PASSIMMIGRANT BILL

Paves Way For Entry of Persecuted Russians.

THE POOR MAN NOT TO BE DEPORTED

"America Has Always Been Regarded as a Haven Where All Worthy Men May Find Refuge From Oppression."

WASHINGTON, June 26.—Under a rule limiting debate on all but two sections the so called immigration bill was discussed for three hours in the house and passed without a yeas and nays vote being permitted on any of the paragraphs.

An immigrant who proves that he is seeking admission to this country solely to avoid prosecution or punishment on religious or political grounds, for an offense of a political character or persecution involving danger of imprisonment or danger to life or limb on account of religious belief, shall not be deported because of want of means or the probability of his being unable to earn a livelihood.

He spoke sympathetically of the political refugees, who, driven from home, seek this country because of their belief, almost amounting to a fetish, that here religious persecution is unknown.

In supporting the amendment Mr. Goldfogle said he favored even a broader provision, which would exempt the persecuted refugee from the educational qualification test. America, he said, had always been regarded as the haven to which, if the immigrant was worthy, he could come to escape from the tyranny, race intolerance and oppression to which he had been subjected in his native land.

An amendment by Mr. Grosvenor, substituting a commission for the educational test provision of the immigration bill, was adopted by the house—128 to 118.

NEAR ITS CLOSE.

Congress, About Finished With Its Work, May Adjourn Friday.

WASHINGTON, June 26.—Senator Hale, who in the absence of Senator Allison is acting as chairman of the senate committee on appropriations, expresses confidence in the final adjournment of congress before the close of the present week. His programme will be to urge the consideration of appropriation bills and conference reports to the exclusion of practically all other matters, and with the supply bills finally passed there is no measure, unless it be the railroad rate bill, that can hold congress together. The Maine senator is of opinion that the work can all be concluded by Friday, but says that in an event will it go beyond Saturday.

The only two appropriation bills which have not passed the senate are the general deficiency bill and the omnibus public building bill, but the sundry civil, naval and the agricultural bills are still in conference. Of these none is expected to require much time except the agricultural bill, to which is attached the most important provision.

As to the rate bill, no one doubts that it will get through, but no one yet is satisfied as to just how the commodity amendment, prohibiting common carriers from transporting their own products, will come out.

Every effort is to be made to finish the business of the session in the house of representatives this week.

Carlos de Bourbon Near Death. MADRID, June 26.—Prince Carlos of Bourbon, who in 1901 married the late Infanta Mercedes, queen of Spain from the death of her father, Alfonso XII, until the birth of her brother, the present king, had a narrow escape from death while returning to Madrid from La Granja in an automobile with the Marquis of Moredun. The automobile was overturned and the marquis was seriously injured, but Prince Carlos was not hurt.

Unknown Woman Found Dead. BOSTON, June 26.—An unknown woman, believed to be from New Haven, Conn., was found dead in a room at the Adams House. After an investigation the police announced that death was due to natural causes, though some of the circumstances in connection with the finding of the body had seemed suspicious. The woman registered at the hotel about a week ago.

Corey Will Fight Wife's Suit. RENO, Nev., June 26.—William Ellis Corey, president of the United States Steel corporation, has filed an answer to the petition of Mrs. Corey for divorce. He denies that she is a legal resident of Nevada and further denies that he ever abandoned her. He asks that her suit be dismissed.

HIGH TEA WITH KAISER.

Mr. and Mrs. Longworth Entertained on Imperial Yacht Meteor.

KIEL, Germany, June 26.—On invitation of Emperor William, Congressman and Mrs. Nicholas Longworth took tea with him on board his American built yacht Meteor yesterday afternoon. The emperor, attended by Admiral Eisenacker, who visited Washington in 1902 as a member of the suit of Prince Henry of Prussia, received Mr. and Mrs. Longworth as they came alongside and showed them over the yacht. Mrs. Longworth having said that one of the objects of the visit of her husband and herself to Kiel was to see the yacht she had christened Feb. 22, 1902, at Shooters' Island, New York harbor.

Mr. Longworth was a guest at the Kiel Yacht club dinner last night, at which there were 300 persons present, including all the high naval officers. Mr. Longworth had a seat at the emperor's table, and other American guests, including A. V. and Ogden Armour, sat further down.

Mr. and Mrs. Longworth about 10 o'clock last night went to a ball at the residence of Prince Adalbert. The young prince danced with Mrs. Longworth and talked for some time with Mr. Longworth.

The emperor has been uncommonly busy with state business and withdrew from the special class yacht race, as it now appears, because he was ten minutes late in starting. The judges did not wait for him, but gave the signal precisely at 10 o'clock.

The emperor, who had been busy with papers on board the Hamburg, had not allowed himself time to reach the Meteor, though he came on a swift torpedo boat. He went aboard the Meteor, followed by his secretary with a large packet of documents, which, however, the emperor did not touch.

Following was the result of the third contest of the regatta for special class boats: Moltch, first; Tilly VIII, second; Augusto II, third.

The king of Spain's racing agent withdrew the Mouriscot, as she had been last in the first two races. The Santti, entered by the Bilbao Yacht club, also has been withdrawn, as her mast is too short.

STREET CAR STRIKERS.

State Constabulary Charged Crowd at Allentown and Made Five Arrests.

ALLENTOWN, Pa., June 26.—The mob spirit that was rampant in the streets of Allentown following the strike of Lehigh Valley Transit company conductors and motormen has been thoroughly cowed by the presence of Troop C, state constabulary, with thirty four men, under Lieutenant Smith.

The constabulary patrol the city's main thoroughfare, keeping it clear and keeping everybody moving. When they rode up the street from the railroad station to the Fair grounds the crowd gathered at the camp point, numbering a thousand persons, hooted and jeered them.

After a brief halt on the Fair grounds Lieutenant Smith brought his men down the street as though on parade. When they reached the transit company's transfer point, where many people were congregated, the men wheeled to the right and left and charged the crowd off the street. Within a few minutes several arrests were made of men who booted, and five men were placed in jail by the troopers.

The transit company took off all its cars, and all traffic is suspended. The officials of the company decided not to run cars last night, but today it is intended, with the protection of Lieutenant Smith's troop, to resume operations in full.

By order of the mayor all saloons are closed.

Trouble at Dillonvale Mines. DILLONVALE, O., June 26.—Trouble was renewed in the mining strike in this vicinity when six negro cooks in the employ of the United States Coal company and escorted by guards were fired on in a ravine near the Bradley mine. The company guards returned the fire, and it is estimated that probably a hundred shots were fired. The attack is alleged to have been made by strikers formerly employed at the Bradley mine, and the fusillade it is known that one company guard was seriously wounded and that the wife of one of the guards was hit by a bullet.

Sunday Ball No Crime. NEW YORK, June 26.—Magistrate Steiner has held here that it is no crime to play baseball on Sundays with contribution boxes at the entrance gate so long as contributions are not forced from the spectators. Following this decision he discharged the officials and players of the Savannah Giants and the All American team, who were arrested on Sunday for playing baseball.

Mrs. Kaufmann Out of Jail. SIOUX FALLS, S. D., June 26.—Mrs. Emma Kaufmann, who was committed to jail on a charge of manslaughter in connection with the recent death of Agnes Peirce, her sixteen-year-old servant girl, was released from jail here and left by train. Mrs. Kaufmann was accompanied by her husband. Their destination was kept secret.

FAKE LIQUOR TRADE

Congress Learns Whisky Sellers' Secrets.

POISONOUS DRINKS AT \$20 A BARREL

Everything in the Alcoholic Line Can Be Made in a Few Hours From Essence at ridiculously Low Prices.

WASHINGTON, June 26.—The sensational charge made by Representative Hall on the floor of the house to the effect that thousands of barrels of whiskies, gins, brandies and cordials consumed in New York every year were made from chemicals has been thoroughly corroborated.

It is stated that a barrel of whisky which retails by the drink in a first class cafe for more than \$300 can be manufactured for less than \$20 and that strong essences are the potent factors in the making of a great percentage of all bar products. In forty gallons of cream de menthe, which 200 men would not ordinarily consume in twenty-four hours, there are less than eight ounces of genuine extract, while half a pint of brandy essence is sufficient for a full barrel of cognac.

No distillation process is used in the manufacture of these chemical liquors, and after they have stood for three hours they are ready for the market. Drugs supply a bead which makes whisky look as if it were aged by years of repose in wood, while colors are added that render it almost impossible to detect the fraud.

In New York alone there are more than fifteen firms supplying these chemicals. They all act within the letter of the law, but the saloon men who make this "moonshine" are violating every revenue act. That the business is carried on to an enormous extent was evinced after an inquiry of less than twenty minutes.

Within half a block from the postoffice building in New York, where the chief revenue inspectors hold forth, is one of the houses. There a reporter found sixty boys waiting in line with pint and half pint bottles for small quantities of chemicals which in a few days will be transformed into thousands of gallons of "twenty-year-old" whisky and sold in the open market.

"Isn't it rather dangerous dealing in these things?" was asked of a clerk who was quite busy waiting on three persons at once.

"Not in the least," was his reply, "but it's a serious offense if one is caught manufacturing the goods."

He added that most of his customers were in New York city, but that there were hundreds throughout the country.

Still After Steel Trust.

WASHINGTON, June 26.—The senate has passed Senator La Follette's joint resolution extending the scope of the inquiry now being conducted by the Interstate commerce commission under the Tillman-Gillespie resolution so as to include the transportation and storage of grain. In requesting more money for the use of the bureau of corporations in its investigation of combines, Herbert Knox Smith, deputy commissioner, has disclosed the significant fact that the bureau is not through with the United States Steel corporation and that a continued and searching investigation of the whole steel industry is to be carried on.

Trouble Over Ship's Visit.

LONDON, June 26.—The Tribune is conducting a strong agitation against the dispatch of a British fleet to Cronstadt for July 7 arguing that fraternization with divided Russia would court misunderstandings and that no real entente is possible until the British government is able to deal with a cabinet representing the Russian people. It is understood that the foreign office considers that the Cronstadt arrangement has gone too far to permit of cancellation. A large number of members of the house of commons, however, desire that it should be made perfectly clear that the naval visit is a compliment offered to the Russian people and not to the Russian government.

Anderson Defeated Pell.

MORRISTOWN, N. J., June 26.—F. G. Anderson, Kings County Lawn Tennis club, Brooklyn, defeated the New Jersey state lawn tennis championship on the courts of the Morrissett Field club. He defeated the net and smashing play of T. R. Pell, the challenger, in the challenge match by the score 6-2, 6-1, 3-0, 4-2.

All the royal personages now in the city were present. King Haukon has conferred on the Prince of Wales the grand cross of the Olaf Order.

Togo May Visit Jamestown.

TOKYO, June 26.—The Japanese admiralty has replied to the invitation extended to Admiral Togo to attend the Jamestown (Va.) exposition that great expense would be involved in sending a fleet abroad, but that should next year's diet vote the money a fleet will be dispatched, according to the wish of the United States.

PORTLAND, Me., June 26.—The Maine intercollegiate baseball championship was won by the Colby team which was tied with Bowdoin, 8 to 6.

NEW YORK, June 26.—Logistilla, played down from 6 to 5 to 9 to 10, easily won the Grass selling stakes, one mile and a sixteenth on turf, at Sheepshead Bay.

The West set the pace to the stretch, where Knapp sent the favorite to the front and won by two lengths. Clare Russell, second choice, easily won the Rosebud stakes by three lengths. The 6 to 5 favorite, Adoration, finished second, but was disqualified for foul. Second place was then given to the 100 to 1 shot, Baringo, with Woodswitch third. Four favorites were successful.
