PASS TRAVELING BILL.

McLaurin Said That Bryan Would Be Next President.

WASHINGTON, June 23.—The senate has passed the bill allowing $25,000 a year for traveling expenses of the president by a vote of 42 to 20.

During the discussion Senator McLaurin took issue with those who contend that provision should be made to permit the president to take newspaper men with him in his travels, saying that the people generally are not concerned about the private affairs of the president.

He would admit that there might be some toadies who would have curiosity as to what the president may eat or drink, so that he doesn't drink intoxicating liquors. There is, he declared, no interest in the president simply because of his office, and the senator did not believe that more people would turn out to see him than would have gone out to see Mr. Gladstone or who would go to see Agoncillo. He was sure that the vast majority of the people regarded him as a human being and care no more for the president than for any other man of distinction.

He announced his confidence that the present chief executive has not sought this legislation, and, knowing him well, he had confidence that if the proposition should be presented to him independently he was satisfied that he would veto it. He also dissented from the view that the president should undertake to mold public sentiment for if allowed to do that the country could never have but one view on any subject. There was to his mind no reason why Mr. Roosevelt should have his expenses paid while traveling about the country, nor would there be any reason for such a course when Mr. Bryan, who, he announced in confidence would be the next president, takes the office.

Senator Beveridge Abandons Trip.

WASHINGTON, June 23.—Because the meat inspection amendment to the agricultural appropriation bill was not sent to conference by the senate yesterday Senator Beveridge cabled to Paris canceling his engagement to speak there on July 4 before the American chamber of commerce. He had intended sailing today, but will now abandon his trip entirely.

Peirce Nomination Confirmed.

WASHINGTON, June 23.—Herbert H. D. Peirce, third assistant secretary of state, was confirmed by the senate as minister to Norway. No objection was raised in the senate by reason of charges made against him by former consuls. The senate also confirmed Huntington Wilson of Chicago to succeed Mr. Peirce in the state department.

Wifely Forethought.

Wife—It's all right if you have failed. I have $600 saved up from money that you've given me from time to time.

Husband—That will be a big help.

"Help? I guess it will. Why, that will just buy my winter outfit."—Boston Globe.

HOT SHOT AT THE CATALOGUE HOUSES

How Much Do These Concerns Contribute Toward Your Welfare?

When the catalogue comes from your mail order house, draw an easy chair to the table where the light will shine full upon the page, and put on your glasses that no bargains may escape your eye.

What a wonderful book it is, to be sure. Wonderful for what it does not contain, as well as what it does. You will miss some things you would be glad to see.

How much tax will they pay to support your schools and educate your children; for improving roads and bridges; the support of the poor of the country; for the expense of running the business of the township, county and state?

On what page is their offer to contribute money to the church?

Where is their offer to pay cash or exchange goods for your wheat, oats, corn, beans, butter, eggs and hay?

How much do they pay for cattle, sheep and hogs, f. o. b. at your depot?

What line of credit will they extend to you when your crops are poor and money gone; when, through illness or misfortune you are not able to send "cash with order" for your groceries, clothing, farm tools and crockery? Also stoves and ranges?

Where is their offer to contribute to your entertainment next year? What did they do last year?

In short, will they do anything to provide a market for what you have to sell, and therefore keep up the value of your estate? Will they do anything for social, church, school or government support; or do they take your dollar out of the community with no returns except the goods you buy?

Think this over carefully, then call on your local dealer, where you can see and examine the goods before you buy them, and by comparison of prices and quality you will see that you can do as well or better at home, and you keep the money at home, thereby helping to build up your own town.
