Roosevelt Guarantees Our Canned Goods in Britain.

GOVERNMENT WILL RECEIVE PROTEST

President Makes New Move to Aid American Beef Export Trade—Cables Assurance to Grocers' Federation at Sheffield.

LONDON, July 11.—A special dispatch from Sheffield says that the Grocers' federation, whose conference is proceeding there, has received a communication from Ambassador Whitehead Reid inclosing a message from President Roosevelt in which he says: "You are at liberty to inform the Grocers' federation that under the new law we can and will guarantee the fitness in all respects of tinned meats bearing the government stamp. If any trouble arises therewith protest can at once be made not merely to the sellers of the goods, but to the United States government itself."

The secretary of the federation stated that President Roosevelt's message was in reply to one sent to him on behalf of the federation saying trade was almost paralyzed, that dealers must be assured of the wholesome character of tinned goods or otherwise they would have to stop stocking with American brands. The speaker hoped the publication of the president's message would lead to a revival of the trade which has been so seriously injured. He said the loss to members of the federation in the canned meat trade had been very heavy.

The federation adopted a resolution thanking President Roosevelt. There was only one vote in dissent, that of J. F. Steel of Bolton, who thought the president might have gone about the matter more carefully and considered that it was all a political move to steal Bryan's thunder against the trusts. Drastic resolutions were referred to committees, one of which pledged the grocers not to stock with American canned meats until the patent law initiated an inspection system guaranteeing the wholesomeness of their output.

Britishers who have been indignant over the Chicago meat packing revelations were confronted with the annual report of the inspector of factories and workshops, which shows that the conditions here are quite as revolting as anything alleged of the western packing centers.

Dirty factories and disgusting methods seem to be the rule instead of the exception. Jam factories, bakeries and sausage makers are all censured as being equally filthy, and the description of one fits most of the others. Here is the report of a typical jam factory: "The boiling room lay between the yard and the stable, and the horses reached the latter through the boiling room. The sanitary accommodation was hardly separated from the rooms where the fresh fruit and uncovered jam were kept, and the floors were dirty and unclean."

Another factory inspector found jam pots being washed in "liquid like dark soup, which smelled abominable." The manager informed the inspector that the water was changed "about once a week." When fished out of these evil smelling tanks the pots were allowed to stand until dry, when they were considered to be ready to receive fresh installments of preserves.

Inspectors of bakeries found that it was a frequent custom to bathe the children in them after the close of work on Saturdays, while the family's weekly collection of dirty clothing was sorted in the bakeries for dispatch to the laundry.

The sausage factories, says the report, are mostly owned by Germans and are "small, dilapidated, badly lit and often infested by rats."

The fleet, which is commanded by Vice Admiral Sir Assheton Curzon-Howe, will leave Portland July 21 and will consist of the battleships Caesar, Prince George, Canopus, Albemarle, Goliath, Ocean and Glory and the cruisers Devonshire, Roxburgh, Dido, Juno, Topaz and Arcturion. Visits will be paid to a number of ports, Cronstadt being reached Aug. 11 and the fleet remaining there until Aug. 17.

The fusion ticket is as follows: Governor, Lewis Emery, Jr., independent Republican; lieutenant governor, Jeremiah S. Black, Democrat; auditor general, William T. Crossy, Democrat; secretary of internal affairs, John J. Green, Democrat.

HARTJE DIVORCE CASE.

Milwaukee, Weishaus and Hoce to Have Hearing Saturday.

PITTSBURG, July 11.—Assistant District Attorney Robb announced that he had decided to proceed with the hearing next Saturday in the cases of Augustus Hartje, John L. Weishaus and Clifford Hoce, a negro, former coachman, who are accused of conspiracy to defame Mrs. Mary Scott Hartje, the defendant in the divorce suit now pending.

Mr. Robb also declared there would be more arrests before the close of the week.

Concerning the report that the detectives had a clue to the alleged forgers of the Madine letters Mr. Robb said he would not talk about the letter.

AUGUSTUS HARTJE.

But there would be some developments, by Saturday. Tom Madine, who was reported missing, was in conference with the defendant's attorneys.

Augustus Hartje's supplementary petition in divorce has caused a new sensation in this now celebrated case with the absence of the name of Henry Buhl of the department store firm of Boggs & Buhl as the alleged correspondent whose identity Hartje refused to make known.

Mr. Buhl has instructed his attorney, Willis F. McCook, to join with District Attorney Robb in prosecuting the charges of conspiracy and blackmail which are to be filed against persons who supplied Hartje with the alleged evidence upon which he based the charges.

An incident has developed which indicates that the case will be one of conflict between handwriting experts.

David M. Carvalho, who has been engaged by Mrs. Hartje's counsel, had possession of the letters in the case all day and had them again under examination, while George Wood, expert for Mr. Hartje, was engaged with the Hartje counsel. Mr. Carvalho would not talk of the present case.

Carvalho was employed in the Patrick case and testified that the letter will by which Patrick was to come into possession of \$17,000,000 was a forgery.

DRY DOCK'S LONG TRIP ENDS.

Great Ship Receiver at Olongapo Ready For Service.

WASHINGTON, July 11.—Just 193 days after it sailed from Solomon's island, Chesapeake bay, the great dry dock broke loose from its companions and foundered about for a short time more than 12,000 miles with an average speed of 100 miles a day for the time it was in motion.

Twice the dry dock was in serious danger. Its first trouble was late in February off the Canaries, where it struck a storm, and the hawsers connecting it with the towing fleet were broken, allowing the great hulk to go adrift. Again in the Mediterranean, not far from Lata, early in April the dock broke loose from its companions and foundered about for a short time.

Great credit is due to Commander H. H. Hosley for the masterful manner in which he conducted the Dewey on the long voyage. When the Dewey started from Solomon's island she was accompanied by the colliers Caesar and Brutus, the tug Potomac and the refrigerating ship Glacier. The Potomac left the Dewey at Suva, and the other three ships made up the dock's escort, until it reached Singapore, where the Wampatuck joined the towing fleet and assisted in the work until Olongapo was reached.

One Company Dictates Price of Ice.

KANSAS CITY, Mo., July 11.—In the investigation of the ice manufacturing concerns of this city which County Prosecutor Kimball is trying to show in a trust in restraint of trade Harry I. Burke, secretary of the People's Ice Storage and Fuel company, testifying, practically admitted that his company dictates the price of ice in this city. He told how his company sometimes bought ice for \$2 a ton and sold it for \$5 without ever seeing the product. Witness said he was unable to tell the cost of production and declared that the supply and demand fixed the price of ice.

Ten Thousand Miners Go Out.

ATHENS, O., July 11.—Ten thousand miners in the Hocking district struck after working less than two weeks under the agreement made at Columbus in June. The cause is that when loaders received their pay checks they found they were short 50-100 of one cent a ton from the price which they were to receive under the Columbus agreement.

Convention Chose Judge Adams.

GREENSBORO, N. C., July 11.—The Republicans of North Carolina in convention here with some 1,500 delegates and alternates in attendance chose former Judge Spencer B. Adams as chairman of the Republican state committee on the first ballot. The vote stood: Adams, 470; Congressman B. S. Blackburn, 277; Harris, 64.

AFTER THE OIL KING

Ohio Court Officer Has Warrant For J. D. Rockefeller.

A LAWBREAKER AND MONOPOLIST.

Sheriff Must Produce His Body in Findlay Court to Be Dealt With According to Law—Refusers Summoned.

NEW YORK, July 11.—A special from Findlay, O., says that a warrant for John D. Rockefeller, which is now in the hands of the sheriff of Hancock county, is accompanied by a copy of the information and affidavit which was filed last Thursday in the probate court here by Prosecutor David and charging Rockefeller with violation of the antitrust laws in organizing and maintaining a monopoly of the oil business.

The warrant directs the sheriff to "take the said John D. Rockefeller, if found, in your custody, or if he shall have fled that you pursue him into any other county in the state and take and safely keep the said John D. Rockefeller so that you have his body before this court to answer the said complaint and be further dealt with according to law."

The warrant is signed by Judge Banker of the probate court of Hancock county.

A Philadelphia dispatch says that five officials of the Pennsylvania Railroad company were served with subpoenas to appear in the United States district court at Jamestown, N. Y., on Thursday in one of the suits brought by the government against the Standard Oil company, when the question of rebates will be thrashed out.

The men on whom the subpoenas were served were Harry Tatum, treasurer and fifth vice president; Frank A. Stockton, assistant comptroller; H. C. McKeever, auditor of miscellaneous freight receipts, and R. C. Wright and E. P. Bates, general freight agents.

It is said that John B. Thayer, fourth vice president and freight traffic manager, was also to have been summoned, but that he was excused on the plea that the five others named knew more about the case in point than he did.

The Pennsylvania representatives have been summoned to tell what they know of rebates alleged to have been given to the Standard Oil company by the old New York and Western Pennsylvania railroad for transportation of all oil over its lines. That road was subsequently leased by the Pennsylvania railroad.

DOUGHERTY KNOCKED OUT.

Joe Walcott Retains Welterweight Championship of the World.

BOSTON, July 11.—Joe Walcott of Boston retained the welterweight championship of the world by knocking out Jack Dougherty of Milwaukee in the eighth round at the Lincoln Athletic club in Chelsea last night.

Walcott's famous punch, a left hand swing to the face, defeated Dougherty. Up to the final round of the bout Dougherty appeared to have outpointed the colored boxer, although Walcott did not show many marks of punishment. The contest was one of the fiercest ever seen at the Lincoln Athletic club.

Although Walcott was the favorite, Dougherty's gameness called for cheers from the crowd. In the first round Walcott sent Dougherty to the mat twice. In the second round the Milwaukee fighter came up strong and evened matters up. Throughout the first and second rounds Dougherty tried repeatedly for Walcott's head and face, while Walcott used body blows to advantage.

In the third round Dougherty changed his tactics and stalled, sending rights and lefts to Walcott's stomach. Dougherty had the advantage in the third and fourth rounds.

When the eighth round opened Dougherty started in with a rush, playing for Walcott's stomach. Before the round was ended Walcott began to swing wildly. One of his swings, a left hander, caught Dougherty on the face, and the Milwaukee boy fell on his back. He tried to rise and get to his knees before the count was up, but he could get no farther, and Walcott was declared the winner. Dougherty had to be picked up and carried to his corner.

Oklahoma Pastor's Mad Act.

MAGNUM, Okla., July 11.—Rev. J. L. Rea, pastor of the Magnum Christian church here, shot and probably fatally wounded George A. Stephens, his brother-in-law, a farmer, and then cut his own throat. Rea, although badly wounded, may recover. Rev. Rea and his wife had separated, his wife going to the home of her brother. Stephens went to the minister's house and asked for his sister's belongings. The men quarreled and Rea fired at Stephens with a shotgun.

To Restore Old Heidelberg Castle.

KARLSRUHE, Grand Duchy of Baden, July 11.—The chamber of deputies rejected the ministry's bill making an appropriation to begin immediately the partial restoration of Heidelberg castle. The minister-president pointed out that the main building of the castle, in the opinion of experts, was in the greatest danger of falling down.

Can's ships Mattay.

SEVASTOPOL, July 11.—It is reported that the ironclads Pantelemon and Three Saints have joined the garrison of the Ratum fortress, which is in mutiny; that the Three Saints hoisted the red flag and that the mutineers are forcibly detaining the other two ironclads which had refused to join them.
