Miners' Strike at Steubenville.

STEUBENVILLE, O., May 22.—Out of forty nonunion miners brought in to work the Plum Run mines of the United States Coal company only eight reached the mines the others being persuaded to leave or were frightened off by strikers' pickets. It is stated that an attempt to run the mines will be made today. There are at present 104 strike breakers and ninety-five deputies, but more nonunion men are expected before an attempt is made to run the mines.

SENATOR BURTON CONDEMNED

Sentenced to Six Months in Prison and Fined $2,500.

WASHINGTON, May 22.—The supreme court decided against Senator Joseph R. Burton of Kansas, who was convicted of accepting a fee from the Rialto Grain and Securities company of St. Louis for services rendered that company in an effort to prevent the issuance of an order by the postoffice department prohibiting the use of the mails by the company. Senator Burton's sentence was six months' imprisonment and a fine of $2,500.

"If Senator Burton does not resign at once," said a prominent senator on learning the decision, "a resolution will be introduced to declare his seat vacant."

This was Senator Burton's second appeal to the supreme court. In the first case the circuit court found him guilty and imposed the same penalty that was imposed in the present case, but the supreme court reversed the decision in the first instance because it was made to appear that the money was paid in Washington and not in St. Louis, where the case was tried.

Justices Brewer, White and Peckham united in a dissenting opinion, delivered by Justice Brewer. Their opinion was based on the theory that the United States was not legally interested in the case against the Rialto company, in which Burton was employed as counsel.

Immediately after promulgating its decision the court granted a motion to give sixty days to Senator Burton in which to prepare a petition for a rehearing. The action will have the effect of taking the case over until the next term of the court, beginning in October, as the present term will expire next Monday.

A Topeka report says that Governor Hoch, who if Senator Burton's seat were declared vacant, would probably appoint a successor, when asked if he would appoint W. R. Stubbs or Congressman Charles Curtis refused to talk.

W. R. Stubbs is a railroad contractor and until recently was chairman of the Republican state central committee.

Michigan Mines Still Closed.

BAY CITY, Mich., May 22.—An effort to bring the coal operators and miners of Michigan into conference in an effort to reopen the Michigan coal mines failed here, for the time being at least. When the conferees met, T. W. Davis, spokesman for the operators, demanded a preliminary understanding that the initiation fee of the miners' union should be reduced from $50 to $10. This was refused. The Michigan mines, which are all bituminous, have been closed since March 31.

Robert Escabar has returned to Athens after spending the winter in Havana, Cuba. He says that the United States government has made a new city of that ancient Spanish town, and that the native inhabitants are putting on new life and energies. The stars and stripes is a great civilizing emblem in the world's progress.

Dr. McClarty has received an invitation to attend the fiftieth annual commencement exercises of Pennsylvania College of Dentistry, to be held at the Academy of Music in Philadelphia June 1. As he has a ticket on the stage it is evident that he will be an honored guest. The banquet of the Alumni will take place from Bellevue Stratford hotel May 31.

BRIDGE IS NOT A PUBLIC HIGHWAY

Athens—The frightful disaster at the railroad bridge Sunday may well be taken as a warning to pedestrians who have been crossing it recently in their pleasure recreations and it emphasizes the fact that it is not a public highway, and all who attempt to use it as such do so at great peril. The structure is built on a curve and it is impossible for an engineer on a north bound train to discern persons for but a short distance ahead of them, and when the trains are making the usual speed they cannot be stopped in time to prevent an accident. Human life is too precious to take such risks as many of our children and young people have done heretofore and it is hoped that more caution may be exercised or better still that no one will take the hazard of crossing it again. Better take the longer route across the highway bridge and you will enjoy the beautiful flowers and scenery without the possibility of meeting with an accident that will leave a deep pall of mourning over your friends.
