HILL VINDICATED

The New York State Bar association has reported unanimously that David B. Hill's connection with the Equitable Life Insurance association was entirely proper and that the fees he received were not excessive for the services rendered. Bitter partisans have in times gone by severely criticized the New York statesman's political methods, but his personal and professional reputation has always been conceded to be above reproach. In fact Hill's most implacable foes have candidly admitted that his integrity and personal character, both for honesty and morality, are unimpeachable, and the investigation by the State Bar association, invited by Mr. Hill himself, effectually and completely wipes out any stigma that might have been attached to his name by reason of his connection with the insurance company. In these times when the disreputable dealings of men of power and distinction have been exposed and grafters and hoodlums everywhere are being relentlessly prosecuted and convicted, it must be a source of gratification to Mr. Hill that during all his long public career, both as an officer and a professional man, his reputation for honesty and integrity remains unscathed.

BOTHERSOME SQUIRRELS.
Little Animals Getting to Be a Pest in the Town of Evans-ton, Ill.

The festive Evans-ton squirrel has become so rampant that appeals to the police for protection against his depredations are coming in thick and fast, says the Chicago Post. Chief of Police Frost has decided to ask the council to repeal the ordinance making the killing of the little animals a punishable offense.

Added to their former pranks of eating lead pipe and ransacking garrets, the squirrels have taken up the habit of robbing hens' nests and breaking up dovescotes. Angry women daily are in consultation with the police and telling chief Frost their troubles.

To all these complaints the chief replies that everyone is entitled to protect her property, and if the complainant can throw a stone straight the law will not deprive her of the privilege.

"The squirrels seem to have become more of a pest than a pet," says Col. Frost. "They are gnawing into houses all over the suburb and are committing all sorts of other depredations."

REGULAR MEETING

BOARD OF TRUSTEES

Appoint An Industrial Commission, and Will Appeal From Water Decision

Waverly—The regular monthly meeting of the village trustees was held last evening.

The matter of Lawrence avenue a new street to run from Ithaca street to Chemung street, was again taken up and will be considered June 18.

The report of Fire Chief Cloughessey showed a total of 145 active firemen.

The matter of the creation of the industrial commission, which was defeated at the last meeting, was reconsidered and passed. The following commissioners were appointed: W. C. Buck, Seward Baldwin P. L. Lang, J. H. Murray, Byram Winters, Dr. J. T. Tucker, and H. W. Knapp.

On the advice of Judge Bell the board decided to appeal from the decision of Justice Sewell in the water company decision.

Mrs. W. B. Nelson has sued the village for damages due to the breaking of a board on Dry Brook bridge and for injuries sustained. The village attorney was directed to serve an answer and to defend the case.

J. H. Smith, F. F. Smith and D. D. Tillman were appointed building inspectors for the ensuing year.

The fire police were granted an appropriation of \$40 to paper their rooms.

BIG CROWD AT THE
PARK LAST NIGHT

"The Young Wife," a Decidedly Laughable Comedy-Drama Admirably Presented

There was a complete change of program at the park theatre last night at which time the summer stock company presented "The Young Wife," a decidedly clever comedy-drama, in a most satisfactory manner. The play is bubbling over with laughable incidents, but at the same time there is running throughout a deep, dark plot told in a fascinating style. The dramatic situations are strong and the large audience was kept in a state of expectancy until the fall of the curtain on the last act. The play is from the pen of Mrs. Addie LaPorte, who plays the emotional leading part, and is in every way calculated to please.

A comedy horizontal bar team appeared for the first time last evening between the second and third acts and the tramp proved a winner. Aldo & Armour are the names of the young men, whose grotesque makeup and clever antics furnish uproarious fun for the audience. The team has been engaged for the entire week and they are alone worth the price of admission.

Fat and Lean Men.
Modern scientific investigation in a medical way now declares that the plump man is not necessarily the "healthiest" or the best able to resist disease. The lean man not only enjoys greater resistance to weakness and debility, but he is stronger in the performance of a given task. In other words, a large fat deposit in the general tissue is no evidence of good general nutrition. The rich and girlish beauty of the plump man, sometimes called Fatty, may delight the eye, but when it comes to walking downtown in the morning or running four blocks to a fire Fatty blows out a fuse and is sent to the repair shop, while his lean brother is merely put into condition for the day by his little burst of exercise.—Minneapolis Journal.

For Jury Commissioner
I hereby announce myself a candidate for Jury Commissioner, subject to Republican rules. I am in favor of an equitable distribution of jurors in the county, and am opposed to being directed by any political boss as to whose name may be placed in the jury box. I gave my county four years' service during the Civil War and believe in the same equality and justice now that I fought to establish then.

Political Announcement
To the Republican Voters of Bradford County:
In formally announcing my candidacy for re-election to the office of Representative in the legislature from Bradford county, I recognize the right of my constituents to know my attitude, both past and future, on those questions which are of such vital importance to the country at large.
I therefore desire to state, that if re-elected, I shall favor the following legislation, and will introduce and work for the enactment of these subjects, viz:
The amendment to the Constitution whereby the basis of the representation in the law-making body shall be citizenship and not an indiscriminate population of foreigners centered in the large cities to the prejudice and exclusion of the agricultural districts.
The revision of the tax laws so that all kinds of property and franchises shall pay the same millage on the dollar of valuation.
The limiting of all franchises to a reasonable length of time.
The granting to trolley roads of all privileges enjoyed by steam railroads, including the right of eminent domain and the right to carry freight.
The retention of all license fees and personal property tax by the county.
The increase of the state aid in the township road law from 15¢ to 50¢.
The granting to the people at large more power to decide some of the more important questions, such as the granting of franchises, municipal ownership of public service corporations and matters of a local character.
The repeal of the iniquitous sheriff's fee bill.
The final disposition of petty misdemeanors before a justice of the peace and a jury of six, whereby a large portion of the expense of maintaining the criminal courts will be eliminated.
The enactment of legislation providing for equality of rates charged by transportation companies, both freight and passenger, and a maximum passenger rate of two cents per mile.
Increased appropriation to public schools, especially township high schools, even to the extent of the state bearing the entire expense of maintaining the public school system.
The enactment of the Anti-Trust bill introduced by me at the last regular session, prohibiting the combination of capital for the purpose of controlling the prices of commodities by monopolies.
The repeal of the present nuisance law by the enactment of a just and equitable libel law.

I respectfully solicit the support of all voters who are in favor of the enactment of this legislation, and pledge myself, if re-elected, to use every effort on my part to secure the enactment of the same.
Respectfully,
L. T. HOYT.

To the Voters of Bradford County:
I hereby announce myself a candidate for Representative subject to Republican rules. I have always stood for clean politics, a fair ballot, and an honest count, and I believe in equal taxation for all. If elected I will vote and work for such laws as will further these ends. I favor the passage of laws making passenger rates two cents a mile, also for more liberal appropriations for schools to the end that local taxation for that purpose may be reduced to the lowest possible limit, and for such additional aid for road building and maintenance as the best interests of the people demand. I particularly favor the enactment of laws that will equalize taxation and compel corporations to bear their proper share of the burden, the granting of freight privileges to trolley companies, and a libel law that is just and equitable. Pledging myself to the interests of the people, I respectfully solicit their support at the coming primaries.
