SAFE AT BERMUDA.

Liner America, Twelve Days Overdue, Towed In With Broken Shaft.

HAMILTON, Bermuda, July 5.—The French steamship America, from Marseilles to New York, with 150 passengers, short of provisions and with a broken shaft, has arrived at St. George's, having been in tow of the Italian steamship Dinnamore seven days. The Dinnamore was badly in need of coal.

The accident happened at noon June 16 in heavy weather, which moderated June 18. She drifted about to June 27, when she was sighted by the Dinnamore, which agreed to tow her to Bermuda. The passengers and crew behaved well. The former, however, complain bitterly of the food and water, which they say was bad before the breakdown, but worse afterward. Several of the passengers came ashore and lodged complaints with the foreign consuls.

The Fabre line steamship America was two weeks overdue, and it was feared she had been lost. She was picked up in a helpless condition by the Dinnamore and towed in with a broken shaft and other machinery out of gear, but it is presumed that all on board are well.

The Dinnamore is a freighter, commanded by Captain Penco, which left Girgenti, bound for New York, on June 9. She passed Gibraltar on June 19.

The America left Marseilles on June 8 and was last reported at St. Michael, in the Azores, which she left June 11.

THAW ACTS AS HOST IN TOMBS.

Young Pittsburger Buys Ice Cream and Cake For Fellow Prisoners.

NEW YORK, July 5.—Harry K. Thaw, under indictment for the murder of Architect Stanford White, gave his fellow male prisoners at the Tombs a pleasant surprise by treating them all to ice cream and cake. Thaw was talking with Rev. John A. Wade, the Episcopal clergyman who attends to the spiritual needs of the Protestant prisoners.

Thaw asked the minister if the Fourth of July was being observed in any special way in the prison.

"Well," answered the clergyman, "I've just finished a task that falls upon me every Independence day—that of supplying the women and boys with ice cream and cake."

When the minister said that the men were uncared for in that respect Thaw asked him to get enough to go around and send the bill to him. Mr. Wade did as requested, buying forty-six quarts of ice cream and thirty dozen cakes.

Thaw's wife was not permitted to visit him yesterday.

Roosevelt Pleased.

OYSTER BAY, N. Y., July 5.—President Roosevelt received a cable message from the German emperor announcing the birth of an heir to the German crown prince. The president remarked, "I'm mighty glad to hear it."

CHEMUNG CELEBRATED

Residents of Chemung celebrated the Fourth yesterday. It was the only celebration hereabouts, and the big crowd, numbering approximately two thousand souls, had a high old time. There was a fantastic parade, a greased pig chase, a pole climbing contest, "hoss" races, a ball game, the usual noise from the explosion of fire crackers and other explosives, the Declaration of Independence was read, and the two thirst stores did a satisfactory business. Chemung is way ahead of the times when it comes to celebrating the birthday of this country in the good old fashioned manner.

FREE FOR ALL FIGHT

Waverly—The Fourth of July passed very quietly. No serious accidents have been reported, although the usual number of burns were received. A large crowd went to Chemung, where a very pleasing celebration took place. Towards evening there was a free for all fight, and everybody either fought or ran. Several Waverly parties participated and shed their share of the gore.

COULDN'T PLAY BALL

Waverly—A base ball team representing the male chorus of the M. E. church went to Tioga Center yesterday and gave a fine exhibition of what they could not do. Those Tioga Center farmers simply walked about the bases while the Waverly boys couldn't stop a balloon. Don't try to find anyone who went over, however, because there isn't one who will admit he was there.

MRS. AMANDA M'DONALD

Waverly—The funeral of Mrs. Amanda McDonald took place today at 2:30 p. m. from the home of her son, D. J. McDonald, Chemung street. Rev. H. B. Cook officiated and the remains were buried at Forest Home cemetery.

FELL UNDER WHEELS; LOST LEFT LEG

Percy Turner, a Record Carrier Boy, Met With a Most Distressing Accident Tuesday Afternoon

Percy, the fourteen years old son of Edward F. Turner of 408 South Elmer avenue, met with a most lamentable accident on Tuesday afternoon when he fell beneath the wheels of a Lehigh Valley caboose, one of them passing over the lower portion of his left leg and crushing it so badly that amputation was necessary.

The accident occurred between 4 and 5 o'clock. The lad went to the scene of the box car conflagration above the trolley bridge on the engine and caboose of B. J. 6. When the engine and caboose started to return the lad attempted to jump on the head end of the platform of the caboose. He stumbled and fell, his left leg falling across one of the rails. The wheels passed over the lower portion, crushing it in a terrible manner.

The injured lad was picked up by those who had witnessed the accident and was placed on board the caboose and hurried to the station where the ambulance was in waiting. The surgeons at the hospital amputated the injured leg about three inches below the knee.

The unfortunate lad was one of The Record carrier boys, having delivered papers to the patrons of the business district ever since the first number was issued over a year ago. He was a bright manly young fellow, and emyloyes of The Record exceedingly regret the unfortunate accident which has befallen him. The lad is reported as resting comfortably today.

HOSPITAL NOTES

Mrs. Mabel Baker of Towanda, Miss Zeta Farr of Sayre and Mrs. Smith of Waverly, underwent operations at the hospital today.

Mrs. Stella Allen of Barclay was admitted yesterday.

Mrs. Carpenter of Athens and Edward Garrity of Ricketts were discharged this forenoon.

Michael Boyle was severely burned on the right hand by the explosion of a sky rocket yesterday. Simon Wooster suffered a laceration of the scalp. Both went to the hospital for treatment.

Permanent Dentistry

A quarter of a century ago we placed some gold fillings in the teeth fo a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty five years from today—come in or 'phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
