The serpentine girl attracts considerable attention. She is a freak of nature that excites more than the usual amount of curiosity.

The Globe Warehouse is having a special sale of white goods, but when the goods arrived and were unpacked it was found that the present quarters of the store were insufficient to make a proper display. Accordingly the front window of the Talmadge plumbing establishment was temporarily rented for the purpose, and an elegant line of goods is being displayed therein.

WENT TOWARD ATHENS

John Duffey, a wayfarer, who says that he has been pitching hay for a farmer near Freeville, fell into the clutches of the police, and spent the night in the lockup. When arraigned this morning on a charge of drunkenness Duffey said that he had \$12 in his possession when he arrived in Sayre, but that the entire amount had been spent for booze. He was shown the car line and told not to leave it until he passed out of the borough limits. He wandered toward Athens.

BROKE HIS ARM

Charles J. Haines, the eight-year-old son of Mr. and Mrs. Dr. C. A. Haines, sustained a compound fracture of the ulna bone on the left forearm, while attempting to jump over the banister on the front porch of the family home on South Wilbur avenue this morning. Doctors Murray and Cummings were called and it was decided to remove the lad to the hospital where the fracture was reduced.

LEWIS EIGHMEY IS MENTALLY WEAK

Judge Fanning Appointed M. H. Sawtelle Guardian for Sayre's Well Known Citizen at a Hearing Held Yesterday—Lunacy Proceedings to be Withdrawn.

Yesterday at Towanda M. H. Sawtelle was appointed the legal guardian of Lewis Eighmey of this place, the appointment being made by the Hon. A. C. Fanning. The appointment was the result of a hearing which took place yesterday forenoon before the judge to ascertain whether or not Mr. Eighmey is competent to administer his own affairs. Several witnesses were sworn and at the conclusion of the taking of testimony Mr. Eighmey was declared a weak minded person and incompetent to transact business and manage his estate. Judge Fanning immediately appointed Mr. Sawtelle and the latter executed a bond for \$10,000 for the faithful performance of his duty.

The hearing yesterday was the result of an agreement entered into a short time ago between Hon. E. M. Dunham, attorney for the petitioner, and I. N. Evans and C. C. Yocum, representing the interests of Mr. Eighmey.

A little over a month ago, on the petition of Dr. C. A. Haines, Judge Fanning appointed Dr. H. S. Fish, W. G. Schrier and W. T. Carey, a commission to inquire into Mr. Eighmey's sanity. For the past two years it has been conceded that Mr. Eighmey was undergoing both a physical and mental change, and within the past three months had been such as to lead many to believe that he was insane. When the commission met, the Hon. E. M. Dunham appeared for the petitioner and Attorneys Evans and Yocum represented Mr. Eighmey. The commission held seven sessions, at which a large amount of testimony was adduced. The greater portion of the medical fraternity in the valley gave testimony and a dozen or more laymen were sworn. The case attracted considerable attention, and for a period of two weeks was almost the exclusive topic of conversation among the older residents of the town. Mr. Eighmey was one of Sayre's oldest citizens, had always held the respect and esteem of everyone, was counted the wealthiest man in Sayre, and when proceedings to inquire into his sanity were commenced, intense interest was naturally aroused. Attorneys for Mr. Eighmey put up a hard fight. They insisted that their client might be suffering from loss of memory, etc., but that it was no more marked than it would be in any man of his years, Mr. Eighmey having reached the age of 73 years. Mr. Eighmey was present at nearly all the sessions of the commission but the expression of his face did not indicate any unusual interest in the proceedings.

Ten days or more ago it was agreed to go before Judge Fanning with the understanding that if the judge would appoint a guardian for Mr. Eighmey, the lunacy proceedings were to be withdrawn. The commission will therefore be formally notified today by counsel for the petitioner that the case has been dropped, and consequently the commission will be relieved of rendering a decision. For the past two weeks Mr. Eighmey has been the guest of friends in Tioga county, and during this time he has suffered one or two severe attacks of illness. He returned to Sayre last night. The outcome of the case will be satisfactory to all concerned, and will settle a mooted question.

The remains of Henry M. Peppard, whose death occurred on Wednesday night, were taken to Chemung this morning, the funeral services being held in the Methodist church of that place. Interment took place in the Chemung cemetery.

PERSONAL MENTION

Miss Christie Pierce of Elmira is spending a few days with her grandmother, Mrs. J. M. Cooley, Spring street.

The Misses Elsa and Josephine Jettles, who have been spending several days in Towanda, have returned to their home in Sayre.

Dr. G. C. Holcomb, of Ulster, and Dr. John Daly, of this place, have formed a partnership for the practice of medicine. Dr. Daly is a well known young man who graduated from Medico-Chirurgical in Philadelphia, class of '95. The past year he has devoted to hospital work at Marion, Ind. He and his partner will be wished a successful future.

BILLY WILD TO PLAY SAYRE

The well known and popular comedian, "Billy" Wild, will open a week's engagement in Sayre next Monday evening, presenting one of his most successful plays on the opening night, entitled "A Runaway Tramp." The play is in four acts and never fails to please all classes of show-goers. An unexcelled list of vaudeville features will be presented between the acts, including "Billy" in one of his imitable monologues, and several strong additions to the regular company. Plays and specialties will be given under a splendidly equipped canvas pavilion theatre 100x100 feet in size. Prices are 10 and 20 cents. Ladies will be admitted for 10 cents the opening night only. Mr. Wild will no doubt be greeted by a large crowd of his old friends and patrons, who remember him most favorably from his work as an actor manager at the park two seasons ago.

HE HAD TO BORROW

Yesterday forenoon when Lehigh Valley train No. 8 pulled into the local station a well known business man rushed up to an acquaintance in the waiting room and asked to borrow a dollar. Now the well known business man is accustomed by the nature of his business to handle thousands of dollars every day, but when he started for Towanda yesterday, he discovered that he had left all his money elsewhere. So he was forced to borrow a dollar from a friend, as many often are. He secured the dollar, however, and as he held it firmly in his hand, he looked as pleased as a boy with a new pair of boots.

HE BELLOWED "ENOUGH"

A Wellsboro man 74 years old, and a veteran of the Civil war, whipped a fresh young Englishman on the Fourth of July until the young upstart bellowed "enough." The young fellow expressed his hatred and contempt for all things American and finally wound up by saying that he could "lick any damned Ameri—" but he got no further. The old man, who was standing near, took the fresh fellow by the neck, and hammered his physiognomy until he said that he had "enough."

LARCENY CHARGED

James Webb, a Lehigh Valley baggagemaster, was arrested at Mauch Chunk yesterday by two of the company's detectives on a charge of larceny. For a long time there has been a complaint of goods being lost in transit. The thefts were traced to Mauch Chunk. The specific charge is that Webb on Sunday evening stole a case of whiskey. He was held for a hearing.

A NEW SWINDLE

A fakir is traversing the surrounding towns and is reaping a neat harvest. He poses as a photographer and his trick is to have others pose while he makes a bluff at snapping the picture. He has the subjects pay half this amount in advance but he fails to return with the pictures.

BOROUGH COUNCIL HELD MEETING

Sewer Committee Authorized to Advertise for Bids

The borough council held a regular adjourned meeting last night. The session only lasted about fifteen minutes, and but little business was transacted, the most important of which being the matter of advertising bids for the new trunk line sewer contracts. The sewer committee was instructed to look up the law on the subject and advertise for bids at once. The committee was also authorized to sink test holes on various points of the territory to be covered by the system, so that the contractors would have an opportunity of knowing what kind of soil they would be compelled to excavate.

When the Valley telephone laid a conduit on Lockhart street the workmen left considerable dirt lying on top of the ground and the council insisted, that as the company failed to remove it, damages should be assessed. At the time it came up for discussion there was some talk of presenting a claim for \$20 to cover the cost incurred by the street department in removing the dirt. Last night some of the members of the council thought these figures rather high, and after some discussion it was decided to authorize the borough clerk to effect a settlement, if possible, on the basis of actual cost of carrying the dirt away.

The clerk was authorized to pay the D. Clary Coal Company a bill of \$6 for coal furnished the borough, and Register and Recorder C. P. Dewey \$3 for filing the permit to lay the sewer system.

Adjournment was then taken, and the majority of the councilmen wended their way toward the carnival ground in order to give their children—or those who had children—opportunity to ride on the merry-go-round.

BIG PASSENGER TRAFFIC

It was given out in railroad circles in Philadelphia and New York yesterday that the passenger traffic on the Lehigh Valley railroad has increased nearly forty per cent during the last ten days, and by the end of the month it may exceed all July traffic for years. The traffic on the Western Divisions is said to be greater than before, for traffic between Buffalo and New York city has been very heavy during the month. All excursions so far this season have been widely patronized and business from the local station has been very large.

GOES TO LOCK HAVEN

George S. Wilking of South Wilbur avenue leaves tomorrow for Lock Haven where he will henceforth make his residence. Mrs. Wilkin's father lives in that town, and as his health is not of the best Mr. and Mrs. Wilking go there to be near him. Mrs. Wilking has been at Lock Haven for the last few weeks. During their residence in Sayre Mr. and Mrs. Wilking have been greatly esteemed by our townspeople. A host of friends in this place, while regretting their departure will wish that prosperity and continued happiness will attend them in their new abode.

ODD FELLOWS' PICNIC

The Odd Fellows of Sayre are arranging for a picnic to be held in the near future. At the regular meeting held last night a committee of arrangements was appointed with B. L. Lewis as chairman. The chairman of the committee will try and induce the Rebekahs to join with the Odd Fellows in making the picnic a success. This is the first attempt that the Sayre lodge, I. O. O. F., has made at holding a picnic and the committee of arrangements is open to any suggestions.
