HOME WAS DESTROYED

Athens—Ralph Tozer, Esq., yesterday received a letter from Miss Madge Tozer, dated at St. Louis, containing information in relation to his nephew, Ralph Tozer, which he has been anxiously awaiting for some time. Mr. Tozer resided in San Francisco at the time of the earthquake. Miss Tozer writes that their home and all its contents were destroyed. Theirs was one of the houses that was dynamited in order to arrest the progress of the flames. Mr. Tozer was a newspaper man and edited the Sporting Journal. He had also written a book, the manuscript of which was destroyed. He sees no prospect of resuming business in San Francisco and will probably locate at Seattle. There seems to be a feeling of distrust among the people of San Francisco, and but few will remain who have not property interests in the city.

TOLD HOW HE GOT IT. Cassatt's Assistant Got Stock Worth \$307,000 as Free Gift. PHILADELPHIA, May 24—The Interstate commerce commission resumed its investigation of the Pennsylvania railroad relation to the coal companies. The first witness called was W. A. Patton, assistant to President Cassatt at Philadelphia. The examination of Mr. Patton developed the fact that he held stock in a dozen coal companies, 6,140 shares of which, with a par value of \$307,000, he had acquired without payment. In addition he owned 700 shares which had been paid for. "How do you explain the fact, Mr. Patton," queried Mr. Glasgow, the commission's attorney, "that you acquired principally through George F. Huff such an enormous amount of stock?" Mr. Patton said he was born in western Pennsylvania and had been a lifelong friend of Colonel Huff. "Friendship," he said, "goes a good way. These stocks were not given to me for any favors I might be able to do to the companies. Some years ago the Pennsylvania Railroad company had to encourage the developments of the soft coal lands. Then it was not considered a crime, as it appears to be now, for a railroad man to hold stock in a coal company. I have never attempted to conceal my ownership of coal company stock."

HE DARED NOT TELL. Sultan Abdul Hamid Thinks McKinley is still President. WASHINGTON, May 24—Chekib Bey, the Turkish minister to the United States, who has been at Washington for the last four years, has not as yet presented his credentials. The official reason given by Chekib Bey for not presenting his credentials is that those papers must of course be made out to President Roosevelt as president of the United States and that nobody in Constantinople has the hardihood to tell Abdul Hamid of a change of administration that would involve an explanation of the fact that President McKinley met his death at the hands of an assassin. So great is the horror of the sultan on the subject of assassination of the world's rulers that not one of his subjects dares to tell him that President McKinley was murdered. The sultan, according to the official explanation of Chekib Bey, has never

heard the slightest intimation of the assassination of Mr. McKinley, and his officials fear that the news would have a disastrous effect upon the ruler of all the Turks as well as upon their own well being. The credentials of Chekib Bey are therefore addressed to President McKinley, and until some one musters sufficient courage to tell Abdul Hamid of the facts his minister must languish without proper papers.
