**PENSION LEGISLATION**

Athens—We are receiving so many inquiries in regard to a new pension bill having been passed by congress that we deem it best to make the following explanation. There has been no new pension legislation except to legalize the age order No. 78 that went into effect two years ago. At that time quite a pressure was made upon congress to enact a service pension law, but conditions were such that it was found impossible. To meet some of the demands of the situation the age order No. 78 was issued which gives a pension of \$6 when the veteran arrives at the age of 62 years, \$8 at 65; \$10 at 68 and \$12 at 70. The provisions of this order were incorporated in the pension appropriation bill this session and passed, so that these provisions no longer rest on an executive order but are binding as a law. No new pension law has been passed this year and conditions are such that none will be enacted. Commander in Chief Tanner promised when elected that he would not let congress have any rest until they passed the Grand Army service pension bill. He has a good pension committee to work with him and they have been in consultation with President Roosevelt and the members of congress, as well as the commissioner of pensions. They have figured out the increased cost to

put this bill into operation and find it would be over \$34,000,000. As the expenses of the government over ran its receipts last year it was found that there could be no favorable action upon the bill and it has gone over for another year. The statements in the papers that a veteran can receive a pension when he arrives at the age of 60 is not true. Also the project to place the State militia on the pension rolls cannot be done at this time. The militiamen who were disabled in the line of duty can get pensions under the present laws, but there is no other provision for them to receive pensions.

Cyrus Shumway and wife went to Tuscarora this morning to attend to some business in connection with the farm.

Mrs. James E. Turk of Tamaqua, Pa., came to Athens today to join his wife who is visiting her mother, Mrs. Clapp.
