## SCIENTISTS PAY CASH

Magnificent Temple Dedicated at Boston.

SIX SERVICES FOR VAST THRONG.

Followers of Mrs. Mary Eddy From All Points Crowd New Edifice to Suffication-Church, Flatshed. In Clear of Debt.

BOSTON, June 11.-One of the most remarkable religious demonstrations ever witnessed in New England occurred when the magnificent new \$2,000,-000 Christian Science temple in the Back Bay district was dedicated, From every state in the Union and from all parts of the world came members of that faith to be present at the dedicatory services. It was estimated that were in the city.

Six services were held to accommolate the vast throngs. The seating apacity of the new edifice exceeds 5,000, and at each service hundreds tood in the aisles and in the rear of

The first service was held at 7 o'clock the morning. As early as 1 o'clock hundreds of Christian Scientists were standing in line waiting patiently for the doors to open. At 5 o'clock there were at least 3,000 in the street outside the church, and an hour later the number had swelled to 5,000, At 7 o'clock there were 10,000 persons waiting, twice the seating capacity of the new temple.

As quickly as one service was completed and the congregation had departed the temple was quickly filled again, and still there were thousands outside who had been unable to gain admission. All day long the hot June sun poured down on the heads of the waiting throngs, but hardly a person left his place in the line. It is estimated that 35,000 believers in Christian Science doctrines attended one of the services.

The railroads have been taxed to a onsiderable extent to bring all the hristian Scientists into the city in me for the services.

The six services were identical, and each service was about two hours in length. The occasion combined both the annual communion and the dedicatory exercises. It consisted of the usual Christian Science opening exercises, the reading of the tenets of the church, a dedicatory address prepared by Mrs. Mary Baker G. Eddy of Concord, N. H., the founder of the religion, and read by W. D. McCracken, the first reader of the church, and a lesson sermon specially prepared for the occasion.

The offertory taken at the beginning of each service was interesting, every basket being piled high with bills and everybody contributing.

At the close of the lesson sermon, in the church, in response to an invitation | tuberculosis in cattle has been discov- not been decided upon. of the first reader, the entire congrega. tion knelt in silent communion, followed by the audible repetition of the Lord's Prayer. The congregational singing was a feature of the services. At the close of each service Edward A. Kimball of Chicago presented a reply of thanks to Mrs. Eddy for her dedicatory address and for her general work in behalf of the church.

An interesting thing in connection with the edifice is the fact that although its cost exceeded \$2,000,000 and was built by voluntary subscriptions, it was entirely free from debt. At its dedication the treasurer gave notice that all bills had been paid and that contributions were no longer needed. The new temple is one of the most imposing structures in Boston and is said to be the largest church in New England.

HURT SEEING BOSTON.

Thirty-four Christian Scientists Are Thrown From Huge Automobile. BOSTON, June 11 .- Thirty-four Christian Scientists were injured through the overturning of a large sightseeing automobile in the Brighton district late yesterday. Every person on the car received injuries more or less serious.

The most seriously injured are: Moss W. Childs, Boston, arm fractured; Mrs. F. F. Fisk, fractured collar bone; Miss Lydia Devor, Boston, contusions to right eye and internal injuries; John Bienfang, Kansas City, compound fracture of right elbow and right leg. Others injured were: Miss C. A. J. Avery, Chicago; Mrs. C. J. Woodbridge, Cedar Rapids, In.; Miss Mattle Arisholt, Iowa City, In.; Mrs. Amanda Bamber and Miss L. L. Conrad, both of Kansas City.

The party had been making a sightseeing trip through the suburbs and were descending Commonwealth hill. near the corner of Commonwealth aveme and Warren street. Suddenly the brake broke, and the machine ran away down the steep grade. Near the bottom of the bill the car jumped to the side of the street and tore through a fence into the grounds of the Kenilworth Golf club, where it overturned Most of the party were thrown clear of the machine, but some were caught under the car and received fractures and internal injuries. Many of the less seriously injured refused to give their names to the police.
