ITALIAN KILLED ON LEHIGH TRACKS

Was Picking Coal on Railroad Track and a String of Cars Backed Over Him

An Italian named Cap, pronounced Sap, who resides at 104 River street, was killed about five o'clock this morning. He was picking coal on the Lehigh tracks opposite the Bradford house, and a string of cars backed down on him. He was evidently so busily engaged in his work and did not see or hear the cars approaching. He was rolled under the cars, and his neck and back were broken. Many other bones were fractured, his toes crushed and some slight cuts were found on his head. He was comparatively young, and had been married about seven months. The remains were taken to P. J. O'Shea's undertaking rooms.

OAK GROVE PARK

Before an enthusiastic audience "The Life Saver" was presented by the Bennett-Moulton Co. at the park last evening. All the good things that had been said of it came true and it was an emphatic success. All the members of the company were happily cast and did not fail to take advantage of the roles given them. Mr. Tidmarsh, Miss Parks, Mr. Bates, Mr. Aldrich and Miss Francis are all worthy of mention. Mr. Maskell in the illustrated songs is becoming a favorite and already some of them are being whistled on the street. The rest of the specialties presented during the evening were of a pleasing quality. Tonight "The Life Saver" will be repeated and Miss Renolda is going to present a novelty in the shape of "fire dance," something seldom seen here and never at the park. Friday night the play will once more be changed and "Outcasts of Society" will be given. This is a play that the women all ought to see.

OFFICERS INSTALLED

The L. S. to B. of L. F. installed the following officers Tuesday evening, June 10: President, Anna Bull; vice president, Agnes Walt; past president, Mary Smith; secretary, Zena Hartman; collector, Minnie Santee; treasurer, Ruth Repp; chaplain, Mary Tyson; delegate, Anna Bull; alternate, Mattie Johnson; guard, Kate Lines. After installation, in behalf of the order, Mrs. Repp, in a few well chosen words, presented Mrs. Bull with a gold pin. Then Mrs. Bull took things in hand and it was vice versa, she presenting Mrs. Repp with a cold meat fork. Both ladies were taken so completely by surprise that it was most impossible for them to find words to express their thanks to the order. After lodge the ladies went to Raymond's and partook of ice cream.

ATTENTION, WILBURS!

There will be a meeting of the Wilbur hook and ladder company in the company's parlors at 7:30 o'clock this evening. Every officer and member is earnestly requested to be present as there is a large amount of business to be transacted and a decision must be made as to whether the company will go to Canton to participate in the five county convention. Another matter of the greatest importance to the welfare of the company must also be settled at this meeting. President and Secretary.

GAVE TROLLEY RIDE

The Philathea class of the Baptist church gave a trolley ride last night. About 80 people took advantage of the opportunity and the car was loaded to its fullest capacity. NEW INDUSTRY TO LOCATE HERE

Arrangements About Completed for Establishment of Substantial Enterprise at Sayre--Will Employ Skilled Mechanics

Sayre is going to have another new industry. The Record is not referring to the carriage factory which J. L. Dyer will establish in the old Parish building, mention of which was made in The Record on Tuesday, and in another local paper on Wednesday.

This other industry will be an entirely new enterprise of sufficient magnitude to rank among the best of the various local manufactures. The parties behind the plan intend to purchase a large plot of ground, erect commodious and substantial buildings and install a modern equipment with which to carry on their line of business. A number of skilled mechanics will be employed.

The Record is not privileged to divulge any information concerning this new industry at the present time; but, keep your eye on the columns of this paper and you will learn all about it in due season.

This is no hot air scheme.

SHORT TALKS ON ADVERTISING

"Say, take out that ad for a book-keeper you put in The Record yesterday," said the voice over the telephone this morning.

"Got one?" asked the editor.

"Twenty-seven applications," was the reply.

There were thirty up to this noon.

One of The Record representatives went into a local restaurant yesterday in company with a newspaper man from another town.

Accosting the last mentioned pencil pusher, the restaurateur said: "I wish to compliment The Record, in the presence of an editor from-out of town, on the fact that an advertisement in its columns brings results. I inserted a small ad in The Record yesterday for help wanted and this morning had a number of applicants from whom a satisfactory selection was made."

HURT AT COXTON

John F. Callahan, a Lehigh brakeman at Coxton, met with a serious accident yesterday. He was assisting in making up a train and was standing on the end of a car, when a sudden jolt threw him between the cars. His arm slid between the bumpers and the bone was crushed just below the shoulder. The arm was terribly lacerated as was also the left hand.
