FREIGHT HANDLERS ARE ON A STRIKE

Day Men Employed on Local Transfer Platform Quit Work This Morning

This morning the day freight handlers at the local Lehigh Valley transfer platform quit work, a demand for a raise in wages having been refused, it is alleged, by the officials of the company. Although the freight handlers are not organized it is expected that the night men will also refuse to work this evening.

The men have been receiving \$1.30 per day and some time ago they decided to ask for an increase to \$1.50 per day. A committee was appointed to wait on the officials of the company, and a request was made to have the increase take effect on the first of July. Yesterday the men were informed that the increase demanded would not be granted. They worked yesterday but this morning after transferring a train load of cattle they refused to do any more and quit.

There are about fifty day and night men employed on the local platform and in the event of their all going out on a strike it will mean considerable inconvenience to the officials of the company. It is understood, however, that the officials will at once take measures to have the places of the men who have already refused to work taken by others, as the increase in wages has been flatly refused.

CELEBRATING THE 4TH COMES HIGH

What It Cost to Worship the God of Noise Last Year

The barbarous manner in which the Fourth of July is celebrated is well illustrated by the list of casualties compiled by an Ithaca citizen. A consideration of the human sacrifice made to the god of noise last year may stimulate thought.

"There were 104 cases of tetanus or lockjaw, from the celebration of the last Fourth of July. The victims of the blank cartridge were 809. There were 89 deaths from lockjaw. The total injuries were 5,176. Twenty-three persons, most of them children, were burned to death; 37 were killed by gunshot wounds, 13 of these being stray bullets fired by others; 10 died from fright or shock; 3 were killed by skyrockets; a baby was thrown into fatal convulsions by a cannon cracker; 2 persons were killed in runaways caused by firecrackers; 6 were rendered entirely blind; 45 lost one eye, and 13 lost one finger or more.

The loss of property by fires caused by the use of fireworks is too long a story to print. Surely there is a saner way than the present one of celebrating the nation's birthday.

DOGS MUST BE TAGGED

Borough Clerk Mercereau has received the dog tags for the year 1906, and the owners of the canines can get them at his office. The law provides that every owner of a dog shall on or before the first day of July secure one of these tags and place it about his dog's neck. Failure to comply with this provision of the law will result in trouble. The dog catcher has been instructed to confiscate every dog that does not wear a tag. The animal will be taken to the borough pound, where he will be detained until the owner appears and pays one dollar for his release. If at the end of two or three days the owner does not appear, the animal will be shot.

The tags this year are of heart shape, where last year they resembled a bell.

ROBBED REFRIGERATOR

Sneak thieves removed the door from a refrigerator which stood on the rear porch of the Bradford House Saturday night and extracted therefrom six dressed chickens and fifteen dozen eggs, which had been intended for the boarders' Sunday dinners. The burglary occurred late at night but the burglars left no trace as to their identity. It is presumed, however, to have been the work of some one well acquainted with the surroundings of the hotel. The refrigerator was locked and the thief or thieves took the hinges from the door in order to secure access. When the cook went to the refrigerator in the morning she discovered that the chickens and eggs which she had left in it the night previous were gone.

HAS CARED FOR CLOCK 17 YEARS

And Now Mr. Wood Asks That He Be Remunerated for His Services

For seventeen years Charles Wood, the janitor at the Church of the Redeemer, has cared for the big town clock in the top of the church tower. Every week during these seventeen years Mr. Wood has attended to the winding and has given the clock such other attention as it required. On an average he has consumed four hours a week in looking after the timepiece, the winding operation alone requiring nearly an hour. Mr. Wood has never received any remuneration for his services, but he now thinks that the time has arrived when he should be remunerated. Whether that body will look favorably upon his proposition is of course not known, but it does seem as if he should be suitably rewarded for his faithful and most efficient services.

STRIKE SETTLED

The strike of the machinists' helpers in the Lehigh Valley shops at Coxtown has been settled, and as a result this class of laborers will resume work at once.

It appears that the helpers claimed they were doing extra work without compensation, and in order to have an understanding they appointed a committee to communicate with the officials. It is understood that an amicable agreement was reached.

APPOINTED SPECIAL OFFICER

T. B. Shaffer, of the Wyoming division of the Lehigh, has been appointed a special officer to fill the vacancy caused by the resignation of Jesse Doty. Mr. Shaffer began his duties today. The position is the one formerly held by the late John Caskey. Mr. Shaffer held a similar position on the Wyoming division and is an excellent officer.

The King's Daughters of the Presbyterian church will meet tomorrow afternoon at 4 o'clock at the home of Mrs. West, South Wilbur avenue.

The choir of the Presbyterian church gave a most pleasing and creditable interpretation of Gounod's "Gallia" at the services held last night. The choir was under the direction of Mrs. L. M. Rice, and she was most ably assisted by Mrs. William Stamford, of Waverly, who sang the soprano obligato in a most delightful manner. The work of the choir was of a high order of merit and showed careful training.

MRS. ELIZABETH SNELL

Mrs. Elizabeth Snell, who has been a resident of Sayre for 58 years, died suddenly yesterday afternoon shortly after 2 o'clock of apoplexy, at her home, No. 405 Keystone avenue. Mrs. Snell, who was 69 years old, had enjoyed excellent health until a week ago Saturday, when she suffered a slight stroke. She appeared to recover and was able to walk about the house. On Tuesday last she was again attacked but was not confined to the bed. Yesterday she was in cheerful spirits until shortly after 2 o'clock when she was taken suddenly, and her condition became so serious that Dr. Tucker was sent for. She died in about five minutes after the arrival of the doctor. Mrs. Snell was one of Sayre's oldest and best known women. During her long life in the valley she had acquired a large circle of friends and acquaintances by whom she was held in high esteem. She was a woman of most exemplary character, and her sudden death will be exceedingly regretted by those who had the pleasure of her acquaintance. She was born in Litchfield township, but at an early age came with her parents to this valley and located near the spot where she died. Her maiden name was Elizabeth Miller. She is survived by two daughters, Mrs. J. B. Kitchen and Mrs. J. C. Wood, both of this place. Three grandchildren, Ethel Wood, Frank Wood and Earl Kitchen, also survive. The funeral will be held from her late home on Thursday afternoon at 3 o'clock, the Rev. J. F. Warner, pastor of the Methodist church, officiating. The arrangements are in charge of Rogers & Miller, and interment will be made at Tioga Point cemetery.

TAYLOR ACQUITTED

William Taylor, who has been on trial at Owego, for manslaughter, was acquitted by a jury on Friday evening. Three years ago Taylor and a man named Warner engaged in a fight near Candor, and Warner was badly beaten. He died a few weeks later. Taylor was arrested and tried shortly after his victim died. He was convicted and sentenced to ten years at Auburn. His attorney moved for and secured a new trial. Since the first trial Taylor has led an exemplary life which it is said had great weight with the jury.
