

A Suit Is Right

Or it isn't right. There is no half way about tailoring. These Rochester Clothes will fit right, and they'll wear right, because they are made right.

The beauty of it all is that they're as well tailored beneath the surface as they look on the surface.

Our \$10 special is a wonder, a dozen styles to choose from, a dozen patterns of a style, a dozen reasons why you should look through our line before you buy a suit.

MASTER MECHANIC GOES TO BUFFALO

Willard Kells Will Take Charge of the Lehigh Valley Shops at That City

Willard Kells, master mechanic of the old Lehigh Valley railroad shops at Sayre, has been appointed to the position of master mechanic of the company's shops at Buffalo and will go to that city tomorrow to assume the duties of his new position.

Mr. Kells came to Sayre three years ago last May and had charge of all the Lehigh shops up to the time that the new shops were put into operation. Since that time most of the work has been done in the larger shops and some of the old shops have been practically abandoned, although others were run the same as before. He has had charge of the old department until the notice of his appointment to the new position was given to him.

The many friends of Mr. Kells will very much regret his leaving Sayre and will join in wishing him the highest success in his new position. So far as could be ascertained no one has yet been appointed to fill the place made vacant at Sayre.

HOUSEBOAT PARTY

A staunch craft, fitly named "Go As You Please," anchored at the Lockhart street bridge on the Susquehanna last night. The boat is a commodious affair and is very adequately fitted for a comfortable cruise. The party comprised Judge Newcomb, and Messrs. Valentine, Coston and Dolan, all well known Scrantonians. Frank O. Vaughn of Mehoopany, well known in Sayre, is commodore and has an able assistant in the person of Charles Westcott. The boat resumed its voyage today.

HORSES WILL RACE

The relative speed ability of two horses Gilbert H. owned by Hill & Beibach, and Harry P. owned by James Vail has led to much discussion as the two horses have raced twice and each has a victory to his credit. Yesterday the owners of Gilbert H. issued a challenge for a race. This morning L. C. Kitchen and T. P. Maney met and made arrangements for a race, each posting a forfeit of \$10. Each man will choose a driver, and the date of the race will be announced later.

SILVER MEDAL CONTEST

The silver medal contest under the auspices of the W. C. T. U. took place last evening before a good sized crowd in the Wheelock chapel at Milltown. There were six contestants and the declamations were all along the line of temperance. The contest was very close and rather difficult of decision. The medal was presented to the winner by Mrs. Sylvia B. Norrish.

ARE CATCHING FISH

One of the crew of the Admiral Togo, the houseboat that went down the river last Monday came to Sayre last night. He had all kinds of fish in large quantities, and he stated that the valiant crew of the Admiral Togo were fairly cleaning the river of its finny inhabitants. They caught over ninety before they reached Milan, and their fish box has been full ever since.

TWO DOGS CAUGHT

The dog impounding business is looking up again. The chief has two more dogs in his custody that appeared on the street without the necessary tag attached. One was brought in by a party who probably wanted to get rid of the dog, while the chief succeeded in coaxing the other into the pound.

FELL FROM WAGON

WILBUR HOOKS HAVE SOLD TEAM

Disposed of the Team Today—G. H. Goff of Waverly is the Purchaser

The fine bay team that the Wilbur hook and ladder company purchased to draw their large truck, was sold today to G. H. Goff of Waverly. The support of the team has been a burden to the Wilburs ever since they bought it. It has often been rumored that the team would be sold, but it was only within the last few days that the company considered the matter seriously. Just how the heavy truck will now be drawn in case of fire is not known, as it is altogether too large to be handled by hand.

NEW PLAY TONIGHT

The Bennett-Moulton Co. repeated its Monday night's success to another fine house, and play and players again scored. A change of play will be made tonight when Justin Adam's latest four act melodrama, entitled "The Life Saver" will be presented. Mr. Adams is gifted with the happy faculty of writing plays that please the popular fancy—"A Daughter of the People," "Jealous Wife" and "Quincy Adams, Lawyer," demonstrate this fact, and "The Life Saver" from his pen will prove no exception. It is replete with strong dramatic situations and the comedy element is ever present. "The Life Saver" will be repeated Thursday evening and Friday another new bill will be put up. The company has already established itself as a favorite and good business is assured. Specialties will be changed tonight throughout and again on Friday night and the remainder of the engagement the curtain will rise at 8:25 instead of 8:15 as heretofore.

MAMMOTH LOCOMOTIVE

A mammoth freight locomotive stood in front of the depot for a short time this morning. It was built by the Baldwin Locomotive Works for the Atchison, Topeka & Santa Fe Railroad and was in transit. It was one of the largest ever seen here, and had five drive wheels and a trailer. The second driver from the front had no flange on it. The locomotive was of massive build, was a compound, and the cylinders seemed almost large enough for a boiler on one of the old time locomotives.

A number of our all-well-pleased customers have explained it this way: "We gave you a small job that required immediate attention and you attended to that so promptly, and did your work so well that we decided to have a lot of other work attended to at the same time."

We please others, and we know that we can please you if you'll give us a chance.
