AFTER CAR THIEVES

The Lehigh has been greatly annoyed lately by the amount of thieving that has been done. Freight cars are the especial mark of the purloiners, and the company has suffered considerable loss in every city in which it has extensive yards. The losses have not been great in any particular instance but in the aggregate it is large. The company has issued orders that all persons who are engaged in this work shall be run down and arrested. Several arrests have been made and the detective force of the Lehigh has been considerably augmented to carry out this work more effectively.

While no bones were broken her condition is serious, and she will be layed up for a long time.
