TUMULT IN CHAMBER

Government Official Wounded In Duel Over Dreyfus.

FISTICUFFS IN FRENCH ASSEMBLY.

Scene of Wildest Uprow Caused by Enactment of Laws Relating to Dreyfus and Colonel Picquart. Zola's Body to Pantheon.

PARIS, July 14.—A scene of tumultuous disorder which marked the enactment of the law restoring Alfred Dreyfus to the army was followed by a bloody duel last night, in which Undersecretary of State Sarraut was dangerously wounded by the sword of M. Pugié-Conti.

The duel assumed the aspect of a veritable combat between the government and the opposition, as M. Sarraut's seconds were Ministers Clemenceau and Thomson, while M. Pugié-Conti's were M. Millevoye and General Jacquet, who were drawn from the elements which bitterly resist the government's rehabilitation of Dreyfus.

The meeting followed a fight on the floor of the chamber of deputies, in which M. Sarraut sprang from beside Minister of the Interior Clemenceau, sitting on the ministerial benches, on M. Pugié-Conti, who had been heaping denunciations on the members of the government as accessories.

Minister Etienne's explanatory preamble to the Dreyfus bill said: "A decision has judicially and definitely established the innocence of the accused, involving also factually his reinstatement in the army and expunging his condemnation. The government, powerless to repair the immense material and moral injury sustained by the victim of a deplorable judicial error, desires to place Dreyfus in the situation he would have occupied if his normal career had not been interrupted."

The preamble to the Picquart bill said: "Proclamation of the innocence of Dreyfus demonstrates the legitimacy of Picquart's loyal and courageous efforts for the triumph of truth at the risk of definitely breaking his career. We demand that parliament expunge the effects of his action by the conferment of the rank of brigadier, with priority over other brigadiers."

It was at this moment that the Sarraut-Pugié-Conti encounter occurred. M. Pugié-Conti, aroused by M. Pressence's denunciation, shouted at the ministerial benches, "You are accessories for permitting these insults to officers!"

Immediately from the ministerial benches there sprang the lithe, wiry figure of Undersecretary Sarraut. He made straight for Pugié-Conti, seized him by the throat and planted his right fist squarely in his face. Pugié-Conti, dazed by the blow, was caught by his friends, while Ministers Clemenceau and Thomson grasped Sarraut's coat tail and dragged him back to his seat.

Pandemonium immediately broke loose. Deputies gathered in groups in the center of the house, fighting, their blows raining indiscriminately. The bill was passed by the senate by 185 to 26.

MAKE A COMPROMISE

Forty Thousand Miners Will at Once Resume Work.

AGREEMENT AFTER LONG STRIKE.

Collieries of Central Pennsylvania Bituminous District, Idle Since April 1. Will Open Operations Immediately.

HARRISBURG, Pa., July 14.—The men in the collieries of the central Pennsylvania bituminous coal district numbering nearly 40,000, who have been idle since April 1, when the mines closed down because the operators would not restore the scale of 1905, will resume work on practically the same scale as 1905.

The agreement to do this was made in a conference that was attended by prominent operators. President John Mitchell and Secretary Wilson of the United Mine Workers of America and representatives of the districts in the affected territory. A conference was held in Philadelphia at which terms were made and these were submitted to the districts, which sent their men here to ratify them.

The session lasted six hours, and after much discussion, principally on the "open shop" and the method of collecting the check-weightman fund, the following scale was agreed upon: "First.—Pick mining per gross ton, 66 cents; per net ton, 52.85 cents; machine loading shall be five-ninths of the pick price, plus one-half cent, and cutting and scraping, whether by the ton, day or task, will be advanced 0.45 per cent above the price paid in 1905.

"All other day wages and monthly men, both inside and outside the mines, and all yardage shall be advanced 5.85 per cent above the rates paid during the scale year ending March 31, 1905, except all mechanics and skilled labor, who are to be paid such prices as shall be mutually agreed upon between the undersigned and the mechanics employed.

"Coke men to receive an advance of 5.85 per cent over the rates paid during the scale year of 1905. "Second.—Eight hours of actual work at place of work shall constitute a day's work for all labor inside the mines, except pumpmen and monthly men, who shall work the number of hours required.

At last night's session the agreement and scale was signed by operators and miners and the conference adjourned. The agreement will affect 40,000 miners who are out in fourteen counties and is subject to ratification by a district convention which will probably be called by President Glidway for Clearfield on Tuesday next.

The agreement is regarded as a compromise, the miners getting the wage advance and the operators the "open shop" and check-weightman points. National Secretary Wilson, when asked regarding the agreement and scale made, said: "The thing that gratifies us is that it gives us the 1905 scale, and that is all we contended for."

Jaswell was sentenced to life imprisonment five years ago for the murder of George Collins at Rumford.
