## VISIT TO BALTIC PORTS UNWISE.

ssian Government Points Out That They Are Ready to Welcome English Warships, but Their Presonce Might Be Misconstrued.

PETERSBURG, July 14.-The visit of the British channel fleet to Russian waters has been postponed until a more propitious time.

The initiative in this decision came from Russia, which pointed out that the projected visit had been welcomed with lively satisfaction by the Russian government, which saw in it an exon of sympathy for Russia on the part of Great Britain. Unfortunately. it is added, certain political parties in Great Britain and Russia fomented a sharp agitatem with a view to connecting the visit with questions of Russian internal policy.

The firm and loyal statements of the British minister for foreign affairs, Sir Edward Gray, brought the question back to its proper ground and was appreclated at St. Petersburg at its propor value. Nevertheless, in view of the litical crisis which is passing over Russia, the government could not help forseeing that the arrival of British ships at a Russiau port might cause a recrudescence of the agitation and in cidents of a nature to harm the future

Chicago Maile Go by Subway. CHICAGO, July 14. - Underground transporting of mail in Chicago will begin Monday, when tunnel connection between the postoffice and the LaSalle street railroad station is to be put in operation. Postmaster Fred A. Busse announces that this tunnel is complet ed and that the tunnels to the other five railroad stations in the city will be opened by Sept. 1. The underground conduits connect the main postoffice with the Illinois Central, the Grand Central, the Polk street, the LaSalle street, the Chicago and Northwestern and the Union railroad stations.

Fire at Conneaut Lake, Pa. CONNEAUT LAKE, Pa., July 14. Fire was discovered in a barn at the rear of the Thomas inn in this place and for a time it was thought the volunteer fire fighters would be unable to manage it. Assistance was summoned from Meadville, but before the firemen arrived the general store near by was ablaze. The fire was extingulahed, however, with a loss of about \$5,000. The origin is unknown.

Sheriff Beaten to Death With Shovels PRESCOTT, Wis., July 14. - The sheriff of Pierce county, Michael Nugent, was killed here while trying to arrest members of a gang of Italian laborers employed on track work of the Burlington road. The officer is said to have been beaten to death with shovels.

## STRANGE SPANISH TOWN.

Salinas Perched on a Mountainside and Completely Isolated-Built Many Years Ago.

Loadon.-Salinas is a very ancient Spanish town situated in the Cantabriside of a peak, and, looking down over \$100,000. a valley of superb grandeur, commands a magnificent view.

The town gives one the impression of having been deposited on the hillsire all in one piece by some giant. It don. is rectangular and encircled by traces of a country parson, who thus utilized of an ancient wall, with a gateway on buttons found in the offertory

TRADE CONDITIONS.

R. G. Bun & Co,'s Weekly Business NEW YORK, July 14.-R. G. Dun & Co,'s review of trade says that midsummer quiet conditions are more in evidence than at any previous time this season, although trade continues far in excess of earlier years and preparations for fall and winter are unabated. Confidence is the commercial sentiment, induced by exceptionally favor able crop reports and the absence of any distinctly adverse factor. Wholesale distribution is very heavy for this period and the majority of reports indicate satisfactorily prompt collections, while at some points summer stocks are being reduced by clearance sales, Not only the leading industries, but nearly all manufacturing undertakings have orders assuring activity well into the future, and scarcity of labor is still

the chief complaint. All New England textile mills have restored wage scales to the top point and one prominent concern has volunteered a further advance to a new high record. Disputes as to wages are practically settled at the soft coal mines and anthracite collieries are resuming, the sliding scale giving hard coal miners an advance of 1 per cent in July. Evidences of the unexcelled business during the fiscal year just ended are found in every statement that appears, one of the most significant being an advance of 25 per cent in the money order transfers by the New York postoffice.

Many iron furnaces and steel mills have resumed after a brief season of idleness for repairs, inventories and settlement of wage scales, so that the production is once more very heavy.

Textile manufacturing conditions are not materially altered. Primary markets for cotton goods continue quiet, buyers exhibiting a little more interest as stocks become depleted, but thus far the actual volume of new business is not significant.

Several further fractional gains in prices of hides place the general level of the market above all recollections of men now in the business.

Farm staples declined in response to the very favorable official report, which indicated the largest acreage in corn ever devoted to any crop and the best possible outlook for wheat. With re sults for these two principal cereals promising to eclipse all records, in conjunction with splendid results last year, it was not surprising that quotations became much lower.

Liabilities of commercial failures thus far reported for July amounted to \$2,014,525, of which \$145,513 were in manufacturing, \$1,795,151 in trading and \$73,861 in other commercial lines. Failurés this week numbered 202 in the United States against 223 last year and 21 in Canada compared with 26 a year ago.
