PROMINENT CITIZEN DIED LAST NIGHT

Wm. H. Shaw Died at Troy Last Night—Lived in Athens Twenty Years—Oldest Odd Fellow in the County

Athens—William Henry Shaw died at the home of Howard Cole in East Troy, Pa., last night after an illness of about ten days, aged 81 years. He was born in Sheshequin April 10, 1825, and was the son of Harry Shaw, one of the pioneers of that valley. He went to Rome while a young man and clerked in the store of Judson Holcomb, but in a few years was married to Mary Blackburn and returned to Sheshequin. He subsequently was in business in Towanda and Waverly, but came to Athens about 20 years ago, where he has resided ever since. His wife died about eight years ago and he afterward married a Mrs. Allen of Troy, who survives him. One daughter, Miss Myra Shaw, also survives him.

He was the second oldest Odd Fellow in Bradford county, he having joined the Monroeton lodge 50 years ago. When he went to Rome to reside he transferred his membership to the lodge in that place, where he has continued his membership up to the date of his death. He was a very earnest, enthusiastic Odd Fellow, cherishing the principles of the brotherhood as the truest incentive of honest living and sincere good fellowship. As a man he was the soul of integrity and has been highly respected all his life by all who knew him.

He and his wife went to Troy about ten days ago where he expected to take needed rest and recruit his energies in the invigorating atmosphere of that region. But he was taken with pleurisy and pneumonia developed and his case became so serious that his daughter

was sent for and she has remained with him up to the time of his death. His funeral will take place from the Sheshequin church at 2 o'clock Sunday afternoon and will be in charge of the Odd Fellows and he will be buried in the cemetery at that place.

PURCHASED A TIMBER TRACT

Athens—George B. Snell returned from New Foundland last evening. He, with Dr. E. B. Joachim, went to that place about ten days ago to negotiate a bargain for a large tract of timber land. They, with others, formed the Grand Lake Lumber Company, and they have purchased a tract embracing 101 square miles covering 64,000 acres. The country is wild and mountainous and filled with game of the most formidable kind, and the company will have some lively adventures as they manufacture the forests into lumber. They are surrounded by ocean, and Mr. Snell was reciting a very extravagant story to Stacy this morning about a ponderous iceberg he saw floating off the coast. Dr. Joachim left the train at Binghamton for the purpose of visiting his family in Montrose. He will reach Athens in a few days.

F. M. Brooks and a friend from Smithfield were driving down Main street yesterday afternoon in the vicinity of N. V. Weller's, when the horse became frightened at a street car and reared and struggled until he fell on the pavement. He was soon secured but in the fall a thill was broken and the harness somewhat put out of order. He mended up and resumed his drive home in a short time.

Permanent Dentistry

A quarter of a century ago we placed some gold fillings in the teeth to a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
