REVOLT NOT YET RIPE Russian Factions Postpone Outbreak of Revolution. POLAND CALLS FOR GENERAL STRIKE. District of Kharkov Preparing For Armed Uprising to Proclaim a Republic—Manifesto to All Classes of the People.

ST. PETERSBURG, July 28.—The efforts of the revolutionary parties, except the Rightists, in the late lower house of parliament, which at the proper moment were to proclaim a provisional government, came to naught owing to the opposition of the Constitutional Democrats, who apparently are afraid of compromising themselves, while one wing, headed by M. Nabokoff, showed that they already had been won over to the side of the ministry against the programme of open revolution.

In spite of the activity of the police representatives of four parties in the late house, the Constitutional Democrats, the Democratic Reformers, the Socialists and the Group of Toil, about fifty in number, succeeded in assembling last night in a private house, where they deliberated on the proposal of the Socialists and Group of Toil to form a joint committee with power, "when the situation justified" an outbreak of a general strike or armed revolt, either to overthrow the old parliament and assume the reins of government or to proclaim a constituent assembly.

Professor Borodin, of the University of St. Petersburg, group meetings of the parliamentary Group of Toil were held, and issued all the papers of the committee. At Kharkov the revolutionists are actively preparing for an armed uprising and a reconquest of the republic of Kharkov. The French vice consul there has received very disquieting news from French industrial establishments. At Yuzovka, the principal smelting center in the south of Russia, 60,000 workmen have armed themselves and have organized a disciplined rifle legion of 3,000 members under former army officers. The Russian troops are useless in the emergency, having fraternized with the strikers almost continuously. The workmen's demands amount practically to confiscation of the plants.

At Yaroslavl workmen in a big cotton factory employing 10,000 hands have struck, demanding the removal of the Cossack guard and permission to form a militia. Not the Night Constantine. POUGHKEEPSIE, N. Y., July 28.—Fritz Constantino, the young man who was arrested at Tirol, charged with being the alleged murderer of Mrs. Arthur W. Gentry of Chicago, was discharged from the Dutchess county jail to-day a free man. Constantino is not the man wanted by the Chicago authorities, although he bears a remarkably close resemblance to the murderer.

NOT A CENT TO CHARITY. Russell Sage Leaves Vast Millions to His Widow—Contest Expected. NEW YORK, July 28.—The will of Russell Sage has been filed for probate and bequeaths all of his estate to his widow, Margaret Olivia Sage, after the payment of \$25,000 to each of Mr. Sage's nephews and nieces and \$10,000 to his sister, Mrs. Fanny Chapin, of Oneida, N. Y.

The will also provided that in case any of its beneficiaries contested the probate of it they shall be cut off from any share in the estate. There was nothing in the will to show the value of Mr. Sage's estate. The will was dated Feb. 11, 1901, and was sworn to by Edward Townsend and R. W. Freedman as witnesses. It consists of about 800 words. There are eleven sections. The first section provides for the payment of Mr. Sage's debts and funeral expenses. By the second Mr. Sage bequeaths the \$10,000 to Mrs. Fanny Chapin, wife of Samuel Chapin, of Oneida, N. Y., his sister.

While there was nothing in the will to show the value of Mr. Sage's estate, attorneys for Mrs. Sage estimate it at between \$70,000,000 and \$80,000,000, of which amount about \$80,000,000 is outstanding in loans. The surrogate's office in the county court house was the center of attraction for scores of lawyers and other interested persons anxious to definitely discover the contents of the will. During the morning several conferences were held between Mr. Nicoll, Charles A. Gardner and Robert W. de Forest, the local advisers of Mrs. Sage and the executor. It is believed these conferences had to do with the announced determination of the Troy heirs of Russell Sage to inaugurate a contest should it be found they were not remembered by their wealthy relative in his will.

Charles W. Osborne, for many years Mr. Sage's confidential secretary, and Dr. Minn are named with Mrs. Sage as executors. Lawyers for the heirs who believed they had been overlooked were on hand at the surrogate's office ready to file notice of contest as soon as they had satisfied themselves of the provisions of the will. FAVORED MRS. HARTJE. Former Maid's Testimony Made Important Point For Respondent.

PITTSBURGH, July 28.—Susie Wagner, formerly maid in the employ of the Hartje household, in his suit for divorce, but by her testimony made an important point for Mrs. Hartje. That Susie Wagner received three letters from Mrs. Mary Scott Hartje while Susie was in Germany was brought out. Hitherto only two letters had been mentioned, one of them being the disputed letter known as exhibit No. 6. Miss Wagner said she gave the second letter to Ed Hartje in New York. Mrs. Hartje's attorneys have contended all along that exhibit No. 6 was a forged reproduction of another letter. The admission that the second letter reached the Hartje side two months before No. 6 is regarded as important in view of the contention of Mrs. Hartje's counsel.

Susie Wagner on cross examination admitted that she had received a letter from Mrs. Hartje which contained substantially the same things as are found in the exhibit No. 6 and which she says she gave to Attorney E. G. Hartje in New York. Although the new letter has been traced to the lands of Mr. Hartje's counsel by their own witness, it was not offered as a "standard." In order that she should not be further subjected to annoyance at the hands of rowdy detectives now guard Mrs. Hartje while on the street. Dates Rawlings New Trial. ATLANTA, Ga., July 28.—The supreme court of Georgia has denied the motion for a new trial for Jesse and Milton Rawlings, charged with complicity in the murder of the Carter children. The motion, which did not include J. G. Rawlings, who the negro Alf Moore, was made on the ground of newly discovered evidence. This evidence appeared to be the declaration of J. G. Rawlings, father of the boys, that he was guilty of the killing and that his sons were innocent. The execution of the quartet, which has been three times postponed, is now fixed for next Friday.

Three Military Camps Open. WASHINGTON, July 28.—Three camps of instruction for the regular army and national guard have been opened at Mount Gretna, Pa., Chickamauga Park, Ga., and Austin, Tex. Four additional camps will be established before Aug. 1 at American Lake, Wash.; Fort Riley, Kan.; Fort Benjamin Harrison, Ind., and Fort D. A. Russell, Wyo. The camps opened will be continued until Sept. 30 in charge of the regular troops, and militia troops will be constantly changing.

To Probe Standard Oil. CHICAGO, July 28.—Standard Oil company's methods of transporting its products are to be investigated on Aug. 6 by a federal grand jury that will convene in Chicago to take testimony on that subject. The decision to draw a special grand jury was reached after an all-day conference of government lawyers in the case. United States District Judge Landis then issued an order for the grand jury. Orator Dropped Dead. PROVIDENCE, R. I., July 28.—Dr. Jerome B. Greene dropped dead while making a patriotic address at Field Point at the annual outing of the Fifth regiment, Rhode Island heavy artillery, of which is lieutenant Dr. Greene was seventy-seven years of age. He was well known as a writer on historical subjects.

DOWIE LOSES ZION COURT ORDERS ELECTION OF A GENERAL OVERSEER. SUITABLE PROVISION FOR ELIJAH. Decree of Judge Landis, Says Deacon Lewis, Means, At Its Stand, That the Prophet's Church Is Uprooted. CHICAGO, July 28.—Judge Landis of the United States district court gave his decision in the controversy between the adherents of John Alexander Dowie and Wilbur G. Voliva over the property at Zion City. The court holds that Zion City and its industries do not belong to Dowie; that while the contributors of the funds did not express a formal declaration of trust, a trust was created, and Dowie had no right to treat the property as his own. The court refused to appoint Alexander Granger receiver for the reason that Granger made a vow recognizing

JOHN ALEXANDER DOWIE.

Dowie as "a messenger of the covenant, the prophet foretold by Moses and Elijah, the restorer," to which vow "all family ties and obligations and all relations to human governments shall be held subordinate." The court said he was not obliged to repose confidence in a man so constituted that, living in this republic, he would readily vow his readiness at all times to abandon his family and betray his country. The court ordered an election on the third Tuesday of September of a general overseer, all members of the church residing in Zion City, male and female, to have one vote. He announced that suitable provision would be made for Dowie on account of his services as trustee.

John C. Hatley was appointed receiver of Zion. Deacon John A. Lewis, who is recognized as the spokesman of Dowie and who was chosen by Dowie to manage the paradise plantation of Mexico, the rock over which, it is alleged, the Dowie and Voliva partisans split, had the following to say of the decision of Judge Landis: "If the decree of Judge Landis stands the Christian Catholic Apostolic church of Zion is uprooted."

Wreck on Boston and Maine Road. CONCORD, Mass., July 28.—One man was fatally injured, another in a critical condition, while three others were seriously shaken up as a result of an accident on the Fitchburg division of the Boston and Maine railroad at Concord Junction last night. A car on a local passenger train bound from Boston for Ayer Junction jumped the track on an open switch, dragging the engine from the track and overturning it. The engineer, George Clark of Ayer, died soon after being removed from beneath the locomotive. Baseball Franchise Is Valuable. ST. Bailey of the Cornell College of Agriculture advocated the reorganization of the rural school system in a summer school address last night "Education," he said, "must develop out of experience and not books, and the school should be the natural expression of its community. The rural school should express agriculture and the country life. This cannot be done by adding new subjects, but only by a new kind of teaching of customary subjects."

RED FRIAR. Brighton Beach Feature Won by Favorite in Close Contest. NEW YORK, July 28.—Three favorites, two second choices and a long shot divided the money at Brighton Beach. Chief interest centered in the handicap at one mile and a furlong. MAHARAJA DEPARTS Indian Prince Failed to See Beauty in Our Women. INDEPENDENT, FRANK; NOT LOVELY. Most Interesting Sights in America to Him Were Yellowstone Park, Grand Canyon, the Thousand Islands and Great Lakes.

NEW YORK, July 28.—"Sling no more the beauty of the American woman, for it's all a mistake." Thus spoke his highness the maharaja, Galkwar of Baroda, India, before sailing for Liverpool on the White Star liner Cedric. With his highness went his wife, the maharajee, and his brother, Sampatras Galkwar. Never has distinguished visitor sailed on the White Star line with the ceremony which marked the embarkation of the Indian prince. Captain H. J. Haddock of the Cedric, authority on court etiquette, planned a royal reception for him. A line of white uniformed officers of the ship was formed on each side of the deck, and as the party came aboard the officers saluted and the ship's captain came forward and welcomed the party. When asked his opinion of American women the prince slowly shook his head.

"I will tell you frankly," he said, "the American woman is independent, frank and self-possessed, and yet, though I had heard a great deal of her beauty, I failed to see it." The maharaja in speaking of his trip said: "The most interesting sight to me was Yellowstone park, Grand canyon, the Thousand Islands and the great lakes. Barring these the aspect of the country is too flat. It lacks grandeur and picturesque quality. 'While the press of this country is excellent, although rather impulsive,' he said, 'I believe that your so called yellow press is doing harm. It is purveying sensationalism rather than seeking to instruct.' While the press should seek to interest the high class, it should also seek to educate the lower class, for they should be educated as well as amused. 'It can be seen that this goal is not attained by the continual printing of sensational stories, murders, eloquent sermons, police cases and items which arouse the lowest rather than the highest in men.'"

Noted Surgeon a Patient After Using Knife Himself. VIENNA, July 28.—Professor Baron Eisberg, the noted surgeon of the Vienna university, after performing two difficult operations for appendicitis surprised his assistants by ordering them to clean the operating table and make preparations for a third operation, announcing himself to be the patient. The assistants, who were deeply moved, corroborated Professor Eisberg's opinion as to the necessity for an immediate operation, which was successfully performed. It seems that some weeks ago the professor experienced symptoms of appendicitis and had an alarming attack. He came to the university determined to be operated upon, but owing to the danger in the other cases decided to perform the operations himself.
