WAS ARRESTED FOR SURETY OF PEACE

Fred Rolls Pulled up the Garden and Raised a Disturbance—Arrested but Left for Owego This Morning

Fred Rolls has a wife who lives on North Lehigh avenue. They have not lived together for a long time, and when they did live under the same roof it was perpetual warfare. It seems that they have had several fights and much trouble at various times. Last Saturday night he went to the house where his wife lives, and it seems that he considered the commissary, the most vulnerable point of attack, for he proceeded to pull up all the vegetables that were growing in the garden, and then proceeded to raise a disturbance about the house. A warrant was secured for his arrest and he was taken into custody. He was brought before Justice Carey, who held him for surety of the peace, and as he was unable to furnish bail he was placed in the custody of his attorney, A. L. Laws, until 9 o'clock this morning. The Justice was sick this morning and did not reach his office until shortly after 9. He found that Rolls and his lawyer had been there exactly at 9 and not finding him there Rolls had gone to Owego. The district attorney has several other matters that he wishes to settle with Rolls when he again returns.

While Working in a Mill He Has His Arm Drawn Around a Pulley

Benjamin Towner, a resident of South Waverly, was brought from Ellistown to the Robert Packer hospital last Saturday night with a badly fractured arm. He was working in a mill at Ellistown and his arm caught in a revolving belt and it was drawn almost around a pulley. The arm was broken once above the elbow and the bones of the forearm were badly splintered. An examination showed that none of the veins or arteries were punctured and the physicians at the hospital state that he will eventually recover the use of his arm.

THE ADMIRAL TOGO SAILS DOWN RIVER

Had a Valiant Crew, and They Were Prepared to Do Great Execution

Admiral Togo sailed down the Susquehanna this morning. This admiral is not the famed Japanese commander, but a house boat. It was manned by as valiant a crew as ever fought in the China Sea, and they are all experts in placing the ammunition where it would be the most effective.

The boat was christened yesterday, but none of those assisting would reveal with what substance the ceremony was performed.

Admiral Dick Robinson gave his crew shore leave for the night, with orders to report and weigh anchor at four a. m. This order caused a mutiny and it was seven o'clock before the noble craft floated out into the current and started on its cruise of destruction. The crew consisted of Admiral Lewis Downing of Orange, N. J., James Hart, Newark, N. J., Jesse Daniels, John Shea and Joe Hay. Other sailors will join them on the way down the river until the boat has its full complement. A salute was fired as the boat left Sayre, and one at Athens. When they passed Athens they had captured one small pike.

THIS ANIMAL SMASHED THINGS

Horse Ran Away on Chemung Street, Took Wheel off Another Wagon and Went Home

A horse belonging to Kimmich Brother's creamery was hitched on Chemung street Saturday afternoon. A street car frightened the animal and it ran away down Chemung street, nearly running over two persons. Frank Clayton was driving down the street in the same direction in which the runaway horse was going, but on the opposite side of the car track. Just before it passed him, however, the horse crossed the track and locked wheels with his wagon, tearing one of the hind wheels off and spilling him into the road. The horse then collided with a telephone pole at the corner of Chemung street and Wilbur avenue, and, leaving the wagon, then trotted to the barn.

LIVERY RIG OVERTURNED

Yesterday afternoon Grube Cornish, in company with a young lady, was driving a livery rig on South Keystone avenue. When near the borough line a street car passed and the horse shied off to one side of the road and jammed the wagon against a telephone pole. In pulling the horse back into the road he jerked him around so quickly that the wagon cramped too close, overturning it. One wheel was smashed and the occupants of the wagon were thrown into the road. Neither was hurt to any extent, however, although they were both covered with a thick layer of dust. The horse ran a short distance down the road but was soon caught. The livery was communicated with by telephone and another rig was brought down in which the couple proceeded on their journey, while the broken outfit was taken back to Waverly.

SMALL BLAZE SATURDAY

A small blaze broke out in the residence of James Martin on South Wilbur avenue at about eight o'clock last Saturday night. A lace curtain caught fire, and aside from the burning of the curtain very little damage was done. The fire alarm sounded for the fourth ward, and the members of the various companies gathered at the hose houses, but it was found that the fire had been extinguished and it was not necessary for the firemen to make the run.

MUSICAL LAST NIGHT
