Central America's Warring Republics to Arbitrate.

STOP FIGHTING AT ROOSEVELT'S WORD

Army of Salvador Obtained Victory at Pictanar, Killing 2,000 Guatemalans—Honduras Resents Invasion of Territory.

WASHINGTON, July 16.—Guatemala, Salvador and Honduras have accepted the tender of the good offices of the United States for a settlement of their national differences.

Once more President Roosevelt has thrown the weight of his influence to end a war. The governments of Salvador, Guatemala and Honduras have agreed to quit fighting and submit to the peaceful arbitration of their differences.

A tribunal composed of disinterested nations or peace conferees representing the fighting nations will be called upon to make a lasting treaty.

It is stated that while both Guatemala and Salvador have accepted in principle the proposition for a peace conference the question of arbitration would be a subject of future consideration.

A fortnight ago there was a disposition on the part of the belligerents to arbitrate. The question then was whether Guatemala had injured Salvador by harboring insurgents on her territory or whether Salvador by doing the same thing had injured Guatemala, and the recent battle with the death of General Regalado, the former president of Salvador and the leader of the Salvadoran troops, changed the situation.

It is pointed out that as no territorial or boundary question is in dispute the matter of indemnity for invasion of territory would be a main question before the peace conference.

The advice regarding the Central American situation was forwarded to the president at Oyster Bay by Acting Secretary of State Bacon, who is in charge of state department affairs during the absence of Secretary Root.

Mr. Bacon made arrangements to leave Washington for Oyster Bay, carrying dispatches and other papers bearing on the situation to lay before the president.

This information is conveyed in late special official dispatches received at the state department from the American diplomatic representatives in Guatemala and Salvador announcing that the belligerent countries have availed themselves of the tender of the good offices of the United States looking to their approaching each other in a conference having in view an adjustment of their differences, the cessation of hostilities and the bringing about of a lasting peace.

A dispatch from San Salvador says the Salvadoran army during the night again attacked the Guatemalan forces at Pictanar and obtained a victory over them, the Guatemalans suffering a loss of 2,000 men in killed, wounded and prisoners.

The Guatemalan army which invaded by way of Santa Fe was repulsed by the Honduran army.

Honduras is making common cause with Salvador.

Honduras has sent troops into Guatemala, thus giving the revolutionists strong support. This action of Honduras has been expected, and General Toledo is now counting on aid from Nicaragua. Confirmation has been received of the execution of Alfredo Quiñones, a Mexican citizen, in Guatemala, and it is stated this was done because Quiñones had publicly censured the Guatemalan government.

Emilie de Leon, a Guatemalan diplomat, who offended President Cabrera, is still at the Mexican legation in Guatemala City under the protection of the Mexican flag. The Mexican government is maintaining an attitude of neutrality and is despatching its troops to the southern border to prevent its being made a base of operations against Guatemala.

General Barillas is in the City of Mexico.

The steamer Empire, used by the Guatemalan revolutionists in filibustering expeditions, has been turned over to the Salvadoran government and will be used by Salvador as a gunboat in operations against Guatemala on the west coast. The vessel is now at Corinto, where it has been used by the Nicaraguan flag for three weeks. It will proceed at once to Salvador, where it will be fitted with rapid fire guns.

United States Ministers Combs at Guatemala City and Merry at San Salvador under orders from this government have approached respectively Presidents Cabrera and Escalon in an endeavor to re-establish peace between Guatemala and Salvador. President Cabrera informed Mr. Combs that he is willing to enter into negotiations for peace provided the United States government will guarantee that further hostilities against Guatemala will cease.

Cabled instructions have been sent to Messrs. Combs and Merry to renew their efforts to establish a permanent peace between Guatemala and Salvador.

The following dispatch has been received from President Bonilla of Honduras: "Honduras has not declared war. Guatemala invaded territory without previous declaration."

In reply to a request for a statement as to the truth or falsity of reports that Nicaragua has assisted in the war against Guatemala the following statement from President Zelaya has been received: "Nicaragua has been, is and will remain neutral."

The following proclamation has been circulated in Salvador: "General Bonilla, commanding the Salvadoran army, has repelled the Guatemalan forces at Metapan, in Salvador, ten miles east of the Guatemalan frontier. The victorious army of Salvador retained the positions captured from the enemy."

Up to now Honduras has seemingly taken no part in the difficulties between her neighbors. Recent reports, however, declared her territory had been invaded by Guatemalan troops in pursuit of fugitives from the army of General Regalado, the Salvadoran commander, who was killed.

The trouble between Salvador and Guatemala is an outcome of the progress of the revolutionists in their efforts to oust Cabrera. They have invaded Salvadoran territory and Guatemala claims have received actual support from that government.

The revolutionists appear so far to have had the best of it.

President Cabrera is in fact a usurper of office, his term having expired in 1905. He has followed, however, the example of many of his predecessors and insisted on holding office.

The fact that Honduras has been drawn into the Central American conflict complicates the situation. It is thought that President Bonilla of Honduras may be compelled by President Escalon of Nicaragua and President Escalon of Salvador, both of whom are said to be enemies of President Estrada Cabrera of Guatemala, to take sides with them. Honduras, it is reported, was provoked by President Cabrera when he furnished arms and financial aid to former President Juan Angel Arias and General Rivar to start a revolution in Honduras and Salvador, where they enjoy great prestige.

BAR HARBOR FLIER WRECKED.

Express For Boston Crashed Into Coal Train at Lawrence, Mass., July 16.—The Bar Harbor express from Portland, Me., to Boston unexpectedly took a siding in the freight transfer yard, half a mile east of the South Lawrence station of the western division of the Boston and Maine railroad, and crashed at full speed into a line of empty coal cars. None of the passengers or train crew was injured.

After plowing its way through half a dozen freight cars the locomotive of the express turned over on its side. Fortunately the coach next to the engine was empty. This received the full impact of the collision and was completely crushed, while the seven coaches following it escaped injury, and the passengers in them had no worse experience than a severe shaking, due to the sudden stop.

President Will Sell on Warship.

WASHINGTON, July 16.—When President Roosevelt goes to the Isthmus this fall he will travel there on board the battleship Louisiana, one of the latest and greatest additions to America's battleship armada. More-over, two other battleships will accompany the Louisiana when she starts with the presidential party aboard. It is not yet known who will compose the party, but it is quite sure that several women from Washington and wives of members of the cabinet will be among them. The rule against taking women on board warships was recently abrogated when Secretary Root took his family on board the protected cruiser Charleston.

Three Killed by Long Island Train.

NEW YORK, July 16.—Three persons were killed in a grade crossing accident on the Long Island railroad's Manhattan Beach line at Vesta and New Lots avenue, East New York. The dead are Samuel Meanley, thirty-seven years old, a hotel keeper of Brooklyn; Samuel Meanley, Jr., his four-year-old son, and Annie Meanley, a nine-year-old daughter. Mr. Meanley and his children, accompanied by Max Rubin, twelve years old, were driving in a topless buggy when struck by a Manhattan Beach express. The father and son were instantly killed, and the girl died within a few hours.

Detaining Tax Collector a Saldado.

PATERSON, N. J., July 16.—To avoid the disgrace of arrest on the charge of defalcation Albert O'Brien, tax collector of the borough of Totowa, sat himself while officers were approaching his house to apprehend him. He died instantly. O'Brien's accounts had been involved for some time, but owing to his personal popularity every opportunity was given him to make good the deficiency, believed to be about \$4,000.

Deutschland Laid Up For Repairs.

DOVER, England, July 16.—The remainder of the passengers of the Hamburg-American line steamer Deutschland, which collided with a pier and twisted her stem while leaving this port on Friday morning, have been transferred to the steamship Pretoria, which was detained here to take a large quantity of the Deutschland's cargo. The steamer is at Hamburg for repairs.

KOZLOV MURDERED.

Assassin of Admiral Choukounin Captured.

CZAR HESITATES OVER NEW CABINET

Sailor Confesses Assassination of the Black Sea Fleet's Commander.

ST. PETERSBURG, July 16.—A former sailor named Shetenko, who was arrested at Sevastopol, has confessed that he was the assassin of Vice Admiral Choukounin.

General Kozlov of the headquarters staff has been murdered in the park at Peterhof. His assailant used a revolver. The three shots fired were all effective. The murderer was a well dressed man, who has been arrested, but not identified. The murder is regarded as mysterious, as General Kozlov was not connected with any political agitation.

At Cronstadt the sailors declined to participate in a requiem for Vice Admiral Choukounin.

It is reported that Admiral Skrydlov will succeed the late Vice Admiral Choukounin as commander of the Black sea fleet.

The agrarian commission of the lower house in deference to the firm protest of the Group of Toll has rejected the proposal of M. Kudlarski of Saratov to place in the agrarian bill a provision exempting from expropriation land and stock companies and plantations, like vineyards, fruit orchards, etc., under special cultivation.

The council of the empire's acceptance without amendment of the donor's bill appropriating \$7,500,000 for famine relief came as a surprise, but has occasioned the greatest jubilation in the camp of the lower house, as it is regarded as a vote of lack of confidence in the Goremynkin ministry on the part of the upper chamber.

While many of the speakers in the council of the empire really favored adoption of the cabinet's recommendations, they recognized that it would be a fatal mistake for the council to antagonize the lower house in the present crisis. Moreover those on the inside, who were aware that the negotiations between the government and the Constitutional Democrats were entering the final stage, naturally were influenced by coming events.

According to principle involved in a change of ministry have been resolved, and now it is merely a matter of personalities. The emperor is still objecting to certain names proposed by the Constitutional Democrats.

Czar's Troops Rife For Revolt.

GATCHINA, Russia, July 16.—At a meeting held here, attended by three of the guard regiments, an officer addressed the men on the subject of the soldiers' union, which is being organized. He pointed out that the league was democratic and was being organized for the purpose of guarding the constitution and established constitutional institutions and to prepare the army to come over to the people when they were ready and armed for resistance. The soldiers received the speaker with much applause and showed eagerness to join the union, which already is very strong in southern and southwestern Russia, Siberia, the Caucasus and Turkestan. The meeting was the first step toward organization in this locality.

Church Procession Attacked.

SIBIDLO, Russian Poland, July 16.—The Mariavist-Catholic strife has again been renewed owing to the action of the court in returning to its owners the Catholic church recently captured by the Mariavists in the village of Gromkoff. After the return of this church to the Catholics it was again attacked and recaptured by the Mariavists. The conflict was less deadly than brutal. The wounded were most horribly maltreated, being hacked with hatchets and axes, strips of their flesh being torn out, teeth and ears missing and eyes gouged out. The fighting lasted until a detachment of dragoons arrived on the scene. Two persons were killed and forty wounded.

"Red Squads" Terrorists.

BAKU, July 16.—A new terrorist party, styling itself "the red squads" is spreading anarchistic propaganda in this section. The members of this party say the present is no time to bandy words, but to answer the repressions of the government with the death of officials. The circulars call upon workmen to join the organization.

Hundreds of Homes Destroyed.

NIZHNI NOVGOROD, July 16.—A fire which broke out here yesterday raged for six hours before it was checked. When it was finally extinguished 275 houses had been destroyed and more than 3,000 families had been rendered homeless. The loss is placed at \$400,000.

Sixty Player Dead at Buffalo.

BUFFALO, July 16.—M. Bernstein, a shark pooper in the ninth annual convention of the Skat League of North America, was taken from Convention hall in an unconscious condition and died in a hospital later. Apoplexy is said to be the cause of death. Bernstein lived in New York.

Defaulter Arrested at Montreal.

MONTREAL, July 16.—Martin Canton of East Syracuse, N. Y., has been arrested here charged with embezzlement of \$9,000 of that town's funds. Canton was treasurer of East Syracuse for twenty years.

MISSING BOY'S BODY FOUND.

Poal Play Suspected in Case of John Streub at Housatonic.

GREAT BARRINGTON, Mass., July 16.—Carefully covered with boughs of hemlock, the body of John Streub, a twelve-year-old boy of Housatonic, was found under a tree in the woods near this village, and although decomposed had set in to such an extent as to conceal the exact cause of death the circumstances, in the opinion of the medical examiner, points strongly to foul play. Streub had been missing from his home since last Monday, when he started out with another boy named Benjamin White to go to Torrington, Conn., where they expected to secure work in a factory.

Upon reaching Great Barrington the boys separated, and White kept on to Torrington, while Streub announced his intention of returning to Housatonic. Streub is said to have been seen in Great Barrington a short time after he left his companion, but his later movements have not been traced. White is understood to have secured work in Torrington.

Dr. J. D. Beebe of Great Barrington, the medical examiner, will make a thorough examination of the body today.

CINCINNATI, July 16.—The Cincinnati Nationals and Brooklyn split even in the double header yesterday. The first game went to the visitors, who bunched six hits with two errors of the locals in the eighth and ninth innings. Wicker pitched the last inning for Brooklyn. In the second game Cincinnati made victory certain by hitting Eason hard in the third inning, five runs resulting. Score, 4 to 2 and 9 to 4.

ITHACA, N. Y., July 16.—Influential local Cornell alumni express the opinion that the entire alumni body of Cornell will protest against the acceptance of Coach Courtney's resignation and will ask that all possible conditional measures be adopted by the athletic management. It is reported that Mr. Courtney was seriously injured while doing heavy manual work necessary to moving the crews to Poughkeepsie.

WHITE RIVER JUNCTION, Vt., July 16.—The lively stable of Gibbs & Wheeler was burned here. Fourteen horses and about forty hogs perished in the flames. It is supposed the fire was accidentally set by a tramp who was smoking in the barn. The loss is estimated at \$15,000, partly covered by insurance.

GILLETTE CAPTURED

Companion of Grace Brown Arrested at Eagle Bay.

GIRL'S BODY-BORE MARKS OF BLOWS

Mystery of Big Moose Lake Tragedy Clearing—Suspect, Held by Police, Claims Boating Accident Caused Death.

UTICA, N. Y., July 16.—Chester Gillette of Cortland, N. Y., arrested at the Arrowhead, Eagle Bay, on Fourth lake, charged with the murder of Grace Brown of South Otsego, on Big Moose lake, was brought to Fulton Chain and there was met by the manager of the hotel at Big Moose, where Miss Brown and the man, who signed his name as Carl Graham, Albany, registered on Wednesday and was at once fully identified as the man who accompanied Miss Brown on her trip upon the lake.

Gillette said he was with the Brown girl in this city Monday night and that they went to Tupper Lake on Tuesday and remained there a night. Then they came back to Big Moose and went out on the lake, sending her trunk to Old Forge.

He says that while they were in the boat he arose to get his hat and that the boat tipped over. He kept as far away from Miss Brown as possible, he says, fearing that she would carry him down with her, and shouted to her to catch hold of the boat. This she failed to do and sank.

He does not explain why he did not give the alarm, and he says that his grip was left on the shore at another point.

It is explained that he did not attempt to leave the district because he was out of money. He had written a friend in Cortland to send him \$5 at Eagle Bay and is understood to have also telephoned for money.

Gillette worked in the same factory with Miss Brown in Cortland. He went there about two years ago from Seattle, Wash. He is a nephew of the proprietor of the factory. He had been attentive to the girl, and she had told her parents that they were to be married. When she was on her vacation to her home in South Otsego Gillette wrote her several letters, and once she went to the village and held a long conversation with him over the telephone. She was heard to accuse him of being false to her, said he had deceived her and that she should look to him to keep his promise.

The drowning caused great excitement in the neighborhood where it occurred. The postmortem examination of the body of Miss Brown establishes the fact that she was alive when the body entered the water.

The autopsy revealed, it is stated, that Miss Brown had been struck in the eye and mouth and pounded on the top of the head before she went into the water.

Workmen's Joke Cost a Life.

NEW YORK, July 16.—Frank Getzner, a laborer, thirty-three years old, was killed by being whirled in the shafting of machinery in the Windsor plaster mills in New Brighton, N. Y. Investigation proved that while he was sleeping his feet had been tied with a rope which was connected to the shaft while the engine was not in motion. His death is either the result of a practical joke or deliberate murder, the police say. They arrested eight of his fellow workmen as witnesses, and a general alarm has been sent out for another, who is charged with having caused his death.

Missing Child Found in Woods.

NEW LONDON, Conn., July 16.—Solomon Lefkowitz, three years old, the New York lad who strayed away in Montville on Tuesday and for whom search has been made ever since, was found in the woods about a mile from his home by Everett Chapman, one of the party of searchers. The child was entirely naked and very weak from exposure. He was taken to a nearby house and given something to eat and then carried home to his mother. In spite of his lack of food and exposure the little boy seems likely to have no permanent harm from the experience.

American Killed by Pirates.

HONGKONG, July 16.—The British steamer Sainam was attacked by Chinese pirates Friday evening at a point fifty miles from Wuchow. The Rev. Dr. R. J. J. MacDonald of the Wuchow mission was shot and killed. The captain of the steamer was badly wounded, and the engineer saved himself by hiding behind the boilers. He was badly burned. A Chinese passenger was killed. The pirates escaped in junks. The British cruiser Moorhen has left for the scene.
