaneously, said that he appreciated deeply the honor tendered him at such a moment. "This nation," he added, "feels encouraged and strengthened by such manifestations made in the name of the representatives of so many friendly nations. I consider your words a happy augury for the new presidential period just initiated.

"The gratitude I owe you will be seen to bear fruit in a constant effort to further strengthen the relations, the cordial understandings and the bonds of sincere friendship fortunately uniting Cuba with the nations you represent. I raise my most fervent prayers to heaven for the happiness of all of you and especially, sir, for the prosperity of Spain and the individual felicity of your august sovereign."

General congratulatory notes ensued, after which President Palma went out on the balcony and repeatedly saluted the crowd in the plaza and reviewed the troops as they marched past.

Y., May 21.—Mystery surrounds the death of William McCullen of Watervliet, who was found dying beside the tracks of the Schenectady railway on the Troy road. The man came to this city to work as a laborer on Wednesday. His head was lying on the bank of the track. His skull was fractured and his jaw broken. He died half an hour after being brought to the hospital in this city. The authorities have been unable to determine how he met death. It is believed he was struck by a passing car or automobile.

A detective is endeavoring to locate him.

SANTO DOMINGO RISING.

General Morales on Move—Cruiser Columbia Sails Today.

WASHINGTON, May 21.—A special report from San Juan, Porto Rico, says that General Morales, former president of Santo Domingo, will sail on the next French line steamer leaving there for St. Thomas, Danish West Indies. He desires knowledge of the reported organization of an expedition at St. Thomas, but says he will go back to Santo Domingo as soon as he receives advice that a general uprising against the government of President Caceres is imminent. He predicts a serious disturbance.

General Morales admits his inability to accomplish what he desires to do in Porto Rico because of surveillance by enemies. He says he will oppose military occupation of Santo Domingo by the United States to the extent of taking up arms.

The cruiser Columbia, which has arrived at the League Island navy yard, Philadelphia, is being hastily prepared for sea and will leave for Santo Domingo today with 600 marines. Under hurry orders from the navy department detachments of marines from Boston, Brooklyn, Washington and Norfolk arrived in Philadelphia during the day and were sent on board the Columbia.

The United States revenue cutter Algonquin has been ordered to watch the Mona passage, the channel between Santo Domingo and Porto Rico, and to search Mona Island for Dominican revolutionists, who are reported to have left St. Thomas recently for Santo Domingo. The gunboats Newport and Nashville have received orders to sail for Santo Domingo.

Giants Beaten at Chicago. CHICAGO, May 21.—Before a record breaking crowd at National League park the leaders defeated the champions in their first clash of the season. Lundgren pitched a superb game, being hit hard in only one inning, and receiving perfect support, while Ames was batted freely in four innings and his backing rarely ragged. Mounted police were kept busy forcing the vast crowd back, and ground rules were made which allowed but two bases for everything hit into the crowd. Score, 10 to 4.

Cincinnati, 11; Brooklyn, 3. CINCINNATI, O., May 21.—The Brooklyn Nationals were beaten here in a slow game against Cincinnati. Weiner was hit hard at times, although the visitors never looked dangerous after the first inning. Manager Donovan and Captain Casey of the Brooklynians were put off the field in the first inning for disputing decisions. Huggins retired in the sixth because of a slight injury to his ankle.

Slugging Won For Quakers. ST. LOUIS, May 21.—The Philadelphia Nationals defeated St. Louis in a slugging game, 5 to 3. Some heavy hitting by the Quakers in the fifth was what brought victory, four runs being totalled then.

Twelve Hurt in "Coaster" Smashup. CHICAGO, May 21.—Twelve persons were injured, two of them severely, in an accident on the "coaster" at the White City Amusement park. THE GREATEST SHIP

Kaiserin Auguste Victoria at New York With 2,994 Souls.

WOMAN CALLED IT A GAMBLING HELL

Ocean Cruised, With Great Professions, Towering Decks and Partial Apartments, a Wonder of Naval Skill.

NEW YORK, May 21.—The biggest ship in the world, the Kaiserin Auguste Victoria—arrived during the night on her maiden trip from Hamburg, Dover and Cherbourg.

She brought 2,994 souls, including 250 saloon, 242 second class, 148 third class and 1,796 steerage passengers and a crew of 648. All of them agreed that the ship, with her towering decks, great proportions, palatial apartments and hitherto unheard of features, is a wonder of naval construction.

The trip was made interesting by the chase of a Pittsburg pigeon by gamblers bent on plucking him and a riot among the scratch crew signed on account of the Hamburg strike in lieu of regular sailors.

The professional gamblers even got after women in their eagerness for victims. Mrs. D. Bonser, a rich Englishwoman, who made the trip for pleasure and is booked to return on the same ship, was afraid to come ashore. She said a gambler named Colman, who is known as Doc Owen, and a friend going under the name of Oppenheim, knowing she had money, had tried to interest her in a race track scheme.

She was afraid the gamblers would kidnap her if she went ashore alone. "The ship was nothing but a gambling hell," said Mrs. Bonser. "There was card playing and gambling all the way. It was common report that the sharpers fleeced the son of an American millionaire out of \$25,000. The young man appeared but once in the cabin during the trip."

A young Pittsburg millionaire whose family is known on both sides of the Atlantic was followed on board by three ocean card sharps. Friends ashore, it is said, heard of a plot to swindle him and sent from Cuxhaven a wireless warning to the Pittsburger. All the way the gamblers tried to induce the young man to play, but he resolutely refused.

Looking at the crew, one gentleman said it was a wonder the ship ever got here at all, as the crew was a museum of curiosities, many of the sailors being mere boys. As a result of the reported riot among the crew at Dover some men were put ashore. When the ship was abreast of the heights near quarantine the big ship, with her seven tiers of lights and one powerful light at each end of the vessel, rivalled Coney Island "Inland" just across the bay.

The most wonderful and artistic features of the new levitation are her Ritz-Carlton restaurant, two story smoking room, which is patronized by women as well as men, gymnasium and winter garden, all on the Kaiser's deck.

Things in Congress. WASHINGTON, May 21.—The railroad rate bill, the statehood bill, the diplomatic and consular appropriation bill, the naturalization bill, the pure food bill, conference reports on the army and Indian appropriation bills, are all possibilities of consideration in the national house of representatives at an early date. Today will be devoted to the passage of minor bills under suspension of the rules. With the billuster of the Democrats to promote the statehood bill, the result probably will be comparatively small in the number of measures passed.

An International Dispute. DETROIT, Mich., May 21.—An international dispute of magnitude is imminent between the United States and Canada over the question of the payment of the Canadian income tax by the United States government engineers who are in charge of the dredging operations in the Canadian channel of the Detroit river and who make their home in Amherstburg, at the mouth of the river. Although the Canadian courts have decided against the Americans, the latter still refuse to pay.

Pope Plus Is Better. ROME, May 21.—Dr. Lippson visited Pope Plus three times yesterday. The temperature of his holiness during the day was somewhat over 90 degrees but at night he had no fever. The pains incident to the attack have some what diminished, and movement of the limb is easier. The patient wished to rise, but Dr. Lippson advised him not to do so, and his holiness acquiesced.

Honor Mecklenburg Declaration. CHARLOTTE, N. C., May 21.—Today the city of Charlotte and people from all sections of this and other states are celebrating the signing of the Mecklenburg declaration of independence, a document said to have been promulgated here on May 20, 1775, nearly a year in advance of the declaration at Philadelphia.

Power House Burned. ST. CHARLESVILLE, O., May 21.—The triple power house and generator of the Burnside coal mines, three miles north of here, were burned last night, with a loss of \$30,000. New machinery had been installed recently and was turned over to the company on Saturday. The fire is said to have been of incendiary origin.
