To the Voters of Bradford County: I hereby aunounce myself a candidate for Representative subject to Republi-can rules. I have always stood for clean politics, a fair ballot and an honest count, and I believe in "a square deal for all." If elected I will vote and work forsuch laws as will further these ends. I favor the passage of laws making passenger rates two cents a mile, also for more liberal appropriations for schools to the end that local taxation for that purpose may be reduced to the lowest possible limit and for such additional aid for road building and maintenance as the best interests of the people de-mand. I particularly favor the enactment of laws that will equalize taxation and compel corporations to bear their proper share of the burden, the grant-ing of freight privileges to trolley com-panies, and a libel law that is just and equitable. Pledging myself to the interests of the people, I respectfully solicit their support at the coming primaries.
