HARVARD'S EIGHT Terrific Aquatic Struggle at New London.

YALE'S FRESHMEN AND FOURS Noyes, in Blue Boat, Collapsed at the Finish.

FIRST VICTORY IN SEVEN YEARS

Grand Sport at Annual Varsity Regatta on River Thames Witnessed by Greatest Crowd Seen in Years. Clifton Averages Long Years of Defeat by Capture of the Great Event of the Meet—Yale Gave to the Crew, but Harvard Had the Stronger Crew—Opinion of Experts—Captain Filley Hero of the Hour.

NEW LONDON, Conn., June 29.—In sight of the greatest crowd ever gathered here on race day since 1899, coming after years of defeat and under the auspices of a new rowing coach and after two defeats in the minor races of the regatta, the triumph of Harvard over Yale was like wine and bread to the starving wanderer in the desert. It was a victory over a great Yale crew, a crew that had smashed all records of the Thames in practice, and went to the stake boat a favorite.

Speaking of the race, Julian W. Curtis, Yale's graduate athletic adviser, said: "The secret of the race is the Harvard crew had the superior power and strength. Had the water been smoother it might have been different, but, remember, we have no apologies to make. Harvard had the strongest crew."

THE loss of the freshmen race was disappointing to Harvard, as there was every expectation that their freshmen would defeat Yale. The varsity four oared event also went to Yale in easy style, and the two victories were a repetition of Yale's splendid work of three years ago.

LONGWORTHS PRESENTED. Daughter of President and Her Husband Honored by King Edward.

LONDON, June 29.—King Edward's court drawing room was made notable by the presentation of Mr. and Mrs. Nicholas Longworth. The royal circle was numerous, and the procession of the king, queen and others of state was exceptionally brilliant.

HOUSE STANDS PAT In Contest With Senate Over Meat Inspection.

WADSWORTH SPRANG A SURPRISE.

"Hally Arouned Conference," said Mr. Wadsworth, "stood by Judgment of the House and Made Inspection a World Model."

WASHINGTON, June 29.—By a vote of 195 to 45 the house voted to stand by the house conferees on the meat inspection amendment to the agricultural bill, and the conferees were reappointed.

Mr. Wadsworth sprang a surprise on the house by sending to the desk a resolution that it is the sense of the house that the conferees do not recede from its amendment known as the meat inspection amendment, and the house was face to face with the proposition of having a contest with the senate.

Mr. Lamb (Va.) said that there were not three members of the committee on agriculture who had seriously thought that the date of packing should go on the cans. Mr. Wadsworth interrupted, holding up two cans of Franco-American soup.

Mr. Leever (S. C.) was applauded on the Republican side when he said that if the legislation was in the interest of the beef trust Democrats had no business legislating at all.

Mr. Humphrey (Wash.) talked about the "devil's in hell" in conjunction with the packers paying the cost of inspection and inveigled against their insidious demands.

Mr. Henry (Tex.) wanted to be right on the question and said he would vote that the government should pay the tax.

"I never heard so many speeches made with so much misinformation contained therein as I have during the meat inspection discussion," was the opinion of Mr. Lorimer (Ill.).

Mr. Payne (N. Y.) "stood by the judgment of the house. Put the inspection on the government, make inspection a model for the world," were among Mr. Payne's impassioned sentences as he rallied the supporters of the agricultural committee on to victory.

The senate has passed the general deficiency appropriation bill carrying about \$11,000,000, and also the public building bill.

MISSING CONVICT WAS UNDER FLOOR. RICHMOND, Va., June 29.—Water Stairs, a white convict, who disappeared in the penitentiary June 15, made his escape Thursday night after having concealed himself during the entire interval under the floor of one of the show factories.

PARIS, June 29.—Prosecutor General Boudouin continued his address in the Dreyfus case, pointing out that foreign powers supposed to have received information by means of the alleged treason of Captain Dreyfus resolutely denied relations with Dreyfus and declaring that he was convinced of the innocence of the accused.

RECORD FOR INQUISITOR. Captures Sheephead Bay Handicap in 1:37 3-5.

NEW YORK, June 29.—In a terrific drive Inquisitor, a 20 to 1 shot, won the Sheephead Bay handicap, one mile at Sheephead Bay and in doing so broke the track record for the distance by stopping it in 1:37 3-5, which is one-fifth of a second faster than the best previous time over this course and within one-fifth of a second of the world's record.

The finish was very close and exciting, the first four horses Inquisitor, Von Tromp, Halfax and Dishable—coming to the wire hands apart and finishing in the order named. Halfax, the favorite, set a terrific pace for seven and a half furlongs, where Miller brought Inquisitor up on the outside and won.

Peter Pan, second choice, won the Surf stakes. By the victory of Captain Emmerich in the fifth race the ring received the hardest blow it has experienced in some time. The colt opened at 10 to 1 and closed at 5 to 1, but while the horses were at the post he was again pounded to 25 to 1, and in many books he was at even a shorter price.

Off in a fairly good position, he took the lead in the last sixteenth and was ridden out by three-quarters of a length from Umbrella, with the favorite, J. C. Core, third. Paul Jones was the only favorite to win. Summaries:

First Race—Kianessa, first; Hand-tar, second; Roseben, third. Second Race—Paul Jones, first; Goldenrod, second; Kernal, third.

Third Race—Peter Pan, first; Ale-thou, second; Arimo, third. Fourth Race—Inquisitor, first; Von Tromp, second; Halfax, third.

Fifth Race—Captain Emmerich, first; Umbrella, second; J. C. Core, third. Sixth Race—Entree, first; Just So, second; Far West, third.

BASEBALL SCORES. Games Played Yesterday in the National and American Leagues.

Table with columns for League, Team, Score, and Innings. Includes National League and American League games.

Argonaut Crew Favorite.

HENLEY, June 29.—The Argonaut crew from Toronto, went over the full course under almost perfect weather conditions. Wright set the stroke forty to the minute, afterward thirty-eight and then down to thirty-six. The crew had a great reception and is certain to start favorite in the race for the Grand Challenge cup.

Did Not Hug the Teacher.

RIDGEFIELD PARK, N. J., June 29.—The local board of education, after a session which lasted from 8:30 o'clock at night until nearly 2:30 o'clock in the morning, decided that the charges of hugging made by Miss Alice King, a teacher in the school, against George M. La Salle, the principal, were unfounded and that the principal is entirely exonerated.

Dowie Not So Crazy After All.

CHICAGO, June 29.—In the hearing of the Dowie case before Judge Landis in the federal court E. E. Harwood, teller in the Zion City bank, was called as a witness. Harwood testified that the books of the bank show that Dowie's account in the bank is overdrawn to the amount of \$481,237.

Guilt of His Father's Murder.

NEW YORK, June 29.—Otis Hinkelman, a young negro, was declared guilty at Riverhead, N. Y., last night of having shot and killed his father in their home at Speonk on Thanksgiving day last. Justice Jarcox sentenced him to be electrocuted during the week beginning Aug. 15 next.

SAVED FROM DEATH Firemen, Working All Night, Rescue Herman Fisher.

CAUGHT BY QUICKSAND IN TRENCH

NEW YORK, June 29.—After working all day and all night two companies of the Staten Island fire department, in command of Deputy Chief Guerin, succeeded in rescuing Herman Fisher, a plumber, who was entombed in quicksand while laying a sewer at Richmond turnpike and Cedar avenue, Tompkinsville, N. Y., burying him to his head, at an early hour in the morning.

Although cautioned by the contractor not to go into the trench before shoring up the sides, Fisher and two assistants descended into the trench, which was about twenty-six feet below the street level. A heavy watering cart of the Richmond Light and Railroad company passing over the trench, which undermined its tracks, loosened the earth, tumbling it in on top of the three men.

All but Fisher escaped, and as he was down in the sewer he was buried up to his neck. An alarm was turned in from a nearby fire alarm box and two fire companies were soon on the scene. Chief Guerin at once gave orders to place a life belt around the imprisoned man as soon as sufficient dirt and stone was removed to allow it. The men worked in three shifts, one relieving the other every half hour.

A belt was finally placed under Fisher's arms and made fast to a block and fall above, but when an attempt was made to pull the man out the sides of the trench again caved in, and before any further could be done it was necessary to send for long planks to shore up the four sides of the trench. The hole in which Fisher was imprisoned was less than three feet in circumference, which made it impossible to use either pick, shovel or spade. Garden trawls were obtained from a nearby florist, and these had to be abandoned eventually, the space not allowing of their use. The firemen then had to dig with their hands, and this was tedious work. By 8 o'clock Fisher was uncovered up to his waist, and his hands were free, but his left leg was doubled under him and held fast by a huge rock. Each time the firemen pulled on the tackle the man cried out in pain, making it necessary to desist.

Father Keegan of the Church of Our Lady of Good Counsel, near by, went into the trench and talked with the man. Early in the morning Fisher asked for a cup of coffee and a roast beef sandwich, which he seemed to enjoy. He joked with his rescuers and seemed cheerful until they finally released him.

"I didn't know how time was going, and maybe I fainted for awhile," he said. "I know they gave me a roast beef sandwich and a cup of coffee, and I sort of passed away. When I came to it was daylight, and a big fireman with a loud voice was saying to cheer me. I love to watch the old man work."

Wisconsin Convention Names New Milwaukee Candidate for 1908.

MILWAUKEE, Wis., June 29.—William J. Bryan was strongly endorsed as the standard bearer of the Democratic party in the presidential campaign of 1908 by the Democratic state convention, which has adjourned since this date.

There were only two occasions in which Bryan's name was mentioned during the day, and that was when the resolutions were read as a whole and again when the planks were adopted separately. In both instances his name was cheered repeatedly, and the words "Bryan, Bryan, Bryan" were heard from the chairman and the delegates.

The plank of the platform that came in for the most debate was that bearing on municipal ownership. National Committeeman Timothy E. Ryan fought hard against the adoption of the plank, but he had few supporters.

Want Greater Courtesy From Officers of SAMARA.

SAMARA, June 29.—The arrest of two men of the Bozhluk regiment for neglecting to salute their officers led to a rescue by the comrades of the offenders. The regiment then marched with its band playing, held a meeting and drew up a list of grievances and demanded their redress. The demands include better food, greater courtesy on the part of officers and abolition of the death penalty.

Wife Murderers Hanged at Honolulu.

HONOLULU, June 29.—Okamoto, Japanese, and Lorenzo Colon, a native of Porto Rico, both uxoriicides, were hanged here. The Japanese in a speech from the gallows begged the pardon of his home government for having disgraced the nation and of the local government for causing him the trouble of executing him. Both men confessed to having murdered their wives.

Wharton Scored Nell and Reynolds.

WASHINGTON, June 29.—Messrs. Nell and Reynolds, who made the report on the best investigation to the president, were taken to task by Representative Wharton of Chicago in the house last night. He called them the "privy council" of the president. Their report, he said, was "shipshod."

Weather Probabilities.

Occasional showers; southwest winds.
