fair Combination PHILADELPHIA. May 26 - "The Victorious Olympic Team Ar-Pennsylvania railroad put me out of business. I was frozen out through orders. Somebody way up gave those orders," dramatically cried F. Albert von Boyneburgh, an independent coal operator, before the interstate com-

merce commission. "You believe, then, that officials of the road high up gave those orders? asked William A. Glasgow, Jr., coun-

sel for the commission "I do. I believe Alexander J. Cassatt is the man responsible. I also believe that he controls the Reading, the Baltimore and Ohio, the Chesapeake and Ohio and the Norfolk and Western railroads through the community of interest plan. That combination is what has caused all these big favored coal companies to grow up and crush out the independent operator."

The witness said that coal shipped in train loads over the Pennsylvaula rallroad by the Berwind White coal company is not weighed. It is simply billed at a 10 per cent advance on the marked capacity. No other operator is so favored. That was another of the facts developed before the interstate commerce commission, tending to show that some coal companies get au advantage over competitors. It was also shown that the Berwind-White got privileges in unloading coal in New York harbor that no other company enjoys.

Several more Penusylvania railroad men with coal stock, some of which cost them nothing, were discovered. A newcomer is M. A. Reeves, a clerk in he office of Vice President Pugh. Several big coal operators were on the stand, including G. Brinton Roberts, a son of a former president of the Pennsylvania road. He was not inlined to criticise the system of car distribution, and neither was his business partner, David E. Williams.

### BAND PLAYED "HOME, SWEET HOME"

Boys Literally Mobbed by Host of Kauberants on Pier-Sheridan and Sullivan the Stars-"It Was Great," Said Manager.

NEW YORK, May 26.-The laurel wreathed beroes of the Olymplan games, the men who conquered at Athens, arrived here by the White Star liner Republic. 'They wereu't wearing their laurel wreaths on their brows, for modern day conventions won't stand for such things, as in the days of Homer, but they had them just the same, carefully wrapped up and tucked away in their suit cases. There were sixteen of these young athletes all told, looking fit to go anywhere and to do anything in the athletic line.

And what a rousing "welcome home" they got. From the time the Republic reached quarantine in the early morn ing and all the way up the bay until the "victor ship" was warped into her pler it was one grand hurrah. Tug boats and ferryboats whistled and screeched, liners dipped their flags and the bands on the excursion boats crashed out tunes which told of "conquering heroes," the "Stars and Stripes," 'Home, Sweet Home" that were cer tainly thrilling to an American heart. And when the sixteen sturdy, sun tanued young Americans stepped down the gangplank to the pier they

were literally mobbed by a bost of exuberant friends. Martin J. JEROME BOMBSHELL REGATTA ON THE CHARLES. Cornell Eight Defeated Harvard by Three Boat Lengths.

BOSTON, May 26.-In a magnificent race which was contested stubbornly throughout the Corneil varsity eight oared crew defeated the Harvard varsity eight on the Charles river by IF INSANT, GHL CANNOT BE TRIED three lengths.

The event, which was the concluding feature of an interesting regatta, was a splendid exhibition by two carefully trained and finely balanced sets of oarsmen, especially in view of some adverse conditions, due to a wind against the tide and a bad swell left by pleasure boats which the police had failed to clear from the course.

Corpell's official time over the course of one and seven eighths miles was 10 minutes 41 3-5 seconds, while Harvard's was 10 minutes 52 seconds.

The varsity race was preceded by an eight oared race between eighte from the Cassadilla Preparatory school at Ithaca, N. Y., and the State Preparatory school of this city, which the former crew won in 8 minutes 15 1-5 seconds by two lengths after an exciting struggle.

Another event was the single scull contest open to Harvard men competing for the Carroll cup, and this was won by E. E. Smith of the law school, who took the Carroll trophy last year The time was 8 minutes 17 1-5 seconds. The distance was one mile.

morning King Alfonso greated his intended bride as she entered Spain amid an enthusiastic welcome from the people and the homage of the Spanish ministry.

The special train bearing the princess reached the frontier shortly after sunrise. The morning mists still hung over the river Bidasson, separating France from Spain, as the train reached the center of the bridge and the Spanish fortresses beiched a welcome salute of twenty-one guns from the

heights of Pena de Aya, commanding the frontier.

At the same time regiments of carbineers and ancient Sicilian guards were massed on the footways of the pter and with trumpets and banners. saluted the bride's entrance into the kingdom, while the bands played alternately the British and Spanish national

hymns. Alfonso's ministers officially welcomed the bride to Spanish soil, and let. she graciously acknowledged the offi-

cial salutations. But the spontaneous enthusiasm of the people seemed to give greatest satisfaction to his majesty, who conducted the party to the royal train, where the princess was installed in a juxurious coach which had been transformed into a veritable bower of red and white roses.
