SAYRE BOROUGH COUNCIL MEETING

Large Volume of Business Transacted at Regular Monthly Session Held Last Night

The regular monthly meeting of the borough council was held last night and considerable business of public importance was transacted. Councilmen Lacy, West, Hulett, Dobell, Hassler, Evans, Adams, Hawes, Ellis and Samuels were present.

E. V. B. Mason of Hopkins street appeared before the council and stated that the electric poles on Hopkins street were 133 feet apart, and that the poles were 23 feet high, the wires being suspended 20 feet from the ground. He said that his property had been considerably damaged by the telephone company. No action was taken by the council.

Street Commissioner D. L. Field made a report on streets, and it was of a most comprehensive nature, demonstrating that Sayre's street commissioner is well acquainted with the streets in this borough. The report was exhaustive and Mr. Fields received many compliments for the manner in which it was presented.

The sewer committee, through Councilman West, reported that the amended plans had been sent to Harrisburg for the approval of the state department of health, and that when they were returned a special meeting of the council would probably be called to consider the situation. The town hall committee also reported but nothing of a definite nature had been done.

The new books in which to keep the borough accounts have been received and also the vouchers. Councilman Adams suggested that J. M. Ely of Athens be secured to instruct the borough clerk how to handle the new books and the suggestion was adopted by the council.

Frank Terwilliger presented an application for special officer, which was referred to the police committee.

Councilman West reported that a recent religious meeting held on the east side was disturbed by a number of boys and that two special officers who were present neglected to do anything.

A gaslight was ordered placed at the corner of Spring and Draper streets, and a petition for a gas light and hydrant at the corner of Harris and Miller, was referred to the committee on lights. A light was also ordered placed at the corner of Franklin and Lockhart. The light near the D. L. & W. bridge was ordered removed to the opposite side of the street.

It was reported to the council that 200 feet of sidewalk on the north side of Stevenson street was in bad condition. The matter was referred to the street committee.

The condition of Thomas avenue was also called to the attention of the council. It is said that the center of the street is lower than the curb on account of the settling of the dirt over the sewer pipe laid by the Lehigh Valley.

The Cayuta street matter was also brought to the attention of the council. This is the street that is threatened with destruction by Shepard's creek. It is the opinion of the council, however, that nothing can be done in the shape of a guard bank at the present time. A sidewalk was ordered laid along the street.

A fire hydrant was ordered placed at the corner of Brock and Hayden streets as soon as the water lines have been laid to that point.

A resolution was passed ordering Mrs. Reynolds to lay a walk at the corner of Elmer avenue and Chemung street.

A resolution was also passed asking the street car company to make a change in the location of the tracks at the corner of Packer avenue and Desmond street when the company places the new rails.

F. J. Mabec of Maple street is laying a walk in front of his prop-

erty and he asked the council to instruct others between Desmond street and Elmer avenue to do the same.

An item of expense in the police pay roll caused considerable discussion. The police pay roll for the past month amounted to \$205 55, and \$8 of this amount was paid to special officers for services performed during the absence of the regular paid members of the force. Councilman Hassler wanted to know by what authority the council had the right to pay for special services under such circumstances. He insisted that if an officer was absent from duty he should pay for the substitute service himself. It was explained to the councilman that each regular officer was entitled to two weeks vacation and that time he lost was deducted therefrom. This did not satisfy the councilman as he said that no provision had been made by the present council for a two weeks' vacation and that it could not be governed by what a former council had done. The council took no action and Mr. Hassler gave notice that he would bring the matter up later.

KEG PARTY BROKE UP IN BIG ROW

Hungarians Make Things Lively at the Yatsco Residence on the East side

Wesley Yatsco, a Hungarian, runs a boarding house on the east side and yesterday afternoon five of his boarders, John Namet, Andrew Poloskie, John Hyduck and Frank Namet purchased three kegs of beer and after they had filled up on the amber colored liquid they proceeded to play rough house at the Yatsco residence. Yatsco returned from work shortly after six o'clock and his drunken boarders threw him out of the house. Then they demolished the furniture, smashed the mirror and when Mrs. Yatsco interfered she received a cut on her arm, and her husband who had by this time again entered the house to protect his wife got his bumps for fair. Yatsco started for an officer and while he was gone his boarders engaged in a fight among themselves and when the officers arrived the house looked as if it had been struck by an earthquake. The men were arrested by Officer Lewis and taken before Justice Nelson where they paid for the damage to the furniture and also the costs of the prosecution and quiet once more reigns in little Hungary.

SAW MILL EMPLOYEE LOST LEFT HAND

Struck Member Against the Teeth of Rapidly Revolving Saw

John Morrow of Rummerfield, an employe of a saw mill at that place, met with an accident this morning which cost him his left hand. He was operating a saw when his hand struck against the rapidly revolving teeth, mangling the member so badly that the surgeons at the hospital here were compelled to amputate it just above the wrist.

FOUND DEAD IN THE GARDEN

Athens—Mrs. Sarah Keene, aged 75 years, who resided with her daughter, Mrs. Huntley, on Welles avenue, was found dead in the garden in the rear of her daughter's home yesterday afternoon. The body was discovered by school children who were returning to their homes. The deceased had been working in the garden, and it is thought that the heat brought on an attack of apoplexy.

OLD BOARD OUT, NEW ONE ORGANIZES

Sayre Borough School Directors Hold Short Session Last Evening

The old school board met at the high school last night, finished up the year's business, dissolved and then reorganized, immediately thereafter adjourning until next Monday night when the teacher's applications will be taken up and disposed of.

Previous to dissolving the old board recommended the members of this year's class for graduation and also recommended all the old teachers who had made applications for positions next year. Miss Ora Croop, Miss Grace Sherwood and Miss Loetzer, three new applicants, were also recommended by the old board. A number of bills were paid and the board adjourned in time to attend the alumni banquet to which the members had been invited.

The new board organized as follows: E. M. Thompson, president; W. H. Whittle, secretary; B. G. Maddock, treasury. The committees for the ensuing year were not announced. J. A. Shedden and R. C. Cook, new members, took the oath of office.

GEORGE HATTON DIED LAST NIGHT

Young Bernice Miner Succumbs to Gangrene Resulting from Injury to His Leg

George Hatton, the 12-year-old Bernice boy who was brought to the hospital yesterday noon suffering from a gangrenous condition of the left leg, died last night at 7 o'clock. As told in yesterday's Record the lad was a door tender in the Bernice mines, and on Friday last was run over by a car, the wheels tearing a piece of flesh from the leg. Despite the efforts of Bernice physicians gangrene developed rapidly and the lad was hurried to the hospital here yesterday. After the surgeons had held a consultation it was decided to amputate the leg about six inches below the hip. At 7 o'clock, however, and only a few hours after the operation the lad died. The remains were removed to J. W. Grumme's undertaking rooms.

The lad was the son of Charles Hatton of Mildred and is survived by seven brothers and sisters. The remains were shipped to Mildred this evening.
