AN INNOVATION

The Best Bargain We Can Print

Instead of waiting until after July 4th (as is the custom) before sinking the knife into prices, we do it now. Our policy demands that all outer garments be sold within the season for which they were designed. That we are determined to accomplish our purpose is shown in the price deductions, which, needless to say, are bona fide. The original figures are on all wool garments, from which you figure one third off. That means:
