**Political Announcements**  
I hereby announce myself as a candidate for Jury Commissioner on the Republican ticket, subject to the rules governing the Republican primaries to be held June 10th next. S. A. BLISH, Sayre, Pa., May 15, 1906.

The undersigned announces himself a candidate for the nomination of Jury Commissioner, subject to the rules of Democratic party of Bradford County. J. E. GRAHAM, Towanda, Pa., March 30, 1906.

To Bradford County Republicans: I herewith present my name as a candidate for Representative in the Pennsylvania Legislature, subject to Republican rules. I stand for the enactment of laws giving a straight, uniform two cent fare on all railroad lines. That trolley roads shall have the vested right to transport freight. A revision of our tax laws to the end that corporations shall contribute to relief of local taxation and be compelled to bear their just share of the burden of tax. The same to be used for free schools or such other purpose as our people may desire. All laws to be drawn plain, clear and distinct so there shall be no doubt as to intention and purpose.  
Edmund M. Tuton, Bentley Creek, Pa.  
14-td  
Towanda, Pa., June 8, 1906.

To the Republican voters of Bradford County: You doubtless believe in the principles published in my announcement, viz: Trolley lines should be permitted to carry freight. Corporations should pay their just share of the taxes. There should be fares for everybody on steam railroads. Enforcement of the constitution relating to carrying companies (Art. XVII) by providing proper penalty for its violation. If nominated and elected I shall vote and work for these reforms. I may not have seen you during the canvass, so take this method of requesting you to attend the primaries, June 16, and assist in the good work of a proper revision of the tax laws. Be sure to go to the primaries and take your neighbors and friends with you. Sincerely, Geo. Moserip, 29

To the Voters of Bradford County: I hereby announce myself a candidate for Representative subject to Republican rules. I have always stood for clean politics, a fair ballot and an honest count, and I believe in "a square deal for all." If elected I will vote and work for such laws as will further these ends. I favor the passage of laws making passenger rates two cents a mile, also for more liberal appropriations for schools to the end that local taxation for that purpose may be reduced to the lowest possible limit and for such additional aid for road building and maintenance as the best interests of the people demand. I particularly favor the enactment of laws that will equalize taxation and compel corporations to bear their proper share of the burden, the granting of freight privileges to trolley companies, and a liberal law that is just and equitable. Pledging myself to the interests of the people, I respectfully solicit their support at the coming primaries.  
GILES M. COONS, Canton, Pa., May 10, 1906.

### BORE NO RESEMBLANCE

Athens—Mrs. Edith White went to Homets Ferry this morning to investigate the story about the dead man found at that place recently and supposed to be Ira McMillan formerly of this place. She was very indignant over the published statement in some of yesterday's papers. She is a sister of Ira McMillan and states that the description of the clothing and person of the dead man bears no resemblance to that of her brother. She states further that he was in Binghamton since he left Athens, and that it is hardly possible that he could have been in the vicinity of Homets Ferry at the time mentioned.
