Present Uprising in South-Colonel Salamatosh Struck by Anasina. Seven Hundred Business Soldiers Arrested.

ST. PETERSBURG, July 26.—Premier Stolypin has authorized the following official statement to the foreign press:

"From the very first days of its existence the lower house of parliament overstepped all the limits of law. In its reply to the speech from the throne modification of the fundamental law was demanded in the shape of the suppression of the council of the empire and the creation of a responsible cabinet. By its agrarian programme, based on the expropriation of land, the house raised hopes that could not be realized and weakened the respect for property of others, already enfeebled.

"In the speeches of its members the house consistently discredited the government, which it ever accused of organizing pogroms and disorders. By demanding a departure to Bialystok it openly aspired to usurp executive power. Fourteen deputies appealed to the people, inciting disorders, a step which called forth no expression of disapproval from the house.

"In the last moment of its existence the house declared that the government had acted illegally in explaining to the population the nature of the agrarian project proposed by itself and decided to address a manifesto to the people persuading them not to believe in the government regarding the question, but to await its settlement by parliament. Several members also undertook journeys to the interior of Russia with the object of fomenting agitation, their appearance being followed by renewed disorders, pogroms and strikes. All these causes necessitated the decision to dissolve the house.

"The emperor firmly intends realizing the reform proclaimed in his manifesto of Oct. 30. The dissolution of the duma was indispensable as the first body of delegates pursued tendencies which threatened to prevent the peaceful development of reforms in the empire."

Premier Stolypin announced to the council of the empire that he had obtained from Emperor Nicholas special powers for Admiral Skrydloff in restoring and maintaining order and discipline in the Black sea fleet. The admiral when departing for Sevastopol said that his first task would be to investigate the arrests of sailors of the fleet and liberate those who were unjustly sent to prison.

He intimated that he considered the officers largely to blame for the mutinous spirit of the various crews. The admiral took with him a new naval procurator to see that justice is done in future court-martials. Admiral Skrydloff said he had learned that Admiral Hofstevensky and Captain Clado probably will be restored to their rank in the navy.

Reports have been current for some time that the Villa Hydor, Copenhagen, Denmark, has been prepared as a refuge for the czar. It is said that the villa is honeycombed with secret passages and outlets.

The Villa Hydor was recently purchased jointly by the queen of England and the dowager empress of Russia for \$146,500.

The Reich says that the recovery on the bourse is due to a loan of \$250,000,000 from the Mendelssohns to sustain prices.

Rebellion has again broken out in the Baltic province of Courland, and armed revolutionists are once more in possession of large sections of the province. They are laying waste the possessions of the nobility, and Rempin castle, one of the finest and most ancient structures in Russia, has already been given to the flames. Two columns of imperial troops are advancing against the rebels from the east and from the west.

Peasants have begun an uprising at Kostroma, 20 miles northeast of Moscow, and another eruption is in progress on the estates of the crown in Orel province.

At Warsaw Colonel Salamatosh of the gendarmes was stabbed to death. The assassin escaped.

Salamatosh, who was assistant to the chief of gendarmes of the province of Warsaw, had been active in the repressive measures. He was walking on Mokotowska street, when he was attacked by two men, who stabbed him several times, and then, as the colonel sank down dying, walked quickly away in different directions without the spectators trying to stop them.

At Higa 9,000 factory workmen have struck work.

Notwithstanding the official efforts to keep secret the disloyalty of large sections of the army, news reached here that at 8 o'clock in the morning 700 soldiers were arrested at Brest-Litovsk, where three military companies revolted, wounded General Tarnoff and several other officers and burned the officers' club to the ground.

The village of Etikal, fired by agrarian rioters, has been completely consumed.

In consequence of revolutionary terrorism the administration of the vice-royalty of the Caucasus has been completely paralyzed, and officials at Tiflis are resigning in large numbers. Bandits roam about at will, even in the daytime, in Tiflis and its suburbs exacting tribute. One band has made a systematic collection of \$250 head tax from peasants. In the government of Tiflis the country roads are in complete ruin owing to the suspension of industry and agriculture.

**RUSSELL SAGE BURIED.**  
Body of Great Money Lender Laid Away in Oakwood Cemetery.

TROY, N. Y., July 26.—The body of Russell Sage, financier and multimillionaire, was consigned to Mother Earth in Oakwood cemetery. The same simplicity that characterized the deceased's life was apparent in the transfer of the body to its last resting place. The body arrived in this city on the Saratoga special at 1:30 o'clock and was taken in charge by J. W. Burns' Sons. The body reposed in a Santo Domingo copper coffin and was carried to Troy in a private car attached to the train. Another private coach of the train contained the mourners and members of the funeral party, numbering twenty.

The mahogany casket was removed from the box at the station and placed in a hearse. The interior of the hearse was heavily draped and obscured the handsome casket from view. Four ladders. There were six handles of copper brouse. But two floral memorials were brought from New York to this city. One was an immense wreath of purple asters, white roses and galax leaves, mounted on a sack palm and Japanese lilies, sent by the dead banker's office staff. There was also a cluster of lilies of the valley cut from the flower garden at the Sage summer home at Lawrence, N. Y.

The funeral cortege proceeded from the Union station to Oakwood, where a large number of persons had gathered at the Sage family lot. After a brief service read by Rev. Dr. Andrew Higeman of New York the body was committed to the ghoulish profane vault of chilled steel ready for its reception. The grave is beside that of Mr. Sage's first wife. The words which are to be engraved on the Sage monument are: "I have done the best that I could by the light of the day."

It will be difficult, should any band of criminals make the attempt, to steal the body of Russell Sage, as that of A. T. Stewart was stolen years ago. Incased in a hermetically sealed copper envelope, the coffin was placed in a chilled steel case four inches thick, riveted with steel bolts and locked with a lock which can never be opened. This steel case weighs three tons and is seven feet eleven inches in length, two feet six inches in depth and three feet six inches in width. Twenty men found it a task to lift it.

The cost of this steel shroud is said to have been \$22,000.

District Attorney Hears Startling Story of Present Mrs. Thaw's Old Friend—Accused Aced Like a Fiend, She Says.

NEW YORK, July 26.—A story of ill treatment by Harry Thaw of Evelyn Nesbit in Paris, given by a maidservant, Anna Crane, to Assistant District Attorney Turnbull, has caused a sensation here.

Miss Crane says that she was sent from the box of the stretch in the third race Jockey Trotter, his rider, received injuries which may prove fatal. He was removed to the Emergency hospital at Coney Island. Orly II was just beginning to make his run on the outside of his field when he crossed his legs and went down.

Salvidere, an added starter, won the Montauk stakes, six furlongs, defeating the 4 to 5 favorite Electioneer by a length and a half.

Jockey Radtke was suspended for three days by the starter for disobedience at the post. Two favorites won.

**NIGGER MIKE AT 100 TO 1.**  
Big Upset at Brighton Beach in First Event.

NEW YORK, July 26.—The surprise of the racing at Brighton Beach was the victory in the first race of the 100 to 1 shot Nigger Mike, a two-year-old colt by Shapel-Gertrude, owned by J. J. Kenny. This colt has started a number of times this year and has on nearly all occasions been quoted at 100 to 1. For this race he was at one time 150 to 1. Crimmins had the mount.

Sandy Creeker and Nigger Mike ran head and head to the stretch, where the long shot drew away. He had finally to be ridden out to win by a head from Lad of Langdon. Kenny, the owner of the colt, bet \$53 on him straight at 100 to 1.

When Orly II, the favorite, fell at the head of the stretch in the third race Jockey Trotter, his rider, received injuries which may prove fatal. He was removed to the Emergency hospital at Coney Island. Orly II was just beginning to make his run on the outside of his field when he crossed his legs and went down.

Salvidere, an added starter, won the Montauk stakes, six furlongs, defeating the 4 to 5 favorite Electioneer by a length and a half.

**JAIL FOR JOHNSON**  
Mayor of Cleveland Defies Court Injunction.

**ORDERS TRACTION RAILS TORN UP**  
Electric Company, He Says, Refused or Neglected to Comply With Order of Council to Move Its Rails on Fulton Street.

CLEVELAND, O., July 26.—A war was begun on the Cleveland Electric Railway company here when 600 men began tearing up the tracks of the company in Fulton street.

Mayor Johnson, who is credited with being largely interested in the Municipal Traction company, was Chief of Police Kohler and a large number of officers. Within a short time more than a quarter of a mile of track had been torn up. Officials of the Cleveland Electric Railway company said they would apply for an injunction at once.

Mayor Johnson said the action was taken because the Cleveland Electric Railway company refused or neglected to comply with a council resolution requiring it to take up its tracks in Fulton street and remove them to the east side of the street.

The mayor stated that the tracks were being removed by the city employees under the supervision of the board of public service and not by the Municipal Traction company.

Judge Ford in common pleas court granted an injunction restraining the city and the Municipal Traction company from further interference with the tracks.

The injunction was served upon Mayor Johnson personally as he was averring the work of tearing up the tracks. He acknowledged the service and put the document in his pocket, but told the men to proceed with their work and ignore the court's order.

Mayor Johnson said he would go to jail before he would obey the court's order.

Later papers were served on Mayor Johnson citing him to appear in common pleas court today to show cause why he should not be punished for contempt for violating a court injunction.

**TO CUT DOWN ARMAMENTS.**  
Interparliamentary Conference Suggests New Rules For Nations.

LONDON, July 26.—The conference of the Interparliamentary union adopted the following resolution:

"The Interparliamentary union, now assembled in London, expresses the view that the second Hague conference should:

"First.—By treaty define contraband of war as being restricted to arms, munitions of war and explosives.

"Second.—Reassert and confirm the principle that neither a ship carrying contraband of war nor other goods aboard such ship not being contraband of war may be destroyed.

"Third.—Affirm that even between belligerents private property should be as immune at sea as it is on land."

The conference also adopted a resolution in favor of the discussion by the Hague conference of means to cut down the "intolerable expenditure on armaments."

**NO POLITICS FOR HIM.**  
President Will Not Take Stamp in Pennsylvania This Fall.

OYSTER BAY, N. Y., July 26.—President Roosevelt is not to make any political speeches in Pennsylvania this fall.

To correct any impression that he is to speak in Pittsburg and Philadelphia in support of the Republican state ticket Secretary Loeb explained that the president some time ago had promised to make a speech at Harrisburg, Oct. 4, when the new state capitol building is to be dedicated. He has also promised to speak at the York county fair at York, Pa., on the same day.

Neither of these speeches will be political in character, and they are the only speeches he will make in Pennsylvania.

**MORE TRUST BURSTING.**  
American Sugar Refining Official Must Produce or Be Punished.

NEW YORK, July 26.—W. E. Foster, general auditor of the American Sugar Refining company, was taken before Judge Hough at the instance of the federal grand jury as a recalcitrant witness.

Judge Hough gave Mr. Foster an order to produce certain books and documents which he had declined to furnish to the grand jury.

The grand jury was investigating a number of western trunk lines suspected of having granted rebates to the sugar trust and was seeking information from the sugar trust auditor when his refusal to produce books and documents necessitated his arraignment before the court.

Daniel W. Sisson, the grand jury's foreman, explained that Mr. Foster had failed to produce certain books and data.

Mr. Foster denied that he had refused to produce the data. He explained that they were not in his possession. A portion of them, he said, were in the safe of the company's president.

He could only produce the documents, he said, if he could be assured the papers and books would be returned to him at the end of the day's session.

Judge Hough informed Mr. Foster that the federal grand jury could not agree to his demand and that unless the books and papers were produced he would be compelled to punish him for contempt of court.

**Hartje Domestic on Rack.**  
PITTSBURGH, July 26.—Counsel for Augustus Hartje renewed attempts to discredit the testimony of one of Mrs. Mary Scott Hartje's witnesses, Mrs. Blanche Ashby, the colored domestic who lived in the Hartje home, and to prove that she had admitted that she had been promised \$300 if she would make the deposition to the effect that Clifford Hooe, the negro coachman, never had slept in the spare room at the Hartje house when Mr. Hartje was away. Several witnesses who live in Washington testified that Mrs. Ashby had told them that she had been promised money for doing so. All the witnesses were put on the rack in cross examination by Mrs. Hartje's chief counsel, Attorney John M. Freeman, and some of them contradicted themselves in several instances.
